GRAIN FUTURES MAKE GAINS

CHICAGO, Nov. 26 (AP)—Firmness in cash prices, more export business and news that margin requirements will be reduced Monday spurred buying in grain futures on the board of trade today. In active dealings, the market went to new highs on the current advance.

The market got off to a firm start, suffered a slight decline around mid-day in the session from profit-taking, and then came on back to push ahead of the previous tops. Export houses bought corn. Mills took a little wheat. Other cereals followed the leaders upward.

New seasonal highs were made by December and March wheat, March and May corn and December and May oats. News that a lake steamer carrying 193,000 bushels of Canadian wheat and 90,000 bushels of Canadian rye was on its way here had little influence on the market.

Wheat closed $\frac{1}{4}$ - $\frac{1}{2}$ higher, December $\frac{1}{2}$ - $\frac{1}{4}$ higher, corn was $\frac{1}{4}$ - $\frac{1}{2}$ higher, December $\frac{1}{2}$ - $\frac{1}{4}$ higher, oats were $\frac{1}{4}$ - $\frac{1}{2}$ higher, December $\frac{1}{2}$ - $\frac{1}{4}$ higher, soybeans were $\frac{1}{4}$ - $\frac{1}{2}$ higher, December $\frac{1}{2}$ - $\frac{1}{4}$ higher, and lard was $\frac{1}{4}$ to $\frac{1}{2}$ cents a hundred pounds higher, December $\frac{1}{2}$ - $\frac{1}{4}$.

Dec.	2.15 $\frac{1}{2}$ -2.16	2.16 $\frac{1}{2}$	2.15 $\frac{1}{2}$	2.16 $\frac{1}{2}$ - $\frac{1}{4}$

Stock Market Levels Off

NEW YORK, Nov. 26 (AP)—The stock market leveled off today after Friday's slide.

For a while it appeared likely that an advance was shaping up but there was no follow-through to demand. Fractional gains, though, were in the majority.

Business started off at a smart rate, then slowed to a walk after overnight orders had been taken care of. Turnover totaled around 400,000 shares for the two-hour session.

Magnavox was again a soft spot following Friday's $\frac{1}{2}$ -point loss. The stock dropped another point or so. Stockholders are scheduled to vote on a new financial program for the company on December 12.

Higher prices were paid for Bethlehem Steel, Chrysler, Packard and Goodyear, Douglas Aircraft, Kennecott Copper, Dow Chemical, Union Carbide, Philip Morris, Westinghouse Electric, Union Pacific, Standard Oil (NJ), and U. S. Gypsum.

Lower were Woolworth, United Aircraft, Schenley, Armiral Corp., Homestake Mining, Gulf Oil and Johns-Manville.

Corporate bonds moved narrowly.

Firemen Plan Dance For December 10

The suburban volunteer fire department will employ the same system as that used last year in selling tickets for its second annual dance scheduled for the armory the night of December 10.

One truck will be put into service in the house-to-house ticket sale. The truck will be equipped with a two-way radio set so the equipment can be put into service at any time in the event of fire.

Pappy Gordon will make a special trip to Klamath Falls with his band to play for the annual dance. Gordon has been playing in California in recent months.

The house-to-house ticket sale started today.

Vets Get Big Contribution

CHICAGO, Nov. 26 (AP)—The American Veterans committee has announced a \$50,000 contribution from Mrs. Anita McCormick Blaine, daughter of the reaper king, Cyrus Hall McCormick.

The \$50,000, said Gilbert Harrison, AVC national chairman, was given by Mrs. Blaine in memory of her son, Emmons Blaine Jr., who was killed in World War I.

The donation, which Harrison said was "totally unexpected and un solicited," was announced by Mrs. Blaine last night at the AVC's fourth annual convention banquet. It was made after several speakers had pledged their veterans' insurance dividends to back a 1950 membership campaign.

LIVESTOCK

CHICAGO, Nov. 26 (AP)—Hogs, cattle and sheep were quoted nominally steady today at the end of a week which saw sharply advancing prices in most categories. The range on hogs was \$13.50 to \$16.50, the latter the week's top scored yesterday.

The week's upturn here and at other markets carried prices well above the government guide. Next week, and for all of December, the guide will be \$14.75.

Stewers and yearlings gained 50 cents to \$1.00 while heifers were steady to 50 cents higher. A load of rejects from the livestock show sold at \$43.50, another new all time high.

The sheep market became very active during the week. Good and choice 80 to 98 pound lambs closed the week 25 to mostly 50 cents higher with \$24.25 freely paid.

Postal Employees Get Set For Christmas Gift Flood

Postmaster Burt E. Hawkins opened the Yuletide season officially today.

He issued his annual appeal for early mailing of Christmas greeting cards and gift packages.

The postmaster expects the greatest flood of Yuletide mail in local history. He predicted it would exceed "by a considerable margin" the record breaking 1948 holiday season when 869,469 pieces of letter mail were cancelled. Hawkins explained no record was kept of the number of pieces of package mail since they are not sent through a cancelling machine.

Strain

"This year's deluge of Christmas mail will strain post office facilities," he stated. "But we'll get everything delivered by Christmas, if the public cooperates wholeheartedly."

Christmas packages for distant states should be mailed by December 5, he declared. All Yuletide parcel post should be on its way by December 10.

Christmas cards directed to other states should be deposited by December 15. Greetings for local delivery should click through the stamp cancellation machines at least a week before Christmas.

Extra Help

Preparations to handle this Yuletide rush have already begun. The post office is training extra mail clerks and carriers, setting up new sorting tables, hauling out reserve mail sacks, and overhauling delivery trucks. Thousands of new postage stamps are on hand, and the post office pens are all getting new points.

To keep Christmas mail on schedule, the postmaster asks that you—

1. Stop at the post office next week and purchase the extra stamps you're going to need, thus avoiding last-minute crowds. When buying stamps for Christmas cards, bear in mind the advantage of sending the cards as first class mail; also the fact that the rate for unsealed cards has now been increased from one and one-half to two cents each.
2. Check and revise your Christmas address list this week-end. Purchase your Christmas cards early and address and stamp them completely and properly. And mail the cards early!
3. Lay in adequate supplies of heavy cardboard, sturdy brown or wrapping paper, strong cord, and printed fourth class labels for wrapping parcel post.

Limits

Packages are limited to 70 pounds in weight, and must not measure more than 100 inches in length and girth combined. Repeat the address inside outer wrappings, in case of damage in transit.

If you are inclined to worry about the recipient peaking, the postmaster advises pasting "Do Not Open Until Christmas" stickers on packages and the backs of greeting card envelopes.

Good St. Nick Gets Chilly Dunking

GALLIPOLIS, O., Nov. 26 (AP)—There was a slight hitch in a visit by Santa Claus to Gallipolis yesterday.

Oh, the kids got their candy, and pats on the head, and a smile. There were more than 1000 of them. And they were happy about the whole thing before it was over.

But, you see, Santa Claus, who was supposed to parachute into public square, miscalculated. He hit the middle of a very cold Ohio river, instead.

"Santa Claus is drowning," screamed the kids.

"Let's go," said the crew of a rescue boat.

There was no comment from Santa Claus. He was too cold.
