

Government Starts Tax Pull Tomorrow; Here's Important Date Sched

WASHINGTON, Dec. 1 (AP)—The biggest harvest of the tax season starts tomorrow.

The government expects to reap \$15,000,000,000 tax dollars—some 40 per cent of annual revenue—over the next three months.

Corporations must make final payments of tax on 1948 income tomorrow, giving the government its last crack at last year's record high profits. A decline in corporate income tax collections is expected after that, reflecting lower 1948 profits.

First

The tax focus after tomorrow will be on individuals, who finished 1948 income tax payments last March but in many cases have something to do about 1949 income taxes ahead of the general deadline for paying them next March 15.

lawyers, other professionals, persons owning their own businesses, and higher-bracketed salaries workers who pay outside or in addition to taxes withheld from regular pay.

Jan. 31—Deadline for employers to furnish their employees with the tax form (W-2) that shows the workers how much income tax has been withheld from them during 1949.

Feb. 15—First mandatory date for employers to deposit for the IRS from wages for income taxes and social insurance.

Feb. 15 also is the deadline for the tax collector to various payments not covered by withholding taxes, such as:

Rent payments of over \$600 during 1949 that were made to an individual landlord (no return required on payments to a corporate landlord or a landlord's agent); government's benefit 1950 withholdings to house servants which totaled over \$600 in 1949 and weren't covered by withholding; corporation payments of over \$100 in dividends to individuals, and similar payments for interest or other obligations—a doctor's bill, for example—in excess of \$500.

Check
The government checks this information against the income tax reported by those who got the payments. It sometimes catches in this way chiselers who tried to hide out income on their tax returns.

March 15—The deadline not only for 1949 individual income tax payments, but also for initial 1950 income declarations and first quarterly tax payments by individuals subject to declaration requirements; also, for corporations, the beginning of 1949 income tax payments.

48,750 Visitors For Fremont

Visitors to the Fremont national forest during 1949 amounted to 48,750 people, reports Merle S. Lowden, forest supervisor.

This is an increase of 3200 visitors over 1948. Nearly half of the visitors were hunters and one-third were fishermen. Campers, picnic parties, skiers and other recreationists accounted for the remainder.

Many persons were able to use the Fremont Highlanders' ski area in Warner canyon last winter, said Lowden. The snow was deeper and remained on the ground longer than for several years, permitting a longer winter sports season, and attracting many persons from Klamath Falls and other nearby towns.

Fremont forest rangers report more hunters in the woods the first week-end of deer season this year, as compared to 1948. The rangers also reported more fishermen during the summer than during any previous year.

Experienced Employees Available

Employers can be furnished almost any type of help, screened to the experience required, Manager Jack Almeter of the local Oregon state employment office announced today.

Now that seasonal operations have slowed for the winter many qualified workers, both men and women, are out of work. Most of these people have registered at the Oregon state employment service, listing skills and abilities together with past employment history.

If you have any work to be done, steady or part-time, contact the Oregon employment service, phone 7701, Almeter urged.

New Road Link Slated

Construction on 17.91 miles of the Chiloquin-Sprague River section of the Sprague river road in Klamath county will be among the jobs in Oregon's 15 counties when the state highway commission holds its regular monthly meeting in Portland Monday and Tuesday.

Aggregate amounts involved in the various projects is estimated at approximately \$1,800,000.

HIGH SCHOOL News and Comments

By Flo Ann Perkins

The Latin club party held last night in the YMCA was a "hobo party" with most of the club members and their guests attired in all sorts of outlandish get-up. The decorations too, were equally outlandish with a garbage can, an old tin washtub and a cardboard flophouse scattered about one of the rooms.

The food served was spaghetti and meatballs served in tin or paper dishes. So the party was strictly a replica of "hobo heaven."

Senior Who's Who voting will be carried on by the seniors either this week or next, according to El Rodeo Editor Louise Linman. Every year seniors vote a girl and a boy from the class to fit such titles as cutest smile, best dancers, most studious, best personality and lots more. Those voted have their pictures in the El Rodeo and it is one feature kept secret by the staff until the annuals are out in the spring.

All seniors, social economics students and one period of junior history and civics heard a talk on India yesterday from Dr. Sword, just recently returned to this country. Dr. Sword gave those assembled in the auditorium a glimpse of India today and told of his acquaintance with Mahatma Gandhi and Prime Minister Nehru.

Krater staff members are selling stationery all this week to students in home room period. The stationery is imprinted with a pelican emblem and "Klamath Union High School" across the top. The various projects is estimated at approximately \$1,800,000.

On December 20 elections will be held to name members of the tribal business committee and the tribal enrollment committee.

Cake Pan Helmet Didn't Fit

CHICAGO, Dec. 1 (AP)—Michael Thomas Sullivan, 3, tried his mother's new two-piece cake pan on his head for size yesterday and was up to his neck in trouble.

Michael removed the bottom from the pan and put the rim which he thought made a fine helmet—over his head. The pan didn't come off as easily as it slipped on.

Michael howled and his mother, Mrs. Jane Sullivan, 26, telephoned a fire rescue squad. Firemen used a hacksaw to cut the rim off the boy's neck.

FCC Radio Bars Criticized

PORTLAND, Dec. 1 (AP)—Justin Miller, president of the National Association of Broadcasters, was critical here yesterday of what he said

was the "deadening effect" of government control of radio.

He told the Rotary club this country was the only "real oasis of free enterprise broadcasting in a world of government control." He said radio industry leaders must be alert to possible encroachment by the federal communications commission.

He is here for a district broadcasters' meeting today.
