MARKETS and FINANCIAL

Scattered Sales Nip Futures

CHICAGO, (AP) — Grain and soybean futures ran into scattered selling today after three days of advancing prices.

Only wheat held its losses to fractions most of the time. The tense foreign situation helped bolster wheat. There also were reports that flour millers are advancing their prices of family flour another 10 cents per hundredweight, on top of yesterday's boost of 20 cents.

Wheat closed unchanged to ⅜ lower than the previous finish, December $2.52¼-$2.52, corn was down 1¼ to 1¾ cent, December $1.78⅝-½, oats were ⅝ to ⅞ lower, December 89¼-⅛, rye (new style) was down ¼ to 1, December $1.89, soybeans were off 2 to 3 cents, November $2.93¾-⅞, and lard was 5 to 27 cents a hundred pounds lower, October $16.90.

Wheat—

	Open	High	Low	Close
Dec.	2.53-52⅞	2.53¼	2.51⅞	2.52¼-52
Mar.	2.56⅜-¾	2.56¾	2.55⅝	2.56-56¼
May	2.56-55¾	2.56	2.54⅞	2.55⅝-½
July	2.47½	2.47¾	2.46⅝	2.47¼-⅜

Steady Sales Drop Most Stocks

NEW YORK, (AP)—Stock prices drifted lower in today's market although a few favorites attracted good support.

Selling never became urgent. But it was fairly steady and most issues showed little inclination to recover. Most losses were held to less than a point.

The market appeared to be suffering more from lack of interest than from any downward pressure. Transactions totaling around 1,450,000 shares for the day were well below the level of previous sessions this week.

Support was concentrated behind some selected stocks that scored gains ranging to as much as five points and held onto their advances fairly well. These included Amerada Petroleum, Texas Pacific Land Trust, U.S. Rubber (touching a new 1951 high) American Zinc and Deep Rock Oil.

Dye Spotted In Sea Search

WESTOVER AIR FORCE BASE, Mass., (AP—A smear of yellow dye was found on the sea today 490 miles east of Cape Cod by a search plane seeking a missing stratofreighter and her crew of 11.

Westover officers said the dye marker was sighted by Capt. Lewis Randolph of East Rutherford, N. J., flying a C54 search plane, at 9:30 a.m., and that it was consistent with dye carried in penumatic rafts used by planes.

Capt. Randolph reported he did not see a raft.

Capt. Rutherford's report added impetus to a search already speeded up by reported light flashes in the area last night.

Eighteen search planes had converged on that section of the Atlantic, about 150 miles south of Sable Island, N.S.

Sighting of dim intermittent lights on the North Atlantic early today buoyed hopes the men of the stratofreighter— big double-decked, four engined cargo carrier —will be found. The transport disappeared Monday.

Live Shell In Shoulder

WITH U.S. FORCES, Korea, (AP—Doctors cut a live three-inch armor-piercing shell from the shoulder of Pvt. Arthur C. Barree.

Why the shell didn't explode when it hit Barree "is one of those unanswerable miracles," said Lt. Joseph A. Maanti, New London, Conn. He helped with the operation.

Two experts stood by giving advice on how to keep the shell from going off during the operation. They are Lt. Richard A. Lyne, Bradford, Pa., and Sgt. Reddick F. Simmons, Magnolia, Miss.

Medical officers said Barree is "in good shape" and should suffer no permanent injury. Barree is a son of Mrs. Lillian M. Steele, San Francisco.

Spud Banquet Speaker Able

MERRILL—John M. Swarthout, professor of political science, Oregon State college is rated as one of the most able speakers on the Pacific coast.

He will talk during the annual banquet of the Klamath basin potato festival here Friday night in the grade school gymnasium on "These Disunited States."

Prof. Swarthout was a member of the Little Hoover committee, the legislative interim committee, first of a number that accomplished its goal in getting a government reorganization program through the Oregon state legislature. He served with Senator Phil Hitchcock, Klamath Falls.

Tickets are still available for the dinner to be served at 6:30 p.m. by the ladies aid of the Merrill Presbyterian church. Turkey and all the trimmings will be on the menu.

Queen Polly Haynes will be crowned to rule over the 15th annual fete and with her bevy of princesses will be introduced during the dinner.

There will be other entertainment.

New Concert Season Set

The 1951-52 season of the Klamath community concert association is to be inaugurated Friday, November 9, at the Pelican theater.

First of the three attractions for the season is to be Robert Shaw's 30-piece symphony orchestra and 30-voice chorale.

Shaw is no stranger to these parts. He is a native of Red Bluff, born there in 1916, and since studying music and being graduated from Pomona college, Claremont, has gained nationwide fame as a choral conductor.

Slated for the series besides Shaw's organization are Mata and Hari comedy dance group, February 13, and Morley and Gearhart, duo piano team, March 12, 1952.

Admission to the three events, according to William G. Hagelstein president of the association, is by membership only.

Hagelstein this week stated membership tickets are now in the mails to those who made application last spring.

Doors of the Pelican theater will open at 7 p.m. for the Shaw concert, with curtain time at 8 p.m.

On the Record

BIRTHS

DODDS — Born at Klamath Valley hospital, October 16, 1951, to Mr. and Mrs. Jerry Dodds, 1745 Menlo way, a boy. Weight: 6 pounds 2¼ ounces.

MILLER — Born at Klamath Valley hospital, October 17, 1951, to Mr. and Mrs. Elwood Miller, Chiloquin, Ore., a girl. Weight: 9 pounds 4½ ounces.

COMPLAINTS FILED

Francis W. Worden vs Glorretta J Worden, suit for divorce. Couple married June 8, 1940, Bakersfield, Calif. Charge, cruelty. Plaintiff seeks custody two minor children to defendant, $80 per month child support. E. E. Driscoll, attorney for plaintiff.

ENGINEERS

SALEM, (AP—The state unemployment compensation commission says it will join in the nationwide effort to recruit and develop engineers. The commission said 50,000 more engineers are needed.

Legal Notice

SUMMONS FOR PUBLICATION
EQUITY NO. 11
IN THE CIRCUIT COURT OF THE STATE OF OREGON
IN AND FOR THE COUNTY OF KLAMATH

Robert B. Chilcote and Charles Hathaway, as Executors of the Estate of Annetta McCabe, deceased, Plaintiffs,
Vs.
Ora Harmon and James A. Harmon, wife and husband; Maude Witt LaChance; Vincent LeRoy LaChance, the unknown heirs of the persons above named; and all persons and parties having or claiming to have any right, title, estate or interest adverse to plaintiffs in any of the real property described herein,
DEFENDANTS

To Ora Harmon and James A. Harmon, wife and husband; Maude Witt LaChance; Vincent LeRoy LaChance; the unknown heirs of the persons above named; and all persons and parties having or claiming to have any right, title, estate or interest adverse to plaintiffs in any of the real property described herein:

IN THE NAME OF THE STATE OF OREGON, you, and each of you, are hereby required to appear and answer the Complaint filed against you in the above entitled suit on or before the 14th day of November, 1951, or for failure to appear and answer, for want thereof, the plaintiff will take judgment and decree against you as follows, to-wit:

1. That the plaintiffs and the estate of Annetta McCabe, deceased, are the owners in fee simple of Lot 3, Block 33, Second Hot Spring Addition to the City of Klamath Falls, Klamath County, Oregon, and, Lot 2, Block 203, Mills Second Addition to the City of Klamath Falls, Klamath County, Oregon; that all claims of the defendants, or any of them, to said property adverse to plaintiffs be determined by said decree, and that the defendants, and each of them, have no right, title, estate, lien or interest in said real property, or any portion thereof, and that defendants and each of them, be forever barred from asserting any claim in or to said property.
2. And for such other and further relief as to the Court may seem equitable.

November 14th, is the last day of the time prescribed in the order for Publication of Summons in which you may appear and answer said Complaint, the first publication thereof being 17th day of October, 1951, and the last publication being Nov. 14th, 1951.

This Summons is served by publication by order of the Honorable David R. Vandenberg, Judge of the Circuit Court of the State of Oregon for Klamath County, dated October 13th, 1951, which order requires that Summons be published once a week for four successive weeks, five insertions, the first publication being as above stated.

Said order further provides that the plaintiff is relieved from mailing Summons and Complaint to you for the reason that your addresses are unknown.

HENRY E. PERKINS
Attorney for Plaintiffs, whose address is 731 Main Street, Klamath Falls, Oregon.

O-17-24-31 N-7-14 No. 768

Houston Marks Anniversary

John H. Houston, district representative for Equitable Life Assurance society, one of the nation's foremost life insurance companies, is this week observing his 30th year in the insurance business in Klamath county.

Houston, past president for Life Underwriters, state of Oregon, has been one of the leading Equitable agents in the Northwest for several years and in 1945 was chosen honor agent of all representatives in the United States.

He has served as president of Life Underwriters in Oregon, is a past mayor of Klamath Falls and active in numerous civic organizations.

Potatoes

CHICAGO, (AP-USDA) — Potatoes: arrivals 125 on track 283, total U S shipments 757; supplies light; demand mod; market firm; Idaho russets $4.-90; Minnesota-North Dakota Red River valley Pontiacs $3.60-75 washed; Washington russets $4.75-85.

Highlights At KUHS

By JEAN OWENS

A "good luck" assembly was given to the team this afternoon as a sendoff assembly on Modoc field. The team is leaving 7 o'clock tomorrow morning to test their luck against Boise. With the enthusiasm raised following their recent win over Medford, both the students and team alike are out to win from now on.

Electing officers was the main business carried on by each of the five division of girls' league. Members of the Tea Toilers elected Kathy Anderson, president. Betty Roller, vice-president and treasurer. Patsy Young was elected president of Big n' Little Sisters with Barbara Arnold, vice-president, Lillian Mahan, secretary and Helen Bertram treasurer, under her.

Barbara Solie, Bernice Forrester and Erlene Cheney are the three principal officers of SOS. Virginia Van Doren, Jo Herrera, Dena Lampropulas and Ann Henderson were elected to serve as officers for the Li-Lo group. Dance-a-lot chose Barbara Custer, pres., Jeanie Dunlavy, vice-pres, and Hazel Shieferstein secretary, for their leaders.

A short and hurried meeting was held this morning by the senior class, Shannon Oldham, the newly-elected class president, asked for a vote by those who favored or opposed having their El Rodeo pictures taken in caps and gowns. The majority voted a sound "yes" for wearing the caps and gowns for the pictures.

Another item on the agenda was the discussion of the tradition stating that all seniors are permitted to leave the assembly or pep rallies first, while the underclassmen remain in their seats.

This tradition has been abused practically all year and the seniors are turning the matter over to the traditions committee, who will see that the matter is taken care of immediately!

To anyone who is interested in a noon activity, it has been suggested that they go to room 308 which is now being opened for that time. Chess boards have been supplied, and perhaps if enough turn out tournament can be held.

Chest Report Session Set

Klamath county community chest workers will tally their reports Monday at the Winema hotel instead of Thursday.

Decision to make it one large bangup report luncheon was made today as workers continued making their contacts which they thought would be more complete by Monday.

This particularly applies to mills and railroads where labor was lending a big hand in garnering in the $77,370 quota set in the 1951 campaign.

Deer hunting has taken a number of the workers as well as division heads into the woods, although contacts were made before departure. Most workers said they would return in time to pick up contact envelopes and be at the luncheon Monday at 12 noon.

Arthur Schaupp, contacting members of the legal profession, said today his collections had run over the $500 mark and he hoped to make it $700, largest donation yet from the members of the bar.

Residential contributions were coming in nicely and workers were taking advantage of the Indian summer weather to make their contacts. Total received in residential thus far is $1079.00 as compared to a quota of $4339.

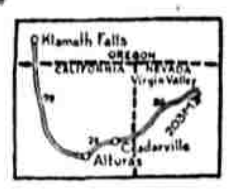
VALLEY OF OPALS

The Virgin's Temple



GEMSTONES of the finest precious fire opal to be found in North America occur in Virgin Valley, Nevada, a few hours drive from Klamath Falls along the proposed "Winnemucca to the Sea" Highway. This highway, which will be a short cut from the Klamath Basin to Salt Lake City and eastern points, follows a portion of the Southern Emigrant Route to Oregon (Applegate Trail)

Virgin Valley is in a part of the Sheldon Antelope Refuge and is noted for its outstanding desert landscape that is quite different from most of the Great Basin area.

At one time during geological ages past this valley was a fresh water lake situated in a forested area. Camels, sabor-toothed tigers, mastodons, two types of horses, a rhinoceros and other animals roamed the forest and lake shore.

Then came a period of volcanic activity which filled the valley with flows of mud and ashes burying plant and animal life. After the volcanic fires had chilled, erosion developed the interesting landscape to be seen there today.

The many flows of volcanic mud and ash now turned to stone has been colored by various minerals producing colorful banded volcanic tuffs and rhyolite. These banded rocks are now being sent all over the west to be used as building stone.

The story of the valley's past has been preserved in these ancient, volcanic flows. The bones of animals and remains of plant life have been converted into common opal and impressions of leaves have been left between the layers of the ancient deposits.

Precious fire opal was discovered in the valley around 1908 in the form of casts of tree limbs or twigs and crack fillings in the petrified trees. In 1919 a 17 ounce black opal was discovered, this stone, called the "Roebling Opal", is now the property of the Smithsonian Institution and is valued at $250,000.

Numerous opal claims have been filed in the valley, many by residents of the Klamath Basin, and new finds are made each year, largely by a host of amateur rock collectors who spend portions of their vacation period searching the hills for colorful stones to cut and polish.

A form of common opal having a beautiful fluorescence in ultra-violet light is also sought by the rock hunters. The fluorescence is caused by the presence of uranium minerals within the stone and after this fact was discovered finds of other uranium bearing rock have been made there.

Opal is the gem stone for the month of October.

Some-where a Road is Call-ing

IF the purr of a great-powered engine is music to your ears—

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat—

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a torque-tube to banish rear-wheel wander.

Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflow Drive—that feeds a steady flow of power without lag or falter ever.

Added to the light responsiveness of its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block—but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

Equipment, accessories, trim and models are subject to change without notice.
