Yellow Grains Spiral Upward

CHICAGO, (AP) — A revived export demand for cash corn sent yellow grain future spiraling upward on the board of trade today. Corn gained around 2 cents at one time. Coming close to making new seasonal highs.

Soybeans also were stronger after sinking at the start.

Some more rain in Canada helped wheat, although the December contract lagged on the advance.

Wheat closed ¼ lower to ⅛ higher, December $2.47-2.46¼, corn 1 to 1⅝ higher, December $1.76⅝-¾, oats unchanged to ⅛ higher, December 87c, rye (new style) 1⅞-2¼ higher, December $1.83, soybeans ¼-1¼ higher, November $2.82⅝-¾, and lard 2 cents lower to 18 cents a hundred pounds higher, October $17.15.

French Stop Red Attacks

SAIGON, Indochina (AP)—French army headquarters said today that French airforce planes, diving between mist-shrouded mountain peaks, plastered Communist-led Vietminh troops with flaming napalm to halt two assaults on Nghia Lo.

Vietminh infantry attacks on the northern and eastern approaches to the city—largest town in the Thai federation, 90 miles west of Hanoi — were crushed with heavy losses, they said.

A communique said that intervention of B-26 bombers and Hellcat and Bearcat fighter planes—given to the French by the United States—swarmed over the area and helped the outnumbered Thai partisan defenders to withstand the Vietminh ground assaults.

Timber Power Problem Eyed

EUGENE, (AP — Southwest Oregon's lumber industry and its relation to power supplies held the center of attention today at the Bonneville advisory committee meeting.

But prior to a panel and general discussion on the topic, the whole Northwest region's development in the light of both long range and short range power outlook came in for examination by William A. Dittmer.

Dittmer, power manager for the Bonneville administration, went to the speakers' stand yesterday to say that after world war two "we were wasting 400,000 kilowatts of good firm power" for a while and as a result opinion on what to do was divided. So, he said, a construction program outlined in 1945 was not put into effect.

That 1945 program had been outlined by Erwin Heaton, Bonneville's program co-ordinator. He said if it had been followed, Hungry Horse, McNary, Detroit and Chief Joseph dams would now be in production. But since it was not followed, Hungry Horse generation will start in 1952, McNary and Detroit in 1953, and Chief Joseph in 1955.

Acheson Says Reds Opposed

WASHINGTON (AP) — Secy. of State Acheson informed senators today the United States will continue to oppose recognition of Red China and admission of the Peiping regime to the United Nations.

The government also will is opposed to turning the Chinese Nationalist island of Formosa over to Communist China, the secretary said in a letter to Sen. H. Alexander Smith, R-NJ.

Smith read the letter into the record at a senate foreign relations subcommittee's hearing Pres. Truman's nomination of Ambassador-at-large Philip C. Jessup as a delegate to the United Nations.

Acheson's views regarding Red China paralleled those of Jessup as outlined to the subcommittee last night.

Jessup has been accused by Sen. McCarthy (R-Wis) of having followed "all the twists and turns of the Communist line." Jessup has denied the charge under oath.

Just before Smith read Acheson's letter at today's session the New Jersey senator told Jessup: "I have known you too long to have any doubts about your loyalty and integrity. I know darn well that you are not a Communist."

Lost Hunters Turn Up Safe

Two hunters reported lost yesterday afternoon turned up safe enough a few hours later.

One was Leon Richardson, 56, Keno, who was reported to have gone deer hunting Wednesday and to have been last seen noon of that day on the old Keno-Worden road.

He didn't return Wednesday night and yesterday afternoon an alarm was turned in for him.

Because Richardson was driving a pickup truck and KFPA firefighters saw such a truck near Chase mountain, a crew went back to the mountain last night. After the Klamath air search and rescue unit had alerted its men for a hunt, Richardson heard that he was supposed to be missing and called in.

He was hunting in the Swan lake area, on the opposite side of Klamath Falls from where he was being sought.

The second hunter reported lost was John Willing, 69, of Portland, in the Bear Flat area at the far northern part of the county.

Willing wandered away from his party Wednesday.

But he came across the Fremont highway and hitched a ride in to Silver Lake.

Federalists To Organize

An organizational meeting for the United World Federalists has been scheduled for tomorrow night at 8 in the city library auditorium with Pres. Neil Potter and executive Harold Hirsch on hand.

The organization, which covers the nation in activity, plans to start a chapter here.

It's activities include discussions of United Nations and world peace problems.

Stratemeyer To Retire

TOKYO, (AP—Lt. Gen. George E. Stratemeyer, who commanded the Far East air forces through the first year of the Korean war, will retire soon because of ill health.

The FEAF said in a release the general and Mrs. Stratemeyer will leave Japan by ship in November enroute to Winter Park, Fla. There the 61-year-old Stratemeyer, a veteran of 36 years military service, will await orders retiring him for physical disability.

Stratemeyer was stricken with a heart attack last May. He was hospitalized two months.
