

MRS. JANIE ALEXANDER

K. F. Teachers Will Listen To Educator

Mrs. Janie Alexander, El Paso, Texas, newly elected president of the department of classroom teachers of the national education association, will be guest speaker here, Monday afternoon, October 29 at a 3:15 meeting in Mills school. She will be introduced by Eva Burkhalter, Klamath Falls teacher and district representative of four southern Oregon counties.

Mrs. Alexander, a native Texan is an elementary school teacher and has taught in El Paso schools since 1925. She has been active in the work of her local associations, has served as president of the El Paso classroom teacher's association for two years and the El Paso teacher's association for one year.

She is a life member of Delta Kappa Gamma, has served on the state public relations committee for that sorority and is currently serving as a member of the state international relations committee.

She is also a life member of the national education association, is a member of the world organization of the teaching profession and one of the most brilliant speakers in the profession.

Her visit here will be for the regular meeting of the Klamath Falls classroom teacher's association and all teachers are invited to attend.

J. K. Hvistendahl, KUHS teacher, president of the association will preside.

slowly for two hours. Stir often to prevent scorching. Seal while hot.

Roast Wild Duck

Sprinkle inside of wild duck heavily with salt, sage and thyme. Stuff with quartered Jonathan apples. Put crust of salt, sage and thyme over outside of bird. Roast at 325 degrees until well done (2 to 2½ hours). Add water to pan if browning too fast. Make gravy of drippings with giblets.

Serve with following wild rice casserole—

Boil rice and do it well is important for like anything else the whole trick is in "doing it right," Mrs. Roenicke says. When cooked wild rice should be light and flaky. Follow these directions carefully.

WASH several times in a sieve in clear cold water. After draining place in a kettle and cover well with cold water, add a little salt and boil steadily for 20 minutes. By this time most of the water should be gone. Let the rice steam dry on very low heat for 10 minutes. Do not stir during any part of the cooking process. Keep hot, then take:

2 cups boiled rice
1 teaspoon pepper
1 teaspoon sage
1 teaspoon thyme
1 tablespoon grated onion
2 tablespoons melted butter
Salt to taste.
Warning! Double the recipe.

Wine Sauce For Game

Take butter size of an egg
1 tablespoon catsup
1 tablespoon Worcestershire
1 teaspoon mustard
1 teaspoon lemon juice
1 teaspoon sugar
1½ cups sour wine
Salt and pepper.

Bring to boil—serve over roast venison, wild duck, wild goose or wild rice.

Homemade Cookies Baked By Mother Bring Home Close To Absent Soldiers

This is the time of year when you should start thinking of making cookies for the boys overseas—and doing something about it.

October in the kitchen at home with the late autumn sun making patterns through the last of the crabapple leaves, means a "remembering" Christmas in Korea.

One thing to keep in mind is packing cookies you send to junior so they will arrive looking like what they were supposed to be—frosting stars and Christmas trees and red-nosed Santa Clauses. A broken cookie may TASTE as good as a perfect one, but it just isn't the same thing. Sitting on a shell case looking at a crumble of crumbs is disappointing even though the thought is appreciated.

Don't let your Christmas goodies arrive looking like something for the birds. Just follow the directions cleaned from the postoffice and professional packers. The right way isn't any more trouble than the wrong way.

Do not pack cookies tightly in the container—place them in layers in a box. Use wrinkled wax paper and a sheet of cardboard or corrugated board between the layers. Cardboard used by laundries for men's shirts is ideal. A corrugated board used for mailing photos is better yet. Place the prettiest package you know how to make inside a larger box of corrugated board. Stuff a lot of crumpled paper between the boxes. A third BIGGER box outside the two is even better. . . . trouble? . . . not if you could see the smiles when this package arrives "over there."

As a final precaution against a beating, use lots of "fragile" stickers. . . . print the address by all means. . . . and mail EARLY.

Now for the cookies. Here are several recipes for traditional Christmas cookies, all made from one basic mix. Decorate them as fancy dictates and don't forget, the boy in Korea is only a thought away from the lad who loved to lick the mixing bowls. . . . make 'em fancy.

BASIC COOKIE MIX:
2½ cups Crisco
3 cups sifted flour
1 tablespoon salt
All measurements level.

Sift measured flour and salt together into a large mixing bowl or on a 20" square of paper. Cut Crisco into flour with pastry blender or two knives until pieces are the size of small peas. Store mix

in a covered container—no refrigeration necessary.
Yield: About seven cups of mix.

CRISP MOLASSES BALLS

Stir together:
2 cups Crisco cookie mix
1½ cups light brown sugar
1½ teaspoons soda
1 teaspoon cinnamon
1 teaspoon cloves
1 teaspoon ginger
Add:
1 egg
3 tablespoons molasses

Stir vigorously. Chill dough. Mold into 1 in. balls. Brush top with water; dip in sugar. Place balls 3

in. apart on cookie sheet. Bake 375 deg. F. 8-10 minutes. Cool on baking sheet 2-3 minutes before removing.

SPICY FRUIT DROPS

(4 dozen 2 in. cookies)

Stir together:
