CORN LEADS GRAINS RALLY

CHICAGO, Nov. 8 (AP)—Grains firmed toward the close of today's board of trade session, under the leadership of corn.

New export business in corn, combined with light offerings and short coverings to give the grain a firm tone.

Wheat recovered from recent weakness on buying by mills against sales of flour to eastern bakeries. Observers said the correction was largely technical.

The close was strong and wheat finished 1 1/2 to 1 3/4 higher than yesterday's close, December \$2.11 1/2-1/4.

Barley was 1/4 to 1/2 higher, December 74. Rye was 1/2 to 3/4 higher, December \$1.38 1/2-1/4.

Soybeans were 1 1/2 to 3 cents higher, November \$2.22 1/2, and lard was 15 to 20 cents a hundredweight higher, November \$9.62.

Table with columns: Wheat, Dec, March, May, July; Open, High, Low, Close.

Truman Likes Ballet 'Very Much' WASHINGTON, Nov. 8 (AP)—President Truman attended a ballet performance last night and "liked it very much."

He gave this verdict to reporters after a two and a half hour performance by the Sadler's Wells ballet of England, touring the U. S. for the first time.

Truman and Mrs. Truman sat in the presidential box at Constitution hall. They joined in frequent applause and he nodded his head to the movements of the dancers and kept time to the music with his program.

PIONEER DIES FAIRBANKS, Alaska, Nov. 8 (AP)—William B. Litchfield, life member of the Pioneers of Alaska, was found dead yesterday in his hotel room. An autopsy was ordered. He was a member also of the Odd Fellows and Elks lodges in Eugene, Ore.

TARSAUS, a town in Turkey the harbor of which was visited by Cleopatra's fleets, is now an inland town 10 miles from the sea because of land washed down from the interior.

KLAMATH FALLS TRAVELERS now get better air service because of UNITED'S NEW YEAR-'ROUND DEPENDABILITY!

United now offers you a standard of all-season reliability never before available on commercial airliners. Within the past year alone, on-schedule performance over the Main Line Airway has improved 33%.

One Reason For This Improvement is United's more efficient use of its Mainliner fleet. Local flights are scheduled to "feed" into express DC-6 Mainliner 300s, thus giving all cities increased dependability on long flights. Then too, service to nearby cities is now more dependable because United's 2-engine Mainliners now are scheduled on short flights exclusively, where they operate most efficiently.

An Outstanding Operations Control Center in Denver allows United to monitor all flights over the 10,700-mile system every minute of the day and night. This, too, enables United to operate more efficiently, and to improve on-time performance.

United's Experience—United has flown more than 12 million passengers over six billion passenger-miles. From this background come seasoned, highly-trained men and women—the all-important people who make the dependability program work!

WHAT DOES THIS MEAN TO YOU? JUST THIS! Year-round air travel is here. No longer need you forego the speed and economy of flying because weather "looks bad" to you. Now you can FLY UNITED with a new assurance of comfortable, dependable travel the year around.
