

CONTEST BRINGS CAREER—Peggy Barrett, 21, (left), who had "never sung at all until two years ago," landed a job as vocalist with band leader Buddy Morrow (right) after winning contest on a television program. Morrow complains that TV is depleting the ranks of band vocalists. Peggy, on the other hand, thinks she can earn more with a band.

CENTRAL FRONT, Korea. (AP)—The captured Chinese soldier was all set for a cold Korean winter. Over several layers of underwear and a warm quilted uniform he wore a fine double breasted overcoat. New combat boots and a new winter cap kept his feet and head warm and dry.

SPRAGUE RIVER WATER USERS BAND TOGETHER

KLAMATH AGENCY—The water users of the Modoc Point irrigation project whose future use of water from Sprague river has been uncertain for the past two years, have organized.

The Modoc Water Users' Assoc. will act as a unit in contacting congressional members about using additional water in Oregon from Sprague river, money for the area in the budget, and methods of operation.

Until two years ago the government has set aside money for the project which was operated by the Indian service irrigation men, with no voice from farmers on whose land water was used, and who later paid for the service on pro-rated acreage assessments.

Two years ago the money was cut from the budget and little has been done since. Now even the post of irrigation engineer is vacant. It is reported that with interest shown here, the government may allocate \$100,000 in the coming budget.

The association will use committees to go over the project, determine how best to keep it operating, and deal directly with the government.

Heading the new association are Harry Pearson, chairman; first vice-chairman, Lawrence Myers; second vice-chairman, Joe Miller.

Jr. secretary, Ben Murphy and treasurer, Ivan Doak. E. J. Diehl, superintendent at Klamath Agency, is acting as advisor for the group now composed of 35 farmers.

A committee to get new members was named as follows: Henry Wolff, Herman Aiken, John Duvall, Lloyd Ross and Dan Sullivan.

Gerry Wolff, Harry Pearson, and Ben Murphy, with the assistance of Diehl, will draw up a constitution and by-laws for consideration.

Ivan Doak, Diehl, Herman Aiken and Henry Wolff were appointed to examine the high time ditch in order to recommend the best way to maintain it.
