NEW YORK (AP)— Any peace in Korea may be followed by some new "Communist treachery" there, Secretary of State Acheson says, or be offset by a major Red aggression in Southeast Asia or other border areas.

That prospect was held out by the secretary Sunday night in a year-end foreign policy summary and New Year forecast in which he told the nation that this is no time "to let down at all in vigilance, purpose and effort."

"It is hard to say that any one year is more critical than another," Acheson told a meeting of Jewish war veterans, "but it seems to me critical that we will have it in our power in 1952 to take action or to withhold action, which will have a decisive effect upon the cause of peace."

The great decisions to be made in the defense of Western Europe, Acheson said, concern a new Atlantic Alliance mobilization schedule, the making of a peace contract with West Germany, and the organization of Western European forces to include German units.

He predicted action on all these in the first months of 1952.

In addition, he listed outside the European area five danger spots beginning with Korea and requiring constant "vigilance" in the new year.

The critical other points listed were Indochina, Burma, Egypt and Iran.

Acheson Sees Treachery From Reds

BOSTON (AP)— Former President Herbert Hoover said Saturday the United States will "decline and fall like the great republics of the past."

The former President spoke on a transcribed radio WEEL forum program, "Reducing the Federal Wasteline," broadcast by the Massachusetts Committee for the Hoover report.

Sineling out for particular criticism the scandals in the tax collecting agencies of the government, he said:

"I have no doubt that if the Hoover Commission's recommendations on collectors of internal revenue and other political appointees had been accepted two and one-half years ago—when they were made—these scandals would not have occurred."

He said the dangers of corruption in tax collection weren't new to the members of the commission which condemned the present method of selecting tax collectors, and added:

"They are mainly selected by political bosses. They are certainly selected with their approval. The determination of their fitness is pretty much based on the ability to get votes or rewards for doing so."

Hoover contended three things were wrong with the present system: One, obligation to local bosses; two, lack of professional competence and three, absence of standards of integrity.

Hoover Predicts Fall Of U.S. Unless Steps Taken To Clear Graft, Corruption

LONGVIEW (AP)— Five Long-Bell Lumber Company executives will move up to better posts Jan. 1.

These promotions were announced Saturday by President J. M. White. Harry G. Kelsey, formerly of Longview, becomes general manager of the Vaughn division, located 17 miles west of Eugene, Ore. Theo A. Deal and A. J. Myers become assistant managers respectively of the Longview division and the Gardiner Lumber Co., at Gardiner, Ore.

Also, J. E. Adams becomes Longview plant superintendent; and Clyde Starling, who has been with the company at Eugene, Ore., has been named manager of the West's sales department, succeeding W. Kelsey.

Kelsey succeeds George S. Hays, a 51-year veteran with the company. White said he is an Oregon State College graduate and worked with Western Washington utility firms before joining Long-Bell.

Myers will remain in Gardiner and will also become an assistant to J. H. Kesson, vice president and general manager of the Longview division.

Long Bell Officials Up Ladder

WASHINGTON (AP)— The United States' defense mobilization program, or something like it, will last for possibly 20 years, Manpower Chief Arthur S. Fleming said Monday.

If people understood this, he said, more would approve draft deferments for college students and more high school graduates, girls included, would study engineering, which sorely needs trained personnel.

"I have gone on the assumption that we were going to be involved in some kind of defense mobilization program of the next 10, 15 or 20 years," Fleming said in a copyrighted interview in "U. S. News Magazine."

"It seems to me that if we do not approach it on that particular difficult level as far as our reasoning is concerned."

Much adverse reaction to college deferment, Fleming said, arose from those who "figured the emergency was going to be with us for two or three years." He said they believed the armed forces would have no room for draftees upon graduation.

Critical Rent Areas Tagged

WASHINGTON (AP)— The Defense Production Administration has designated Port Townsend, Wash., as a critical housing area and Umattilla-Hermiston, Ore., as critical for new or expanded rent controls.

The agency said Saturday housing credit restrictions will be eased to stimulate private building in critical housing areas. In those designated as critical for rent controls, the Office of Rent Stabilization may establish new or expanded rent controls.

The Port Townsend area includes precincts of Center, Chinacum, Coyle, Gardiner, Hadlock, Ironadale, Leland, Nordland, Port Discovery, Port Ludlow, Quilcene, Tarbo, Woodman, and all of Port Townsend's precinct in Jefferson County. The agency said there is a minimum need of 300 units for families of military personnel.

The Umattilla-Hermiston area includes precincts 28, 29, 31, 32, 33 and 34, the cities of Stanfield, Hermiston and Umattilla, expanded to cover rents on converted units.

Critical Rent Areas Tagged

PASADENA, Calif. (AP)— A high tension wire lying in a rain puddle electrocuted a grandson of Nobel Prize winning physicist Robert A. Millikan Sunday.

Robert S. Millikan, 20, was driving home from a party. His car hit a power pole and a wire fell to the ground. Young Millikan stepped from the car into the puddle and was killed instantly by the current from the fallen power line.

High Tension Wire Electrocutes Boy

PLACERVILLE, Calif. (AP)— Frank Krek, 28-year-old highway worker, was buried under an avalanche two hours and came out alive.

James S. Swafford, 37, was crushed to death by the same slide Sunday in a blustering snowstorm 50 miles east of Placerville.

Rescuers who dug Krek out of the snow and mud theorized that the slide left an air space, permitting the trapped man to breathe.

Worker Survives Burial In Slide

PANMUNJOM, Korea (AP)— The United Nations and the Communists again exchanged prisoner of war letters Monday.

The Communists brought to this military armistice site 980 letters from Allied POWs in brown and white propaganda tinged envelopes. They were destined for several countries.

The U.N. turned over 26 letters addressed to Allied POWs in North Korea camps, including three letters for Maj. Gen. William F. Dean.

All the mail for the prisoners was from the United States except one letter from Tokyo to Dean.

Allies, Reds Exchange Letters

PORTLAND (AP)— A waterfront accident Saturday claimed the life of Ralph Maxwell, 38, Portland longshoreman. A piece of wood that pulled loose struck him in the head.

Defense Setup Here To Stay

WASHINGTON (AP)— The United States' defense mobilization program, or something like it, will last for possibly 20 years, Manpower Chief Arthur S. Fleming said Monday.

If people understood this, he said, more would approve draft deferments for college students and more high school graduates, girls included, would study engineering, which sorely needs trained personnel.

"I have gone on the assumption that we were going to be involved in some kind of defense mobilization program of the next 10, 15 or 20 years," Fleming said in a copyrighted interview in "U. S. News Magazine."

"It seems to me that if we do not approach it on that particular difficult level as far as our reasoning is concerned."

Much adverse reaction to college deferment, Fleming said, arose from those who "figured the emergency was going to be with us for two or three years." He said they believed the armed forces would have no room for draftees upon graduation.

North Korean Sees US Collapse

TOYKO (AP)— North Korean Premier Kim Il Sung said Monday in New Year's greetings to Chinese "volunteers" in Korea that "America is doomed to collapse unless she washes hands from Korea."

"I wish to express my thanks to you volunteers from China who have helped this nation's struggle," he added. His message was broadcast by Pyongyang Radio and monitored here.

440 Pints Of Blood Donated

LA GRANDE (AP)— Union County gave 440 pints of blood during the visit of the Red Cross bloodmobile to La Grande Thursday and Friday. The donation exceeded the quota by 40 pints.

Mrs. L. H. Russell, chairman of the Union County Red Cross, was the 22,000th donor in the regional drawing and the last to be processed this year by the bloodmobile staff.

Helpful Hints For Housewives

BIRMINGHAM Eng. (AP)— Bill Pegg gave the lie Monday to a poison penman who hinted he was pulling down his window curtains once a year.

Bill, a 44-year old bachelor, received two weeks ago an unsigned postcard saying "date for annual curtain washing: Dec. 24."

Bill has now posted his reply in his window.

"Please take notice that I do not wash my curtains annually or at any other specified time."

"The procedure that I adopt is to put my curtains up when the old ones fall down."

West Coast Phone Rate Hearing Set

COOS BAY, (AP)— Hearings on a request by the West Coast Telephone Co. for a rate increase in the Coos Bay area has been scheduled for Jan. 14 by Public Utilities Commissioner Charles Helzer.

The company asked rate boosts ranging from 16 to 29 percent in the area from Reedsport to Gold Beach.

FILE

SALEM (AP)— Articles of incorporation filed Monday: Albertson's Food Center of Ontario, Inc., Ontario, \$75,000, J. A. Albertson, Roy G. Maxey and Bertie Estes.

OIL MEET
Klamath county stockholders of Klamath Oil Inc. are to have an informal meeting at the Willard Hotel, Wednesday, 7:30 p.m. The firm is now drilling for oil in Montana.

When the American flag is displayed in the body of a church, the flag should be at the congregation's right as they face the clergyman.

Pope Prays For Prisoners

VATICAN CITY (AP)— Pope Pius XII broadcast his blessing Sunday to prisoners throughout the world—particularly those jailed in Communist lands.

The prisoners' fate, he said "is much more painful in many countries because they suffer innocently due to unjust laws... whereby the services of their hands are used."

The Holy Father also made special mention of the plight of youthful prisoners. He charged that:

"The press, the schools, the associations and sometimes even the schools make profits and sometimes deliberately corrupt the children, reaping upon the sacred innocence of the little ones and building up immense moral ruins."

Tower Death Learned Here

WALLA WALLA (AP)— An early morning fire hit the Pioneer Brewery Co. plant here Monday in 13-above-zero weather near Klamath Falls. All things, the cooling facilities.

Firemen fought the blaze in a swirling snowstorm. Fire Chief Leonard Adams estimated damage at \$4,000.

It destroyed the third floor of the structure. For a while, the flames leaped spectacularly into the falling snow but firemen had their main trouble from a six-inch layer of insulation cork in a double roof. The smoldering cork had to be peeled back. The fire started at 4 a.m. and wasn't under control until 9.

Brewery officials said the plant will be able to continue in operation by substituting other cooling facilities. The company produces Bavarian beer for marketing through a chain store.

Brewery Hit By Big Fire

WALLA WALLA (AP)— An early morning fire hit the Pioneer Brewery Co. plant here Monday in 13-above-zero weather near Klamath Falls. All things, the cooling facilities.

Firemen fought the blaze in a swirling snowstorm. Fire Chief Leonard Adams estimated damage at \$4,000.

Brewery officials said the plant will be able to continue in operation by substituting other cooling facilities. The company produces Bavarian beer for marketing through a chain store.

La Grande Hoping For Safe Record

LA GRANDE (AP)— If no fatal accidents occur in La Grande between now and Jan. 1, the city will have completed its third year without a traffic death. There had been 364 traffic accidents in the city this year up to Dec. 1, but no fatalities, the police department said.

Sacred Heart To Hold Mortgage Burning Party

A second era in the building program of Sacred Heart Parish will go up in smoke after the 9:30 a.m. Mass New Year's morning.

For the second time since founding of the parish, a mortgage burning ceremony will be held on the church steps. The mortgage of \$75,000 was issued in July, 1949, to provide funds for the completion of the gymnasium and parish hall dedicated last year.

In announcing the ceremony Father T. P. Casey said:

"We are very happy over the rapid liquidation of the indebtedness, especially so since it opens the way for further expansion of the parish facilities."

"Immediately following the burning of the mortgage, we will begin a six-room addition to Sacred Heart Academy, which we hope to have ready for use at the beginning of the school year in September. The estimated cost will be \$125,000.

"This will make it possible for us to take care of upwards of 600 children who were unable to gain admittance to the Academy last year because of too few classrooms."

"The new school building will be the last word in equipment and facilities," Father Casey stated, "and we believe will meet the demands for additional space for some time."

Pacific Power Reports Income

PORTLAND (AP)— The net income of Pacific Power and Light Company for the year ending Nov. 30 was \$3,523,309, stockholders were told Saturday.

That is \$294,733 higher than the previous year, Paul E. McKee, president, reported. He said operating revenues totaled \$19,547,740—a gain of 6.1 percent over last year. Kilowatt hour power sales were up 9.4 percent.
