The Klamath irrigation project draws water from Upper Klamath lake, Clear lake and Gerber reservoir.

K.N.H.S. Highlights

By JEAN OWENS

"Woman in Hiding" starring Ida Lupina and Howard Duff, was this year's first noon movie. Sponsored by the honor society, there was a good turn out in the auditorium to view the first installment of the movie. Admission was 10 cents and it began at 12:25.

Report cards will be issued tomorrow and the final verdict on our grades will be made known. The cards will be given out in a short ten minute period in our homerooms first thing in the morning. The students will then take them around to their various classes during the day.

Perhaps everyone should be washed good luck or is wishing for good luck on their grades.

A new class in the use of the slide rule is being offered again to anyone who is interested. Students are asked to sign up with Miss Eva Burkhalter. The class will be held during the noon hour.

Thursday night will be a big night, as plans are already being made by many of the students to attend Ray Anthony.

Brought into Klamath Falls by Baldy Evans, the Ray Anthony band is rated as the top number one band in the nation. The band features many well-known names including Johnny Mercer. The dance will be at the armory Thursday night.

Activity periods every Wednesday are set aside as homeroom guidance periods, during which discussions on school affairs and student affairs are held.

Today many homeroom discussions were centered on a subject important to everyone. Is it necessary for the school to maintain a traffic squad and if so should its duty to enforce the traditions or to control traffic in the halls? Actually at this time there is no means of punishment for a misdemeanor except backs which are given to the boys only. A decision will probably be made in the next meeting of Student congress.
