Wheat Stages Some Small Gains Today

CHICAGO (AP) — Corn advanced a couple of cents under brisk demand on the board of trade Friday. The yellow grain's strength imparted a firm tone to the rest of the market.

Dealers said receipts of cash corn have not shown much, if any, expansion since the turn of the year. That fact, plus more snow in the corn-belt, apparently inspired buying.

Wheat and soybeans were helped along by hopes and rumors of export sales, although the only actual business was the sale of one cargo of Pacific Coast wheat to India.

Wheat closed 1/2 to 2 cents higher. March 2.59-2.59 1/2, corn 1 3/4-2 1/2, rye 1 1/4 to 2 cents higher, May 2.11 3/4-2 1/8, soybeans 1-1 1/4, higher. January 2.58 3/4-2, and last 35 to 3 cents a hundred pounds higher, January 14.50.

Stocks Show Some Gains Again Today

NEW YORK (AP) — The stock market was higher Friday with the railroads showing the way. It was the fourth straight advance.

The rails went ahead by as much as 1 to 2 points, with a few extending their gains even further at times, but the bulk of the list posted gains of fractions to around a point.

The volume came to an estimated 1,400,000 shares as compared with 1,220,000 shares traded Thursday.

W. A. Eastman Rites Held

Funeral services were held Thursday in Hornbrook, Calif., for Walter A. Eastman, 56, one-time resident of Klamath Falls, who died Dec. 29 in a Yreka hospital from a heart attack. He had been a patient for several days suffering from influenza. He had been a resident of Hill, Calif., for 11 years.

He was identified with the lumber business and during his California residence was with the Pacific Fruit and Box Co.

Following the death of his first wife, Edeith Conroy in 1940, he was married to Ozebele Peery who survives him. Surviving also are three sons, Robert Eastman, El Paso, Texas, Rodney and Roger Eastman, Hill, Calif., two stepsons, Ralph Peery, Olympia, Wash., and Harold Peery, Yreka; one brother, a sister, and three grandchildren.

Attending the services from Klamath Falls were Mr. and Mrs. Alfred Conroy, Mrs. George Conroy and Mrs. Roland King, Mrs. Wayne Kesse, a sister-in-law, her son Gerald, Medford, also were present.

Power Cut Slated For Local Mills

Next week, for the fourth consecutive week, the Klamath lumber industry will have its power supply curtailed by the California Oregon Power Company.

The same curtailment schedule in effect since the week of Dec. 17 will apply. Under that schedule, the mills are cut to half the normal electric supply between the hours of 8 and 11:30 a.m., and 5 and 7 p.m.

This far, most of the mills report they have been able to hold production and labor losses at low figures by rescheduling shifts.

H. P. Bosworth Jr., Medford, Copco's assistant general manager, says Copco's December load exceeded that of December, 1950, by 48,000 kilowatts. A good part of this additional demand has been laid to increased domestic use, primarily for home heating.

Bosworth said Copco had made arrangements to secure power from three other sources, any one of which would have prevented the shortage, but that all three deals had fallen through.

Arrangements were made with Bonneville and Electric Company and Copco hoped to obtain additional power from its own new development on the North Umpqua for one reason or another none of three sources were able to supply the additional power.

Sam Ritchey, Copco's Klamath Falls manager, said today the weather was the prime factor in the shortage. And he added he didn't expect any easing of the situation for at least another two weeks.

Meivin L. Moore, 2134 Autumn underwent surgery for a crushed hand suffered while working at Southern Pacific Plywood Co.

5416 Cars Of Spuds Gone

Spud shipments out of Klamath Basin to date this season—without California seed—total 5416 cars, according to figures released today by the state department of agriculture.

Those figures include 1162 cars in December by rail, and 205 more by truck for a month's total of 1367 cars.

Last year, official figures show shipments at the end of December totaled 5238 cars—including California seed and stockfeed diversions. December, 1950, showed 1937 cars of spuds shipped to market.

Teenagers Cleared Out Of Drugstore

City Police yesterday afternoon cleared a crowd of about 60 teenagers out of Walgreen's Drug Store on request of Edward Webb, store manager.

This morning Webb told the Herald and News the restaurant part of his store would no longer cater to the teenagers and police would be called again today if the same situation arose.

Webb said he consulted an attorney and headoffice officials of the company at Chicago and was advised to accept no more of the teenagers' business.

The store manager this morning showed a Herald and News reporter results of his store "being used as a teenage club."

Several nights ago, Webb stated, he discovered one of the youths involved in yesterday's disturbance in possession of a bottle of liquor and ordered the boy from his store.

KUHS Principal James Brown late this morning said he intended to talk with Webb and see if the situation couldn't be smoothed out. City Schools Superintendent Arnold Graalaup indicated school officials would try to bring control over the situation through emphasis of student government and the school system's continuously operating citizenship program.

CIO Rechecks Lumber Vote

PORTLAND (AP) — The CIO Woodworkers began checking ballots again Friday from a recent election of officers.

The recount was started after a number of ballots were counted. Originally A. F. Hartung, Portland, was announced as the new president after a "very close race" with James E. Padling, the incumbent.

The union's executive board began checking ballots in December, but took time off for the Christmas holidays without completing the check.

The board also plans to name a new editor for the Woodworker's publication, in place of Stanley J. Wilson, who died last week.
