Most Stocks On Downgrade Today

NEW YORK, (AP) There was a lower drift in the stock market today although trading was enlivened by a rush of dividend declarations.

Losses went to between 1 and 2 points among leading issues while gains extended from fractions to around a point.

Trading was dull, except for localized action resulting from corporate announcements. Business amounted to an estimated 1,100,000 shares as compared with yesterday's 1,020,000 shares, both exceptionally slow days.

Lukens Steel and Republic Steel both shot ahead on favorable dividends while the rest of the steel division presented a scarred or mixed appearance.

Eastman Kodak gained more than a point after directors took dividend action equal to last year, evidently a pleasant surprise to Wall Street.

In The Day's News

(Continued from Page One)

That brings up another point.

I think it is probably true that propaganda is effective or ineffective according to the ignorance or the sophistication of those to whom it is addressed.

If that is true, propaganda is more useful to the reds than to us, for in the main their propaganda is addressed to the ignorant, the unsophisticated and the prejudiced. In our case, I'm pretty sure, plain, ruggedly simple TRUTH is our best weapon in the war of words.

Flames Take Lives Of Trio

NEW HYDE PARK, N. H. (AP)—It took Mrs. Kathleen Wunderlich just eight minutes to go to a corner store yesterday and make a phone call.

But in that time flames gutted her home and took the lives of three of her four children.

The frantic mother was burned and cut trying to enter the house after she returned to find it ablaze.

Richard and Kathleen Wunderlich, three-year-old twins, had taken refuge under a bed. They died of burns later in a hospital. their sister, Mary Ann, 5, died on the way to the hospital.

Authorities said they could not explain the blaze. Mrs. Wunderlich said the three children had remained home because all were ill. She said she had telephoned to ask her sister to help them.

The father, John Wunderlich, a bricklayer, was at work. Their fourth child, George 8, was at school.

Unions To Force Hospital Strike

PORTLAND, (AP)—AFL unions will plan Wednesday how to force a settlement of the 16-month strike against Good Samaritan hospital. Complete halt of deliveries is expected to be used.

At last night's meeting of Portland central labor council, striking building service employes asked for help. Jack Schlachti, teamster secretary, suggested a deadline be set after which if no settlement were reached, all union workers leave the hospital.

Teamsters have been delivering supplies to the curb and hospital workers have been picking them up there. Under Schlachti's proposal, those deliveries would end.

Any plans drafted Wednesday will be put before the labor council next Monday for approval, before being put into effect.

Court Tosses Out Seized Evidence

PORTLAND, (AP) — Records and instruments seized in an office last summer, cannot be used as evidence in the trial of two chiropractors on charges of manslaughter by abortion.

That was the ruling here Saturday of Circuit Judge James R. Bain. The records and instruments were seized in a police raid on the office of Kenneth and H. R. Dewey. Both later were indicted on manslaughter charges.

"Doctor" To Get The Gate

OTTAWA, (AP) — The Canadian navy prepared today to discharge an American who posed as a Canadian doctor and served brilliantly as a surgeon in Korea. The man's father doubts he ever went to medical school.

The navy announced yesterday that the man they enlisted as Dr. Joseph Cyr of New Brunswick is in reality 29-year-old Ferdinand Waldo Demara, Jr., formerly of Lawrence, Mass.

The navy's "Dr. Cyr" won considerable fame for a series of major operations he performed on wounded South Koreans. The elder Demara said as far as he knows the only previous medical experience his son had was as an orderly in a Boston eye and ear infirmary. The father said he had not seen his son since about 1943. He described him as "bright to the point of genius" and said he once studied in a trappist monastery.

New Brunswick's only Dr. Joseph Cyr of Grand Falls reported his medical identification papers disappeared last winter. Newspaper accounts of the navy man's surgical exploits aroused comment in New Brunswick and resulted in Demara's return to Canada for investigation.

The navy announced Demara would be discharged in "due course" for fraudulent entry into the service. Canadian immigration authorities also are investigating whether he entered the country illegally. Demara's father and mother are on their way to Esquimalt, B. C., where their son is being held.

Witnesses Testify At Wreck Trial

Sanford LeRoy Henderson whipped his car across a white warning line on Oregon 66 out near King Cole and crashed head-on into an oncoming car, several prosecution witnesses testified today in circuit court.

Henderson, 22, of Reedsport, is being tried on a negligent homicide indictment resulting from the death of Mrs. Frank Hibbs of Jacksonville, Ore., after an auto wreck last August 21.

Prosecution witnesses testifying that Henderson apparently crossed the white line to pass another car on a hill and drove into the path of the oncoming vehicle were Mr. and Mrs. James Hanks, 2325 Oak, and State Patrolman Leslie Harroun.

It was the Hanks car Henderson reportedly was trying to pass and the second vehicle in the wreck was driven by Frank E. McElfresh of Cloverdale, Mrs. Hibbs' son-in-law.

Harroun testified from his measurements the Henderson car crossed the white warning line 31 feet back from the end of the line. Hanks estimated 30 feet. Harroun said a car that far back could not see an approaching car which would have been in a dip in the highway ahead.

A couple of times yesterday after the jury was picked, Deputy Dist. Atty. U.S. Balentine tried to get the trial stopped on technicalities. He argued that the indictment didn't read the same as state law regarding clearance along the highway, and also that the indictment's facts as alleged do not constitute a crime.

Balentine also asked for a mistrial over the propriety of testimony of Harroun regarding a test of visibility at the scene of the accident. The request was denied.

Dist. Atty. Van Vactor declared in his opening remarks that Mrs. Hibbs died of a broken neck, and Officer Harroun said when Henderson learned she was dead he said:

"You might as well take me in. That makes me a murderer."

A $15,000 civil suit was placed on file yesterday by Frank Hibbs husband of the dead woman, with Henderson as defendant. Edward Branchfield, Medford attorney, represents Hibbs.

Jurors hearing the criminal trial are Andrew L. Silani, Harold Entrem, Thomas F. Green, Charles Heaton, Charles E. Cummings, Charles Fiala, Russ Marshall, John Blalock, Taylor High, Raymond J. Michels Jr., Robert McGhehey and John E. Eichendorf.

Tone Marriage Goes On Rocks

HOLLYWOOD, (AP) — The seven-week marriage of Franchot Tone and actress Barbara Payton is on the rocks, her attorney said today.

The lawyer, Robert S. Feder, said the couple quarreled bitterly Sunday night and seperated yesterday. He said he plans to file a divorce action soon, possibly next week.

Feder said he did not know what the quarrel was about.

His client has moved out of the apartment she shared with the suave actor and is staying with friends, he said.

Neither Tone nor Miss Payton could be reached for comment.

They were married Sept. 29 in Cloquet, Minn., Barbara's home town, shortly after Tone was released from a hospital here. He spent several days in bed recovering from a beating given him by actor Tom Neal in a dispute over the blonde actress' affections.

Meanwhile, Tone lost a round yesterday in his legal dispute with columnist Florabel Muir.

He wants to question her in connection with a contemplated suit—he accuses her of listening in on telephone conversations he had with Miss Payton — charging libel and invasion of privacy. But superior court ruled she won't have to give a deposition in the case at least until after Tone's trial December 11 on charges of battery and disturbing the peace.

These charges stem from a night club encounter October 29 during which, Miss Muir alleges, Tone spit in her face and kicked her shins.
