They were Mrs. Jim Baker, Mrs. Jack Baker, Mrs. Lew Bemis, Mrs. Leonard Bright, Mrs. Leon Brown, Mrs. Robert M. Brown, Mrs. Edson Chandler, Mrs. Dick Fairfield, Mrs. Mrs. Gus Hall, Mrs. D. F. On October 20 a meeting was called for the purpose of electing officers. The women chose Gertrude Good as their chairman, Pearl Henderson as vice-chairman, Vivian Huck as secretary and Marna Leath as treasurer. A social hour over cake and coffee was enjoyed at the close of this meeting.

First Meeting
On Tuesday, October 25 the first regular meeting of the year was held to install the officers and have the first demonstration which was "Holiday decorations with local greens." A past-chairman of the Bly unit, Mrs. Dave Campbell acted as installation officer. Mrs. Casabeer and Mrs. Bates also of the Bly unit led the demonstration. The visitors from Bly and all the new officers received corsages. The homemaker's creed, installation song, and pledge to the flag were part of the ceremonies. At noon a hot lunch was served. Following this a short business meeting and then the ladies got busy on some Christmas decorations following the instructions just demonstrated. Mrs. Frank O. Benchain of the Bly unit was guest at this meeting.

Chairmen
Chairmen of the various standing committees are as follows: membership and ACWW, Madge West; luncheon, Ramona Marks; recreation, Wanda Leatherwood; publicity, Eleanor Thomson; finance, Anne James; missionary, Eileen Brown; and Azalea House, Inez Chandler.

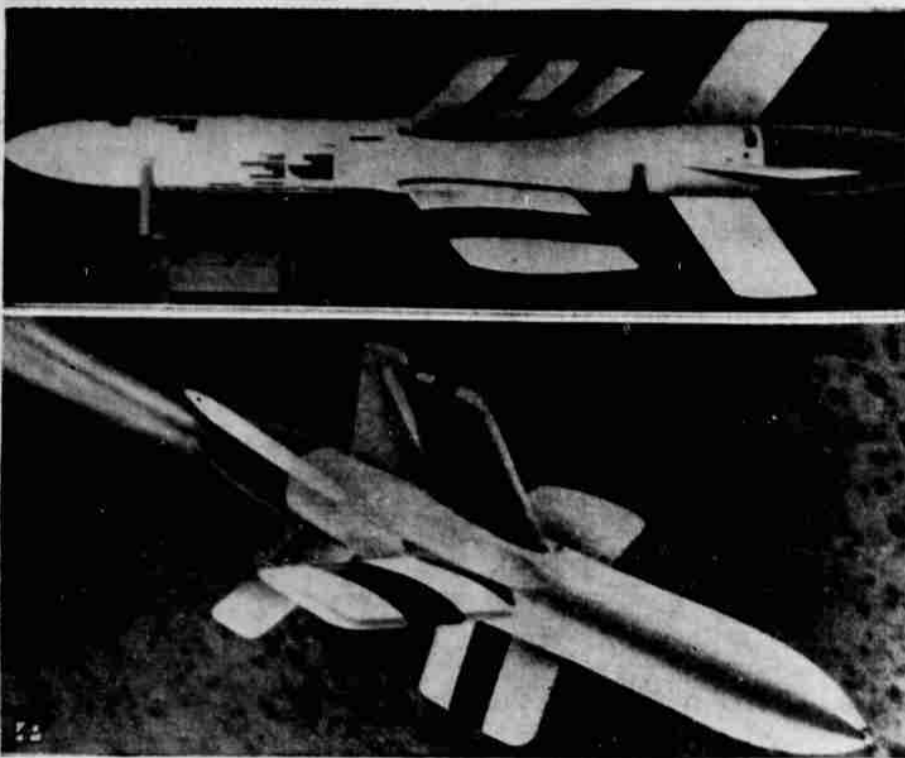

Project leaders were appointed by the chairman as follows: Herb Cookery, Gertrude Good and Marie Schlotfeldt; Wall Finishes, Wanda Johnson and Margaret Brown; Broiled Dinners, Mabel Rogers and Madge West; Cotton Dress Workshop, Dorothy Bright and Billie Hall. The second meeting of the year was held on October 31 from 10 a. m. to 3 p. m. and the group was honored to have Mary Glenn, the county home demonstration agent give the demonstration for the day which was "Streamlining Home Sewing as Applied to Blouse-Making." About half of the members made blouses following the very interesting demonstration, and the others present worked on a quilt which will be sold when finished to raise money for the Camp 6 unit. A hot noon lunch was enjoyed by all, followed by a short business meeting and then a continuation of blouse making and quilting. This unit hopes to have Miss Glenn visit us again at her first opportunity.

Another Chairman
One more committee chairman was appointed by Mrs. Good and that was Mary Baker to take charge of looking after the children during meetings.

Our meetings are held in the Scout Cabin, and it was with joy the women heard the news that the cabin is to be remodeled to make it a pleasanter and handier place for future meetings and social affairs to raise money.

The Firebird is a rocket-propelled fragmentation shell which seeks out and strikes its air target by means of a self-contained radar navigational system. Chest Drive Needs Push; Help!

By BILL JENKINS

THE latest check with the community chest boys shows that the drive is not going over with all the spontaneous enthusiasm that it might be cooking up. Many of the divisions are not in yet or have only a small percentage of the work done. That doesn't look good for the chest.

Of course, on the other hand, many of the sections have reported in in good order and are nearly through with their particular division. But we still have to keep in mind the same old story that was dinned into our heads at the start of the drive. If this one doesn't go over it means the end of the chest drives for Klamath county. And the start of a lot of separate drives to support the kind of community activities that we must have, just as any town must have them. So if you haven't done your part yet, get out and do it right away. Believe me, it'll save you both time and money in the future.

I GUESS I did more fumbling around on the Portland trip than usual because my mileage chart was way off. Actual figures on the new Portland route via Warm Springs cutoff is 301 miles as compared to 293 miles for the Willamette pass road. Longer in miles but shorter in time. And the time will depend entirely on you and how you want to drive.

THINGS along the highway always seem to go by trends. Now you can't drive any highway close to a major city without going past miles and miles of trailer lots, most of them filled with glistening, brand new trailers for sale. Looks like the manufacturers are hoping the US populace may take to the road in the near future.

MAYBE the populace is already on the road. It would take a major migration of some kind or another to support all the auto courts, motels and motor courts that dot the highways today. If they all make a living it is nothing short of a miracle. Maybe they have always been there, but it seems to me that there are a lot of new ones built

leaves, juniper, cones and boughs that were gathered in the country surrounding Keno.

Members present were, Mrs. Norma Lou McAbber, Alvie Howard, Maxine Griffith, Alice Cecil, Mrs. W. W. Wilkins, Mrs. William L. Heublein, Mrs. Daniel Wick, Mrs. Morris Parker, Mrs. Merl Anderson, Mrs. Leonard Ramsey and Mrs. Roy Hicks.

SHASTA-HOMEDALE

The Shasta-Homedale extension unit will meet Friday, November 18, at Joan's Kitchen instead of at the L. L. Barnes home as previously announced.

Those desiring to make "Holiday Decorations from Nature" are asked to bring equipment.

New members and visitors are cordially invited to attend.

U.S. Senators, Swedes Toss Harsh Words

ATHENS, Greece, Nov. 15 (AP)—The senators and the Swedes were still swapping harsh words today. Their dispute revolved around the reception in Sweden recently on a Europe-touring U. S. senate appropriations subcommittee. It also took in Sweden's need—or lack of it—for American financial aid, and the part Sweden played in World War II.

Sen. John L. McClellan (D-Ark) was the latest touring senator heard from. He said Sweden needed no American help, "profited greatly during the past war and has one of the highest living standards in the world."

"In the case of another international crisis," McClellan added, "she'd go with whoever looked like the winner."

Sweden's press yesterday directed such words as "liar" and "twaddling nonsense" at the senate subcommittee chairman, Sen. Elmer Thomas (D-Okla.). He started the whole fuss when he told reporters in Vienna Saturday that government officials in one country "acted as if they did not know we were within a thousand miles of the place."

Other committee members said Thomas was talking about Sweden. The Oklahoma senator confirmed this today.

Sweden's biggest newspaper, the liberal Dagens Nyheter, termed Thomas' remarks "twaddling nonsense" and expressed doubts about

every month, and none of the old ones seem to go out of business.

the senator's "mental acumen and his qualifications to represent abroad the mightiest country in the world."
