Lake Highway Bids Sought

For the fourth time in less than a year the state highway commission is calling for bids on a 12.27 mile improvement job on the west side Upper Klamath lake highway. In December, 1950, and in July and August of this year bids on the south end of Howard road, a new road that is for a stretch skirts along the lakeshore and eliminates dangerous cutbacks and hills of the present road. Another project at the same time bids are due in on another Klamath county project on U. S. 97 in the Gilchrist-Crescent area. The west side lake road project is for paving from the vicinity of the Geary ranch up to the south end of Howard road. The road is to be a two-lane road with a paved shoulder for a stretch skirts along the lakeshore and eliminates dangerous cutbacks and hills of the present road. A new bridge over Geary canal is also included. The state recently has done some work exposing materials to be excavated and in developing tote roads so bidders can get a better idea of the work, and Weyerhaeuser has done some logging along the new route. Completion is scheduled for November, 1952.

Weather Bad, Many Killed

By The Associated Press Ten persons were killed Sunday as rough weather slammed the country from the Mississippi valley to the North Atlantic states and Eastern seaboard. In the Northeast, high winds, thunderstorms and driving rain raised havoc. Topped telephone poles and power lines cut off electric and telephone service to thousands, particularly a round New York City and New Jersey. In New York, heavy rains poured water into subway tubes, interrupting service on several lines in Brooklyn and filling one tunnel with three feet of water. Wind-churned seas threatened craft on the Great Lakes and off the Atlantic coast. Storm warnings went up on all the Great Lakes except the Ontario. Off the Eastern coast, the coast guard received numerous distress calls from small craft. Seven of the 10 deaths attributed to weather conditions occurred on highways. A bus skidded off a slippery road at Gainesville, Va., killing five and injuring at least 15. Two servicemen were killed in Philadelphia as their car skidded on a rain-soaked highway. PLANE CRASH A plane crash in which three air force men were killed was believed to have occurred about midnight Saturday near Fort Knox, Ky., during a thunderstorm. The Washington, D. C. area had a partial blackout as lightning hit transformers, disrupting power service. New York City took a heavy dose as more than two inches of rain fell within a 12 hour period late Sunday and early Monday.

Yanks Inch Upward On Heartbreak

U. S. EIGHTH ARMY HEADQUARTERS, Korea, (AP)—A thin line of dog-tired American infantrymen today edged toward the top of the last Red-held peak on craggy Heartbreak ridge in Eastern Korea. Last reports put them within 200 yards of the summit. Communist grenades and machinegun fire poured down from Red bunkers above as the troops of the U. S. second division's 23rd regiment fought forward foot by foot and bunker by bunker. Across the Mundung valley to the west the ninth regiment of the second division fought fiercely-resisting North Koreans near the crest of Kim Il Sung ridge, named by the Reds for the North Korean Premier. A pooled dispatch from the front said the doughboys took several small hills. Their progress toward the ridge, however, was slowed by Communist artillery and small arms fire. BELL TAKEN Between Kim and Heartbreak, infantrymen of the 38th regiment, also of the second division, slashed northward and captured a small hill. Tanks attached to the regiment moved into the valley and pounded Red positions on Kim. Other Allied tanks rolled into Satae east of Heartbreak for the third straight day. They opened point-blank fire on the Reds but received heavy artillery fire in return. South Korean troops captured a high peak overlooking the Punchbowl east of Satae and Heartbreak but a Red counterattack forced them off by nightfall. The ridgeline and valleys echoed to the roar of 37 Allied warplanes that bombed and strafed Red positions. Across the war torn peninsula the West's front British and American infantrymen ground slowly forward on both sides of the upper Imjin river against bitterly resisting Reds. U. S. fifth air force warplanes were out in strength Monday. F-16 jet-bombers relentlessly pounded Red road and rail facilities. U. N. pilots said they cut rail lines in more than 60 places in Western and Northern Korea. In pre-dawn attacks on the East coast, fifth air force pilots said they spotted 1800 Red vehicles and destroyed at least 125. Two trains were attacked but results were not observed.

Four cases of overcoats, a case of cowboy hats, an overcoat, wool cap, case, leather case, leather gloves and other items were taken. A case of straw hats apparently tossed behind a billboard by the thief was recovered. Giants Fall Victims Of Reynolds

By JACK HAND NEW YORK, (AP)—Allie Reynolds evened the World Series at two games each today by pitching the New York Yankees to an eight-hit 6-2 victory over the New York Giants before 49,010 fans at the Polo Grounds.

While the sturdy Indian from Oklahoma City turned back the Giants, his mated ripped into Sal Maglie and Sheldon Jones for 12 hits including a two-run homer by Joe DiMaggio in the fifth. Reynolds had singled home the tie-breaking run in the fourth. DiMaggio, snapping his hitless slump with a single and homer, hammered one of Maglie's pitches into the upper left field seats some 350 feet away. It was DiMaggio's eighth home run in 10 series, leaving him some distance behind Babe Ruth's all-time high of 15.

The Giants who pummeled Reynolds hard to win the opening game, 5-1, found Allie a different pitcher in the fifth. Allie, who had lost his home run in the first inning and daring curve and slider past the hitters, the 33-year-old righthander had serious trouble with only one man, Al Dark. The giant shortstop hit three straight doubles before he ground into a double play in the eighth. WOBBLE In the ninth Reynolds wobbled and Mgr. Casey Stengel rushed Bob Kuzay and Johnny Sain into fast bullpen action. A walk to Hank Thompson and singles by Monte Irvin and Bobby Thomson gave the Giants a second run. With two men on base, Willie Mays bounced into a gem-ending double play.

Backed up by a tight defense, that tied a series record with four double plays, Reynolds evened matters with two wins each. They played the fifth straight game at the Polo Grounds tomorrow and then return to the Yankee stadium Wednesday if a seventh game is needed. It will be played Thursday at the Polo Grounds. GIANT SCORE Dark's first double off the left field wall in the first inning, followed by an infield out and Monte Irvin's single gave the Giants a 1-0 lead. Gene Woodling's bloop dougie to left, an error by Bobby Thomson on Gil McDougald's bouncer and Joe Collins' run-scoring single tied the score. Reynolds' second in the fourth followed by a single of Bobby Brown and a walk to Collins broke a 1-1 tie.

Giants fans, still thrilling to the exciting play, had their hopes in the ninth when Hank Thompson walked and Irvin singled with nobody out. After Lockman singled to Woodling, Bobby Thomson singled home Hank Thompson. Mays then rapped into the double play. Monte Kennedy, the third Giant pitcher, blazed through the Yankees in the ninth after Jones departed for a pinch hitter. MONEY The day's receipts of \$233,867.85 boosted the series total to \$1,099,141.92. A record player pool of \$560,562.87 resulted. That meant the winning club will divide \$235,436.20 and the losers \$156,957.45.
