

New Stomach for Old In Single Operation

By **HELEN TAYLOR**
A. P. Science Reporter
SAN FRANCISCO, (AP)—Burgeons now can take out a person's stomach and install an artificial one all in a single operation.

Three such operations were described here by Dr. Emerick Szilagyi, Dr. Thomas H. Connell Jr. and Dr. Laurence S. Falls of Henry Ford Hospital, Detroit in a paper for delivery to the American college of Surgeons.

The artificial stomach, which is the new part of the operation, is made out of a middle section of the patient's own intestinal tract—the end of the small intestine and the beginning of the large intestine.

ADAPTABLE:
That particular section of the in-

testines was chosen because of the likelihood that it could adapt itself to its new job better than other tissues.

Two of the patients died, one from thrombosis and the other from peritonitis, but the third is doing well. In all cases the new stomachs grew into place nicely, the doctors said.

It takes the surgical team four to six hours for the operation. The patients stand up well under it even though they may be elderly and have cancer and sometimes other diseases.

In ordinary stomach removals surgeons just hook up the loose ends of the alimentary system and leave the patient without food pouches. Patients get along pretty well but have no space for storing and churning the food for easier handling in the intestines.

CHANCE:
The artificial stomach, which holds about a pint of liquid, offers some chance of restoring these functions, the doctors said.

It is too early yet to tell whether the advantages outweigh the risk of long operations, they added.

Dope in Yule Wrappings

HOLLYWOOD, (AP)—Two packages in gay Christmas wrappings were seized Wednesday by federal narcotics agents who said they contained 35 ounces of heroin.

Two men, Louis Salerno, 21, and Guido Pendo, 21, were arrested. The agents said they believed the narcotics were sent here by a Mafia mob in New York.

WAR CASUALTIES

WASHINGTON, (AP)—The defense department has identified 424 additional battle casualties in Korea. A new list reported 54 killed, 316 wounded, 29 missing in action and 23 injured in combat accidents.
