Honduras Has Oregon Touch

WASHINGTON, (P)—There's a little of Oregon tucked away in Tegucigalpa, Honduras, where Byron E. Blankinship is first secretary of the American embassy.

Blankinship, a native Oregonian is the ranking state department officer in charge of the embassy's political section. It is his third assignment since joining the department's foreign service in June, 1942. He previously served in Mexico and Spain.

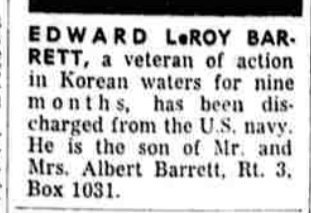

Blankinship was born in Portland, June 2, 1913. His parents, Mr. and Mrs. Ernest J. Blankinship, now live in Tigar.

Blankinship was graduated from high school there after serving as student body president and captain of the football team. He also participated actively in school dramatics.

At Pacific university in Forest Grove, where Blankinship received his B. A. degree in 1935, he made numerous trips as a member of the debate team and was a three-year letter winner as a football tackle.

His educational training also includes a master's degree in international relations, acquired at University of California in 1937, and a law degree, received at Columbia university in 1942.

Blankinship made certain he'd have Oregon memories with him no matter where he was assigned. He married another Oregonian—the former Mary Louise Rinehart of Portland, the daughter of Mr. and Mrs. George B. Rinehart. They have two daughters, Nancy and Carmen, 9 and 7, and twin boys, Douglas and Duncan, 5.

EDWARD LeROY BARRETT, a veteran of action in Korean waters for nine months, has been discharged from the U.S. navy. He is the son of Mr. and Mrs. Albert Barrett, Rt. 3, Box 1031.

Santa Claus Service Set

SEATTLE, (P)—An aerial "Operation Santa Claus" has been arranged for the kiddies again this year.

Pan American World Airways has announced a plan by which parents can arrange for the children to get St. Nick letters with a Fairbanks, Alaska, postmark.

If the parents want to get Santa Claus stationery from the airline, they can. Parents can write to a child, sign as Santa Claus, put the letter in an envelope addressed to the child, put an airmail stamp on it, then put the whole works in another envelope and mail to Pan American in Seattle. Pan Am will fly the letters to Alaska for airmailing to children with Northern postmarks.

Action Flares In Korea

TOKYO, (P)—The Canadian forces public information office in Tokyo centered "over possession of a dominating hill in the area."

"U.N. forces, under continuous attack for a week, had backed up to the foothills surrounding this main feature. For the past three days the intensity of the battle increased as waves of Chinese infantry threw themselves against the stonewall defense put up by a U.N. formation," the Canadian release said.

"This U.N. formation, fighting without sleep for 72 hours at times, found itself fighting off attacks from three directions."

Heavy casualties were inflicted on the enemy, the statement said. Mortars of the formation fired over 5000 rounds in less than 24 hours at one period of the battle.

Quads Said Born To Chinese Woman

HONG KONG, (P)—The Communist New China News agency today said quadruplets, a boy and three girls, were born Nov. 5 to Wan Feng-yi, a peasant of Chang-sha in Hunan province of mainland China.

The agency said the provincial governor sent the mother 400,000 yuan (about \$18, 20 feet of red cloth for good luck, and eight cattles 10 2-3 pounds) of cotton material.

The children were reported in the care of a special nurse at a government hospital.

The agency quoted mother Wan: "In the old society so many babies would be a great burden and nobody would bother about them, but it is a happy event now. I will surely look after these babies well and will have a photo taken of them for presentation to chairman Mao (Tse-Tung)."

Dagmar Will Make First Hollywood Film Next Year

By ERSKINE JOHNSON
 HOLLYWOOD, (NEA) Behind the Screen: Dagmar, TV's V-forma-tion allure, will be making her first Hollywood movie in 1952.

There's a script for a film co-starring Bob Hope and Dagmar on producer Bob Welch's desk at Paramount, and there have been confabs on a co-starring stint with Red Skelton on the MGM lot.

I spotted Dagmar—who could help spotting DeMuff?—at a night club table with hubby Danny Dayton and she slipped me the news that her new TV contract with NBC gives her eight weeks off to make a movie anytime she wants to.

"You like Hollywood?"

"Honey, it's just like Huntington, West Virginia."

What did Dagmar think of the billboards for "His Kind of Woman" showing Jane Russell teating out the stretch of a strapless evening gown?

"Wow," said Dagmar. "I'd like those big billboards when I do a movie. Of course, a girl like me could make a small billboard look big."

Ava Gardner, so help me, is nixing the gems and baubles that Frank Sinatra is showering on her. She tells me that she can't afford it all.

The Olney Simms-Bob Calhoun romance ought to be back-grounded by storm music. It's a real kiss-and-break-up-again theme.

There's a football star in the Dennis Morgan household. His son, Stanley, 17, is a halfback at Plumbird Prep, with an 80-yard touchdown run to his credit.

Success of Jack Benny's first TV show of the season has convinced him he doesn't need big production changes of scenery. The rest of the time Jack was just his hilarious self.

Credit Fred Astaire with the best!

Safety Radio Plan Readied

SALEM, (P)—Oregon will launch a new traffic safety radio program, featuring on-the-scene highway interviews and accidents.

There will be tape-recorded interviews with drivers and policemen on the program, "You Never Know." Produced by the traffic safety division of the secretary of state's office, it will be broadcast over 22 Oregon radio stations.

The program is similar to the now-heralded Washington state patrol program, "Could This Be You?"

The Oregon program will be broadcast every other Saturday.

Formosa Hit By Quakes

TAIPEH, Formosa, (P)—Earthquakes jolted Formosa for the second day today. At least 15 persons were killed and more than 200 injured by shocks that jarred the eastern and south-western coasts yesterday.

A sharp shock was felt in Taipei this afternoon but caused no damage or casualties. Yesterday's quakes damaged the east coast railroad at seven places in the 75-mile stretch between Hualien and Tainan.

Hualien, hard hit by quakes that killed about 100 persons Oct. 22 and 23, suffered no casualties yesterday.

The rail towns of Yuli and Puli, 50 and 60 miles south, bore the brunt of the Sunday tremors.

Nine persons were killed in the two towns, 118 houses collapsed and more than 400 other houses were damaged.

Two persons were killed at Kaohsiung, a strategically naval base on the southwest coast.

Big Steel Talks Open

PITTSBURGH, (P)—Philip Murray, the tight-lipped steel who leads the CIO, and its million-member united steelworkers' union, will meet government controls headon tomorrow when he opens new contract negotiations here with United States Steel corporation.

Before the week is out many of the nation's other top steel producers will sit down at preliminary negotiations with steelworkers' officials.

Some of the negotiations may recess to await outcome of talks with U.S. Steel because "big steel" usually sets the pattern followed by the rest of the industry.

The men who make steel now average about \$1.97 an hour.

Under the current wage stabilization board formula, Murray's men would be allowed a maximum increase of from four to five cents an hour.

The veteran labor leader has not yet put his demands into specific figures but he has indicated he will not be satisfied with a hike of four to five cents an hour.

The union has prepared a list of demands to present to the industry. The principal ones, besides the pay hike, are a guaranteed annual wage, a union shop, and improved incentive programs.

Woman Listed As VP Timber

WASHINGTON, (P)—Senator Margaret Chase Smith of Maine, the senate's only current woman member, was proposed by Senator Aiken (R-Vt.) today as the Republican vice presidential nominee next year.

"I know she would greatly strengthen our 1952 ticket with anyone," Aiken told a reporter. "And if anything should happen to a president, the country would still be in strong, capable hands."

Told of her colleague's suggestion, Mrs. Smith said in a separate interview: "I appreciate the confidence and am not a candidate. I am realistic enough to know that there is not even the most remote possibility of such a thing happening."

Aiken's plug for Mrs. Smith came in the wake of an announcement by supporters of Harold E. Stassen that they are opening a headquarters here for a drive to win the GOP presidential nomination for him.

Daniel C. Gainey of Owatonna, Minn., said he and others expect to persuade Stassen, former Minnesota governor who is now president of the University of Pennsylvania, to run for the nomination he failed to win in 1948.

Coyote Special Fireman Dies

MOJAVE, Calif., (P)—The last survivor of 19 engineers who huddled the throttle in a crack train racing Death Valley Scotty from Los Angeles to Chicago in 1905 is dead.

Thomas E. Gallagher, 83, who died at his home here Friday, died of "Coyote Special" in 1935 from Barstow to Needles, Calif.

Walter Scott paid the Santa Fe Railway \$500 in \$100 and \$500 bills for the 2265 mile trip made in 44 hours and 34 minutes. The run is made now by crack streamliners in 39 hours and 45 minutes.

Gallagher started railroading on the Michigan Central in 1881. He was a Santa Fe engineer from 1895 until his retirement in 1924. The engineer drove a prairie type steam locomotive for Scotty over his 170 mile run in 200 minutes.

P. H. Hume, Santa Fe station agent at Fullerton, Calif., is now the only known crewman among the conductors, engineers and firemen who manned the "Coyote Special."

TRANSPORT ARRIVES

ATTLE, (P)—The heavy transport Gen. M. M. Patrick docked here from the Far East yesterday with 957 army troops, including 253 combat veterans from Korea, and 31 Japanese war brides. A Japanese-American War, Sgt. Tachiyu Takamoto, of Seattle, was among the war brides. She met and married army Sgt. Percy Hoff, of Virginia, while serving overseas.
