Feed Grain Prices Firm

CHICAGO, (AP)—Feed grain prices firmed on the board of trade today as receipts of the cash grain fell off sharply. Cold weather and snow were considered partly responsible for small cash receipts.

Wheat closed ⅛-1½ lower, December $2.56, corn ½ to 1 cent higher, December $1.80 ½-$1.79 ¾, oats ¼ lower to 1¼ higher, December 95¾-96⅛, rye (new style) ¾ lower to ¼ higher, December $2.00 ¼, soybeans 1¾-2½ lower, November $2.94-$2.93 ½, and lard unchanged to 5 cents a hundred pounds higher, November $14.57.

Stocks Drop Despite Low Sales Pressure

NEW YORK, AP—In the face of uncertainties in the international situation, the stock market declined today.

There was little or no selling pressure precent, but the mark down in prices persisted.

Losses ran to between one and two points among leaders. Trading came to an estimated 1,585,000 shares as against Monday's extremely low total of 1,120,000 shares.

After a slightly higher start, the market gradually sank to the downside with railroads the first to give ground. Rails showed wider comparative losses than other areas of the market.

Also standing on the downside were steels, oils, aircrafts, motors and chemicals. Other sections were mixed or unchanged to lower.

The market in recent days has been swinging idly since the big break from the 1951 peak reached in mid-October. Monday the market ended slightly ahead, and it was closed yesterday for the elections.

Four Indians Jailed Here

Four Indians from Chiloquin got rooms in the county jail last night on request of state police and Indian service officers.

Arrested on Oregon highway 66 by state police were Donald Scronchin, 23, for driving while intoxicated and driving during time his license is revoked.

George Dunmore, 51, Chiloquin, was arrested at the same time for being drunk on the highway.

Judge Revokes Probation

Two recently convicted, former partners in crime stood on opposite sides of the law in circuit court this morning.

Early last month John Joseph McGee, 26, and Lloyd W. Kirstein, 31, pleaded guilty in court in stealing beef from a G.N. refrigerator car at Merrill and given probation.

McGee's probation yesterday was revoked by Judge David R. Vandenberg.

McGee was hailed into court for violating his parole by leaving the county.

He was also called to testify yesterday with regard to a report he made to his parole officer that he was "railroaded into pleading guilty" and was not guilty of stealing the beef.

McGee also told his parole officer when first questioned about the crime he was "under duress."

So the court and Dist. Atty. D. E. Van Vactor called Kirstein back from Portland today to testify about the beef theft and subsequent events.

Kirstein told the court that both he and McGee were in the refrigerator car when the beef was taken and that all the time they were held in custody and questioned "they were treated decently and never under duress."

McGee will be held in the county jail till a check is made on his past record.

Judge Denies Tough Rap

District Judge Nick Carter reported today he is experiencing some uncomfortable moments because he gave a 19-year-old boy 10 days in the county jail for hitchhiking.

He's been busy denying the allegation of citizens that the sentence was unduly harsh punishment for breaking a seldom-used state law about soliciting a ride on a highway.

The truth is, Carter said, the boy in question, Donald Dean Champagne of Yakima, Wash., is under investigation for car theft. He had admitted to state police that he has been in a couple of reform schools and has stolen around 20 cars at one time or another.

He was arrested near Chemult.

Idaho Slots Under Fire

BOISE, Idaho, (AP)—A campaign to outlaw slot machines in Idaho is being considered by the Allied Civic Forces.

Harry Kessler, executive secretary of ACF, said today the group would discuss next January the initiative petition "if we can get the proper church organization back of us."

Given that kind of support, he said, "I think we can get them out of the state without any trouble."

Slot machines and punchboards are licensed in Idaho on a local option.

Chest Workers Push Drive

Residential workers, well over the top in their community chest campaign goal of $4339, were resting on their laurels but other division heads were still hard at work to raise the remainder of the $77,370 quota needed for the continued operation of Klamath's youth agencies and the 16 states chest agencies.

This also includes the much needed United Defense Fund, or USO as it was known in world war two. Chest Chairmen Nelson Reed and George McIntyre will meet with division heads early next week to start the trouble-shooting campaign to wind up the lagging contributors.

FIRMS

One hundred percent firms continued to join the parade of contributions with all executives and employes of Cascade laundry and cleaners, Marvin's, and the Anchor grill responding in this category.

Returns are coming in from OIT on the hill, with Bob Smith spearheading that group. To date $265 already turned in from instructors and students.

Klahn Nash has turned in 37 percent over the quota, and Ken Klahn, a former chest co-chairman with Mac Epley, checked in this week.

Mayor William Lorenz of Chiloquin dropped into chest headquarters with pockets bulging with $740.25 of the $1150 quota from that town. Chiloquin teen-age center is one of the chest agencies this year. Lorenz is the chest representative and Mrs. Jess Mangum is chest chairman of the drive. The city of Chiloquin contributed $75.

POLICE

Another appreciated check came to chest headquarters this week from the Police Beneficiary Assoc., a total of $50 with individual police officers giving as well.

Although residential is not completely mopped up, Mrs. Verne Speirs and Mrs. Lowell Kaup expressed appreciation over the $4427.71 collected thus far. The quota was 4339. Sections going over 100 percent were headed by Mrs. Jack Kemnitzer and Mrs. Roland Kreib. Mrs. J. B. McCarty and Mrs. Martin Brauner, Mrs. Francis Olds and Mrs. Darrell Potter, Mrs. John Glubrecht, Mrs. Seth Kerron and Mrs. H. O. Juckeland, Mrs. Ellis Matthews and Mrs. George Gallagher, Mrs. Charles Thurman, Mrs. E. N. Chilcote and Mrs. Dulcie Motley.

Wheels Stolen From Car

A thief with ingenuity was on the prowl last night according to state police.

Allen Mocabee Jr., told officers two back wheels and tires were stolen from his car parked in front of his house.

The thief, according to police, apparently used a jack to lift up the back end of the car, and then took off the wheels.

Advertising Info Offered

How to get the most return from the retail advertising dollar was the subject of a talk before the Klamath Merchants Assoc. by Roy Bradt, Pacific coast retail manager of the bureau of advertising, American Newspaper Publishers Assoc., at the group's monthly breakfast meeting at the Winema hotel Wednesday.

Bradt's talk, which emphasized advertising the right merchandise, at the right price, at the right time, was based on research done by the bureau.

"People buy as they please, so advertise to please the customer," he advised.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is what makes Dynaflow Drive* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon soon, to boss around a Buick? It's a date that's bound to thrill you.

*Equipment, accessories, trim and models are subject to change without notice. †Standard on ROADMASTER, optional at extra cost on other Series.

NO OTHER CAR PROVIDES ALL THIS!

TORQUE-TUBE DRIVE—seals the chassis, steadies ride, improves driving control
