

DSA Winner Selected By Committee

A special committee has selected Klamath County's outstanding young citizen of 1951 but identity of the person to be honored is known only to members of the five-man selection committee.

The outstanding young citizen to receive the Junior Chamber of Commerce Distinguished Service Award at the Senior-Junior Chamber annual dinner meeting here Jan. 15, the dinner is to be served at the Willard Hotel at 6:30 p.m.

Recipient of the Klamath DSA award will be considered for a statewide award and winner of that one will be a candidate for the national award.

Following national Jaycee policy, no one except members of the selection committee is to know who has been selected to receive the engraved DSA key. Sometime during the Jan. 15 meeting, awarding of the key will be announced.

The DSA award is made on a county-wide basis and is not confined to Jaycee members. Any citizen not more than 35 years of age is eligible.

Last year's winner was City Councilman Darrell Miller. Even the selection committee is secret; names of the committee members are known only to Jaycee Bob Smith, who appointed the committee.

This year's annual chamber dinner meeting is described by Chamber Pres. Arthur (Ricky) Rickbell as "perhaps the most important meeting in chamber history."

The meeting is to formally launch the chamber's important goal of expanding and stabilizing business in the county.

Two prominent Northwest business figures are to be guest speakers. They are William Lundeman, vice president and general manager of Pope and Talbot and president of the West Coast Lumbermen's Association; and Edgar Smith, president of the Portland Chamber of Commerce.

Tickets for the dinner meeting are being sold by directors of both the Senior and Junior chambers.

Churchill, Truman Agree On All-Out Support For Unified European Army

Transport Plane Plows Into Swamp

MINNEAPOLIS (AP)—A four-engine Northwest Airlines transport made a forced landing in a swamp just after it had taken off Wednesday on a pilot check flight. Three crewmen, the only persons aboard, escaped injury.

The DC-4 plane slid about 500 feet in snow, shearing off three propellers.

Ahead were Capt. Bob Audley, Co-Pilot Leroy Anderson and O. D. Schroeder, check pilot, all of Minneapolis.

Mexico City's lowest street is more than a mile higher than the topmost points of New York City's skyscrapers.

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Prime Minister Churchill leaves Washington Wednesday for a visit to New York and Ottawa, apparently convinced that his talks with President Truman have laid a new basis for tightened British-American co-operation around the world.

In a final White House session, ending Tuesday night, Churchill and Mr. Truman agreed to give all-out support to formation of a unified European defense army, including German, French, Italian and Low Country troops.

Mr. Truman had wanted such a commitment from the British leader in the hope of speeding up the army project in Europe.

A 1,300 word communique summarizing the results of the four days of talks, but omitting information on secret military discussions, is expected to be issued this afternoon after Churchill's departure by train.

The communique, informants reported, will announce several specific points, including an agreement on raw materials supplies. This is expected to assure Britain of more American steel and the United States of British tin.

The Prime Minister is leaving behind for further consideration a number of issues which may be months in solution plus some political problems—presumably centering on the Middle East—for discussion between Foreign Secretary Eden and Secretary of State Acheson.

Churchill is understood to have expressed to the President a desire for greater exchange of atomic information among the United States, Britain and Canada and for arrangements to test Britain's atomic weapons here. This information exchange would require action by Congress to relax present rigid atomic secret restrictions.

The long disputed matter of assigning an American admiral as Atlantic Commander under the North Atlantic Treaty Organization was reportedly reconciled in discussions by the two government chiefs and their military advisers.

One report was that they agreed the United States should exercise the Atlantic command. In turn, it was said, the U.S. agreed to back Britain's bid for leadership in the proposed Middle East command.

After Tuesday night's session, Churchill told newsmen the American people were carrying out their mission in world affairs "not for themselves or any nation but for all mankind."

There's Something **NEW** Under the Sun!

RADIANT HEAT Wherever You Need It!

SUN panel

Produces Radiant Heat. Wafer thin, puts heat beneath your feet. Thermostatically controlled. Can be adjusted to satisfy individual warmth requirements. Stops all suffering due to cold floors, under-heated rooms. Warms so gently, so completely, as though you were basking in the Indian Summer sun. Operates on or underneath rug, or pad. Moisture-resistant. Absolutely safe. Warms you indoors or out. No moving parts...no fans...no motors...nothing to wear out. Portable and plugs into any 110-volt AC outlet. Economical. Uses current only when the thermostat control turns the current on to maintain the desired warmth. Can be painted, enameled or lacquered. COLORS: Ebony Black, Spring Green, Autumn Red, Sun Tan.

Hospital To Battle Law

PORTLAND (AP)—Physicians and Surgeons Hospital—denied a \$60,000 grant—is going to try to tie up all federal hospital grants in Oregon, its attorney said Tuesday.

The hospital "will file an injunction or take other appropriate action against the State Board of Health challenging the manner in which disbursements of Hill-Burton Act federal funds were handled," the attorney, Ernest Burrows, said.

If an injunction is granted the entire \$578,000 which Oregon has received under the act might not be disbursed to the dozen or so hospital projects for which funds already have been allocated.

The Hill-Burton Act provides for a federal grant of 1-3 of the cost of a hospital providing the remaining 2-3 of the cost is put up by the hospital and certain other conditions are met. The Board of Health distributes the funds.

Burrows explained that Physicians and Surgeons applied for a \$60,000 grant some time ago. He said the Board of Health approved the grant in 1950 and told the hospital that the funds would be forthcoming.

But since then, a number of other hospitals have received grants and Physicians and Surgeons has been by-passed, he said.
