All County Schools Plan Education Week Programs

All Klamath county schools are giving time and attention to this week, American Education Week. These programs are planned in anticipation of excellent attendance by the parents. Every parent should make a real effort to become better acquainted with the schools and teachers during this week and every week of the year.

All schools have programs planned and if parents do not find the school their children attend listed, they may call the school for information about events and dates.

Window displays and posters will be featured in downtown Merrill this week, and both the grade school and high school will participate. Open house at the high school will be Thursday evening, and Thursday will also be visiting day at the grade school. There will be a PTA meeting on November 17.

At Summers school special exhibits of pupil work and teaching demonstrations will be shown each day until the end of the week, as these are visiting days. The PTA meeting was last Friday night.

School displays in downtown store windows in Mall are shown throughout the year. Parents are invited to visit the school any day they choose. Visiting days at Shevlin school

Other groups in this area benefiting from the Chest will be the Cub and Boy Scouts, Bluebirds and the Girl Scout troop meeting at Modoc Point.

Lorenz said all money directed for the TAC will be spent directly on its activities and people will not be solicited again this year for the teen-age center.

I want to thank the nurses and staff of Klamath Valley hospital for the wonderful care they gave my husband during his stay in the hospital. And I especially want to thank Dr. Robert Mueller for his untiring efforts and the hours and hours that he spent at the bedside of my husband, Bill.
