

FIRE MARSHAL ROY ROWE this week presented fire captain, chief, assistant chief and marshal badges to various city schools Monday. Pictured are Eugene Samplanski, chief, receiving his badge, and Stanley Brooks, assistant chief, Pelican school. The badges carry a title and a fire truck picture and are presented through the courtesy of Klamath Theatres, Inc. Each boy and girl leaves the badge on their desk when they leave school, but they wear it at times during the day. Each officer has a specific duty during fire drill or in case of actual fire.

### Congressmen Hear Cattle Graze Kicks

ALTURAS—Cattle ranchers had their say this morning before two Western congressmen conducting a hearing here over proposed cuts in grazing permits on the northern end of the Modoc national forest.

Another forest service proposal is to put into effect a later date for cattle to be turned onto the Modoc range, and Dorris was outspoken against the issue.

Other cattlemen appearing against the forest service proposals this morning were Luke Miller, Harold Parman and Merrill Ward.

The forest service men were to have their inning this afternoon.

ing permits would tend to lessen the value of deeded land owned by the ranchers of the area, forcing them to raise fewer cattle.

### Council OK's Two Paving Bond Issues

Three ordinances brought up for final reading at the council meeting last night were approved, and one filed to gain the necessary number of approving votes.

Included among the approved were two for floating bond issues by the city to pay costs of Improvement Units 109 and 101.

The bonds issued to cover unit 101, paving of South 12th from Main to Klamath will total \$6127.80 and will be issued on January 15, 1950 to be recalled in ten years. Face value of the individual bonds is \$500.

A similar bond issue covering the \$23,246.68 costs of unit 101, paving of California from 3rd to 7th was also approved.

Thumbs Down

Disapproval was showered down by three of five council members on an ordinance covering sale of airport property to F. L. Somers, local construction contractor.

Somers had requested lease of a section of the large hangar at the airport for a two-year period, with a three-year renewal option.

The third ordinance to gain approval of the council was one prohibiting opening car doors without caution while a vehicle is parked on a public thoroughfare or alley in the city limits.

Penalties for violation of this law may be imposed up to, and including \$100 in fines, or 90 days in jail.

Tabled

Another ordinance that was brought up for and second reading was tabled for further study by members of the council.

The law, which would instigate setting up a city planning commission, was objected to in part by Councilman Condrey. Condrey said he did not approve of the portion which would permit appointment by any mayor of the planning commission's seven members.

According to City Attorney Henry Perkins there was nothing the council could do about the appointment setup, since state law requires that the appointments be made by mayors of municipalities in Oregon.

Dockmen Expected To Surrender

PORTLAND, Nov. 8 (AP)—The last of the 24 longshoremen accused of violence in the pineapple fight at the Dalles were expected to surrender to police here today.

Four appeared voluntarily at the police station yesterday, bringing to 20 the number of longshoremen who had given themselves up. All 24 were indicted by a Wasco county grand jury after a riot when workers went through a longshore picket line to attempt to unload canned pineapple from a Hawaiian barge September 28.

Those who surrendered yesterday were Robert T. Baker, president of the Portland longshoremen's local; Vernon G. Bletch, Joseph Miller, and Philip M. Gayeski, all of Portland. A spokesman said the remaining four would report to police today.

Merchants To Set Christmas Hours

Full plans for the Christmas opening will be made tomorrow morning when the Klamath Retail Merchants association holds its regular monthly meeting at the Winema hotel.

The breakfast meeting gets underway at 8 o'clock.

### Canal Fence Meeting Set For Tomorrow

Proposed fencing of the government canal will come up for airing at a public meeting to be held in the council chamber Wednesday night at 7 o'clock.

Goodrich Lineweaver, head of operations and maintenance for the bureau of reclamation will be at the meeting to discuss the project in an open forum.

Pushed

Action on the project came to a head earlier this year, when Councilman Alfred Condrey and G. C. Tatman attendants of a conference of government officials from the 11 Western states in San Francisco.

Later Assistant Secretary Gerard Davidson, department of the interior, wrote the council that Lineweaver would be in Klamath Falls and would discuss the project at that time.

Veep Named Year's Top Grandfather

CHICAGO, Nov. 8 (AP)—Vice President Barkley, who in 10 days is to become a bridegroom at 71, was named "grandfather of 1949" yesterday.

The award was presented to Barkley—who has seven grand-children—by the National Federation of Grandmothers and Grandfathers clubs.

Barkley, who came to Chicago to address the American Petroleum institute, said he had visited Mrs. Carleton Hadley, his bride-to-be in a St. Louis hospital where she is confined with the flu. He said she was "feeling better" but would be in the hospital for several days.

The vice president declined to discuss any honeymoon plans he and his 38-year-old fiancée have made.

The wedding is scheduled November 18 in St. Louis.

Chest Drive Catches Fire; Good Reports

### Mayor Will Congratulate Bend, Madras

Mayor Robert Thompson informed city council members last night that he is sending letters of congratulation to the mayors of Bend and Madras, Oregon, in connection with opening of the Warm Springs highway.

Dedication of the new highway, running through the Warm Springs Indian reservation, will take place at 11:30 a. m. Sunday, November 13, at Mills creek.

Condrey To Attend

Councilman Alfred Condrey said he would attend the services as he would be in Bend on the day previous.

In other action by the council payment of \$2650 to J. Paul Matthews, Klamath Falls auditor, was approved. The sum was pending on approval by the council of an audit report on the city budget for the fiscal years 1948 and 1949.

Councilman Matt Finnigan requested that immediate repair work be done on 3rd street from Grant to California avenue. The council moved that Finnigan meet with members of the street committee and the city engineer to see what could be done in that respect.

New Sewer

Councilman Wendell Smith reported that a drainage and storm sewer system is to be installed on Oregon avenue from Roseway drive to Addison. Monies for payment of the project are to be taken from the gas tax fund.

Police Chief Orville Hamilton requested that the police judge be granted authority to open bids for purchase of two motorcycles. The request was approved and Judge Leigh Ackerman said he would call for bids to be submitted November 21.

Victim

Eighteen-month-old Tommy Rightnour, shown here with his father Jess Rightnour, was battling pneumonia today in the Alturas General hospital and his condition remained critical. The youngster was found suffering from loss of blood and exposure in a haystack last Saturday night, victim of a butcher knife wound admitted to by his cousin, Dale Jennings, 12, (below). Dale is held in custody pending the outcome of Tommy's condition.

### City Building Permits Spurt, Total \$38,730

Building permits totaling \$38,730 were approved in action at the city council meeting last night.

Topping the list at \$10,000 each were permits for remodeling of a store building at 820 Main street, and additions to the Pentecostal Assembly of God church at 740 Oak street.

Remodeling of the store, formerly Whitman's Drug store is being done by E. B. Brostehous for Marvin Lucas.

Permit was granted Consumers Heating company, 320 Klamath, to install a boiler. Amount of the installation is \$3000.

A \$2000 permit was issued to Don-

ald Van Fleet of Van Fleet Electrical service to erect a warehouse at 202 Main.

Residence valued at \$7000 is to be erected at 2036 Reclamation and remodeling totaling \$1000 at 1800 Birch.

Other permits approved: a roof to residence at 433 10th, \$350; a bedroom, 2219 Oregon avenue, \$350; remodel residence, 234 N. 9th, \$300; new foundation for residence, 433 Division, \$400; garage roof, 344 Con-

grer, \$30; new roof for residence, 825 Pacific Terrace, \$800; new roof for Smith-Bates printing company, \$330; new roof at 2130 and 2134 Stukel, \$175 each; add room to residence at 172 Williams, \$500; repair roof of residence, 2318 Modoc, \$100; new roof for residence, 225 S. 9th, \$50; remodel garage, 1600 Crescent, \$50; new bedroom, 1749 Key, \$250; new porch, 508 Plum, \$250; new roof to office building, 835 Market street, \$750; remodel porch, 222 N. 8th, \$150; remodel porch, 809 E. Main, \$250.
