## Story On Ike Still Not In Open

WASHINGTON, (AP)—Sen. Ferguson (R-Mich.) said today he doesn't think Gen. Dwight D. Eisenhower can get the 1952 Republican presidential nomination unless he seeks it openly.

The Michigan senator, who hasn't taken sides in the presidential contest, told reporters he has the impression that Eisenhower would be "available" but doesn't believe that is enough.

"I think Eisenhower would accept the nomination but I don't believe he can get it without running for it," Ferguson commented. Asked who the nominee would be in that case, he replied: "Senator Taft (R-Ohio)."

Ferguson's comments came after Senator Russell (D-Cal.) told a news conference yesterday it will be a "major miracle" if all the difficulties confronting the North Atlantic treaty organization now commanded by Eisenhower can be ironed out in the next ten or twelve months.

"Remembering that Eisenhower is 'doing a great job' as the NATO chief, the Georgia senator said he doesn't know any other man in the free world who could hold the thing together as he is doing."

Russell still returned from Europe. This was interpreted by some as indicating Russell believes it may be difficult for Eisenhower to become a candidate for a presidential nomination. However, Russell said the general conceivably could decide that he could serve NATO better by seeking the presidency than by remaining as military commander.

Russell is known to have held aloof from urging by other southerners to become an anti-Truman candidate in next July's convention while he decides (1) whether Eisenhower is going to run and (2) whether Mr. Truman will be a candidate again.

**Air Bosses Transferred**

WASHINGTON, (AP)—The air force has given new assignments to six of its major and brigadier generals.

The changes were announced yesterday.

Major Gen. Herbert B. Thatcher, commander of the western air defense force, was transferred to the Hamilton air force base in California, was named deputy director of plans in the office of the deputy chief of staff for operations, Washington.

Thatcher will be succeeded by Major Gen. Walter E. Todd, now in the office of the deputy chief of staff here.

Todd's job will be taken by Brig. Gen. Oliver S. Picher, deputy for personnel for East air force.

Brig. Gen. Edward H. Underhill, now deputy to Picher, will take his place.

Brig. Gen. Jarred V. Crabb, deputy for operations, Far East air force, was transferred to the air defense command at ENT air force base, Colorado Springs, Colo., as chief of staff.

Crabb will be replaced by Brig. Gen. Jacob E. Smart, now vice-commander of the eastern air defense force.

## Crosby May Turn To TV, But Not In Near Future

By BOB THOMAS

HOLLYWOOD, (AP)—Television viewers will be seeing Bing Crosby, the ole groaner himself, on their home screens. But not right away.

Bing, who has never had a reputation as a chatterbox, is actually valuable on the subject of TV. He talked for many minutes about the new medium and his participation in it. But he pointed out that his debut will not be in the near future.

"I'm too darned busy with other things right now," he said, "and I haven't decided exactly what I'd like to do on television. I'll get into it some day, but not until I figure out a workable formula."

The crooner said he is a steady watcher of TV and carefully notes the triumphs and errors of the performers.

"It's a tough go," said Bing, commenting on one well-known comic. "He can have a couple of sweet shows and the next week come up with a cruller. It's a hard job for him to keep up that pace."

"I think the only show that has found a fool-proof formula is the Lucille Ball-Desi Arnaz show. They seem to come up with a lot of laughs every time and the production is terrific. A lot of the other shows hit a few good weeks and then start floundering."

The Ball-Arnaz show is on film and it is probable that Bing's show would be, too. It is doubtful it would do a live telecast.

A perfectionist (and a little lazy), also, he pioneered the use of transcribed shows on the radio network. He pointed out the value of building a library of TV shows for reuse purposes.

But Bing emphasized that he wouldn't do a weekly TV show.

"The thought of it staggers me," he laughed. "But even if I had the time to do a show every week, I don't think it would be wise. Television is a totally different medium from radio. I think it's dangerous to apply too frequently on TV. Not only do you run out of material, but you've got your welcome with the public."

"I think it's the same way with pictures. If you make too many, the public gets weary. I remember the stock company that used to work out at Warner's in the '30s. They were all wonderful characters. But the studio put them in a new picture every week. The result is that none of them can get jobs now."

"And look at Charlie Chaplin. His pictures are always eagerly awaited. That's because he only makes one every three or four years."

Many stars are giving up radio for TV, and I asked Bing if he would be following the trend.

"I don't think so," he replied. "BS seems to want me to continue, so I see no reason why I shouldn't."

The crooner is currently working in "Famous" with Jane Wyman and Ethel Barrymore. The studio describes it as Bing's most dramatic picture to date. For the first time on the screen, he has a grown son, portrayed by Robert Arthur. (Gary Crosby was sought for the role, but his father vetoed the idea.) Bing has even sprinkled some grey in his toupée to make the relationship more believable.

## Idaho Spuds Sell Less At Low Measure

Idaho potato growers are being offered 2 cents a hundredweight less for 1 1/2 inch minimum No. 2 potato packs.

The Idaho Falls market report for December 4 quotes: "Prices to growers: bulk per cwt. at growers' cellars to be washed; U.S. No. 1 mostly around \$3.40; U.S. No. 2 \$1.90 to \$2.00 with most packers offering 5 cents less for 1 1/2 inch minimum on U.S. No. 2."

The 2 inch minimum size regulation was removed in Idaho on December 3 for the No. 2 grade only. Klamath basin growers decided Wednesday night not to take the same action at present.

Growers here are included to favor marketing of sizes under two inches as a separate pack with perhaps a 1 1/2 inch minimum instead of the 1 1/2 inch bottom allowed by the U.S. No. 1 size B grade and perhaps only in packages of 25 lbs. or less.

At the present time, the 2 inch size regulation here prohibits sale of B's except for export or processing.

The portion of the basin crop in the 1 1/2 to 2 inch size range is estimated at about 1000 cars. Some of this production has moved for export or dehydration at prices around \$1.00 per cwt.

## Draft Test To Be Held

WASHINGTON, (AP)—About 20,000 college students are expected to take the college qualification test tomorrow, to become eligible for a draft deferment if they pass it.

The number compares with a total of 339,000 who took the test last spring and summer.

The testing system was set up by selective service to give its local draft boards evidence of a student's ability to continue college study.

The score on the test and the student's scholastic rank in his class may be used as a guide by the draft board for an educational deferment.

The present yardsticks for deferment are a score of 70 or a ranking in the upper half of the freshman class, the upper two-thirds of the sophomore class, the upper three-fourths of the junior class.

Draft boards are not bound to defer a man even though he meets these standards.

More than 60 percent of those who took the test previously go better than a 70 score.

## Dog Tries To Commit Suicide

PROVIDENCE, R.I. (AP)—The Rhode Island society for the prevention of cruelty to animals is convinced it has a dog on its hands that is trying to commit suicide.

George J. Reilly, manager of the society, said last night the small, brown mongrel dog jumped in the Woonasquatucket river twice in the last two days, both times lighting off rescuers until captured with long poles and nooses.

Reilly says, the dog is apparently trying to starve himself, rejecting both food and warm milk.

Reilly says he's hoping the dog's owner would show up so he can find out what's troubling the dog.

## Four Die In PBY Crash

HAMILTON, Bermuda, (AP)—Four navy airmen were killed yesterday in the crash of their twin-engineered PB-1Y flying boat, which flipped over and sank after landing on the smooth waters of Port Royal bay.

Witnesses said the right wing of the lumbering old craft dipped as the plane touched the water. The plane sank with surprising speed, they said.

The navy clamped heavy security over the crash area and Capt. Franklyn Karnes, commandant of the naval operating base, took personal charge of diving operations to salvage the old plane and bring it back to land.

Three bodies were recovered and a fourth was hunted in operations which went on through the night. Two crewmen were seriously injured and two others were hurt less seriously.

A navy spokesman said the plane was on a routine training flight. The airmen were members of a squadron attached to the Atlantic fleet air wing. PB-1Y planes, called Catalinas, were used extensively for patrol work during world war two but have been superseded by faster craft.

## Albacore To Be Imported Again

ASTORIA, (AP)—The Columbia River Packers association will resume importation of raw albacore tuna from Japan, according to Thomas F. Sandoz, a company spokesman.

In a debate with Dr. Wilbert Chapman, research director for the Pacific coast fishery producers institute, Sandoz reported that the association plans to import 1200 tons of albacore. He said he hoped the return could be completed before congress takes action on a proposed tariff on raw tuna.

Sandoz said he thought the proposed tariff—\$60 a ton should exempt albacore.

The tariff bill has passed the house and is awaiting senate action.

## Civil Trial Findings Told

Findings of a civil trial held two months ago in circuit court were recorded yesterday in the circuit clerk's office.

George Sheridan Spencer, sued the Southern Pacific railroad for permanent injuries claimed suffered in a car-train collision at the Old Joe Wright road crossing May 11, 1950. He asked \$10,000 for injuries to the head, face and right knee.

Findings on the trial issued by Judge David H. Vandenberg give Sheridan a judgment of \$6890. Attorney for Sheridan was U. S. Barentine.

Railroad attorneys will have 10 days to reply to the findings of the court before judgment is final, the circuit clerk said.
