Revolution Fete Slated

MOSCOW, (AP)—People throughout the Soviet Union prepared today for a two-day holiday celebrating the 34th anniversary of the Red revolution.

Highlight of the nationwide celebration will be—as in past years—the vast military and workers' parade through Red square tomorrow morning, opening day of the anniversary fete.

Marshal Rodion Y. Malinovsky, top commander against the Japanese and leader of Russian forces in the Trans Baikal Amur area of Manchuria in world war two, will review the parade.

Such parades in the past have served as a demonstration of Soviet military strength. Troops, tanks and artillery roll past in review before top military men, members of the politburo and other high government officials.

Moscow already has been decked with crimson bunting and scarlet flags in preparation for the big day. All schools, factories, offices and stores will be closed Wednesday and Thursday. Millions of workers on collective and state farms will have the two days off.

Portland Man On Probation

John Joseph McGee, 26, Portland given two years probation in circuit court here October 10, had his probation revoked in court this morning.

In court early in October McGee readily admitted his guilt in stealing a quarter of beef, September 23, from a section car near Merrill. He confessed stealing the beef with another Portland man, Lloyd W. Kirstein. Kirstein was given two-years probation.

On the witness chair this morning in court McGee denied actually stealing the meat. He said he was in a car near the railroad car when Kirstein took the meat and brought it back to the auto.

McGee this morning also said he was under duress when he admitted the theft to police officers and the district attorney.

A state patrolman and railroad special agent this morning took the stand to refute McGee's denial of admitting guilt of the theft.

The officers also denied McGee was made any promises if he pleaded guilty or was up for duress.

Dist. Atty. D. E. Van Vector also took the witness stand to refute McGee's denial of guilt. Van Vector said McGee when questioned by him after his arrest readily admitted the theft and was a no more made any promises of leniency or placed under duress.
