

## Italy's Storm Deaths Mount

ROME, (AP)—Almost 100 persons have been killed in violent storms raging throughout Italy.

The toll includes 71 who died in the Southern province of Calabria and 15 killed when a gale destroyed their house in Catania, Sicily.

At least 6000 are homeless in the two areas.

Torrential rains flooded the northern cities of Genoa, Varese and Alessandria today. Overflowing rivers inundated the main road from Milan to Bergamo.

## Spud Damage Study Made

CORVALLIS, (AP)—The Oregon State college experiment station has begun research designed to reduce mechanical damage to Oregon's late potato crop.

The damage was discovered during research on a project to test the efficiency of packaging potatoes in smaller cardboard containers. Researchers found that losses running as high as 20 to 55 percent resulted from mechanical damage prior to shipping.

Possible damage in harvesting, loading and unloading, and packing in cellars and warehouses will be studied.

Most of the work will be done in central Oregon, the Oregon State college news bureau reported.

## Business Booms In Singapore

SINGAPORE, (AP)—Business is really booming and soaring to new all-time records in Singapore and the Federation of Malaya.

E. M. P. Ferguson, chairman of the Singapore chamber of commerce, announced Malayan trade figures for the first half of 1951 amounted to \$1,976,500,000 (U.S.).

The total for all 1950 was \$2,232,600,000.

Ferguson said the figures reflected the rapid inflation of demand and prices initiated by the war in Korea.

**GASOLINE PRICE "DOWN"**  
SINGAPORE (AP)—The cost of gasoline is going down—some. One company announced a 2-cent reduction to 4.52 per gallon.
