Peak Ages

ATHENS, O. (AP)—A professor at Ohio university, after a survey, has compiled figures that indicate that hockey players reach their competitive peak sooner than athletes engaged in most other sports. Hockey players are at their peak in the 24-2 year span, he says, football players at 25, fighters from 26 to 30 and baseball players at 28.

Annual Grid Feast Set for December 6

The annual Pelican football banquet, sponsored by the Lions club, is definitely set for December 6, 6:30 p.m. in the Willard hotel. Chuck Bonney, Lions' school activities committee chairman, announced this week.

Main speaker at the yearly football feast will be L. H. Gregory, sports editor of the Oregonian.

The turkey dinner will be open to the public. Tickets can be bought at Hal's sports shop. Presentations will be made to the "most inspirational" player and also to the outstanding lineman. An award, new this year, will be made to the player who compiled the best gridiron notebook this season, one of the requirements for Pelican grid-ders. The Lions club has tentatively lined up an action film of the 1949 year.

Rubber Game

EVERETT, Nov. 24 (AP)—Two of the strongest junior college football elvans in the west—Everett and Santa Rosa, Calif.—clash in the first annual Everett Shrine Bowl here today.

With victory will come the edge in the two teams' three-game series. Everett posted an 18-6 win here in 1947 but the Californians took a 14-6 verdict in the Redwood Bowl last year.
