Woman of Week Cafeteria Supervisor

Mrs. C. H. Barnstable, our "Woman of the Week," has recently tackled the job of supervisor of the city school cafeterias, including seven grade schools, and Klamath Union high school.

If you think arranging a menu to suit a family of four or five is a difficult task, imagine trying to please approximately 1200 children every day! That is what Mrs. Barnstable does.

Her job entails making menus for the schools, banking, and filling out periodical government reports.

Mrs. Barnstable was a home economics teacher for several years, and that experience is coming in handy now, when a knowledge of food and nutrition is so essential.

Our "Woman of the Week" has little time for outside activities now, but when her two children were growing up she kept busy with PTA work and the problems of raising a family.

The Barnstables have lived in Klamath Falls since 1921, and now reside at 123 High street.
