Noted Throat Specialists Report on 30-Day Test of Camel smokers...

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

Yes, these were the findings of noted throat specialists after a total of 2,470 weekly examinations of the throats of hundreds of men and women who smoked Camels—and only Camels—for 30 consecutive days.

"Camels agree with my throat!"

"The 30-Day Test was the first time I'd ever given Camels a real trial. Now I know how mild a cigarette can be! Camels for me!" H. Southwell, Jr., lawyer.

"Yes, I tested Camels for 30 days. I have real cigarette mildness. I'm smoking the brand that agrees with my throat—Camels!" Rita Tennant, secretary.

Meet Mr. and Mrs. Richard Cole of Fresh Meadows, New York, who made the test. Both found Camels the mildest cigarette they ever smoked.

ELAINE BASSETT, television stylist of New York City, reports on her 30-Day Test—

LONG BEFORE I GOT THE DOCTOR'S REPORT, I KNEW CAMELS AGREED WITH MY THROAT. THEY'RE THE MILDTEST CIGARETTE I EVER SMOKED! BEST-TASTING, TOO!

MISS BASSETT is one of hundreds, coast to coast, who made the 30-Day Test of Camel Mildness under the observation of noted throat specialists. She smoked Camels for 30 days. Her throat specialist's report, after careful weekly examinations—NO SIGN OF IRRITATION due to smoking CAMELS!

Yes, make the test yourself. Smoke Camels, and only Camels, for the next 30 days. See if it doesn't add up to more smoking enjoyment than you've ever known before. Compare Camels in your "T-Zone" (T for taste, T for throat). See if you don't find Camels the mildest, best-tasting cigarette you ever smoked.
