Ambassador Guarded On Spain Trip

MADRID, Spain (U. S. Ambassador Station) Griffiths was safely back in Madrid Saturday from a trip to Valencia—a trip on which hundreds of Spanish special guards and a big Army pistol in his pocket guarded him against a reported Communist assassination plot.

Griffiths said an anonymous tipster disclosed the plot which he attributed to Communists, two weeks ago. The American Embassy notified Spanish authorities before he left on the motor trip. He returned Friday night.

The Spanish government posted civil guards and police armed with sub-machineguns every half mile along the 200 mile road to Valencia. In some spots, regarded as particularly likely for an ambush, the guards were only 100 yards apart.

Detectives in a motor convoy accompanied the ambassador's car to Valencia Thursday. Five motorcycle police met the cavalcade outside the city and, with sirens clearing a way, escorted Griffiths to his hotel. Police rined him the two days he was in town.

The ambassador has been negotiating with the Spanish for U. S. naval and air bases that may be linked with general Western European defense plans.

DAVID OLSEN — son of Mr. and Mrs. Edis Olsen, 1804 Wiard, spent his boot leave here recently before going aboard the USS Iowa. Olsen was a Klamath Union High School student before going into the Navy last October.

Schoolmarm Quits Post

FORKS OF SALMON, Calif. (U. S. — The feud between parents and Schoolmarm Martha Freeman over her "robust western language" is over, but a month's vacation enjoyed by the kids may be continued.

Some 20 pupils are banking on heavy snows in this Northern California area to prevent the replacement teacher—Roy Heasley of Oakland, Calif. — from arriving by Monday.

The schoolmarm was accused by the parents of beating pupils and using cusswords. She denied this.

For the first 14 days of the feud, Miss Freeman raised the flag each morning and sat alone in her empty school because the parents kept the children away.

But Friday she agreed to let the school board say up the rest of her contract for \$800.

52,500 Listed For Draft

WASHINGTON (U. S. — The Army and the Marines are calling 52,500 draftees in February and 28,600 in March—a 2,500 quota cut for February and a below-average figure for March.

The March call, bringing the total of draftees since September, 1950, to 875,430, includes 20,000 for the Army and 8,600 for the Marines. February's includes 41,000 for the Army and 11,500 for the Marines.

The Defense Department said February reduction was possible because of increased volunteering and a change in Marine Corps recruiting. The Navy relies solely on recruiting.

Five Jailed In Tito Plot

BELGRADE, Yugoslavia (U. S. — Five Yugoslavs, two of them former high government officials, pleaded guilty to plotting the overthrow of Premier Marshal Tito's government and were sentenced to prison Friday.

Borba, organ of Tito's government, said all five were acting for the Soviet-led Cominform which ousted Communist Yugoslavia in June, 1948, because it refused to follow Russian policies.

Vojislav Szentici, former deputy economic planner, got a 15-year sentence from the district court. He was arrested last June, reportedly while he and his wife were trying to flee the country. Szentici was said to have passed the Soviet Union information on Yugoslav negotiations for U. S. economic and military aid.

His wife, Dragica, one-time foreign ministry official who decided on appointment of officials to other countries, was given a 10-year sentence.

Milka Zlicina, one of the country's best known women authors, was sentenced to eight years.

Olof Peterson Passes At 80

LAKEVIEW—Olof Peterson, for many years a rancher on the Westside was born August 14, 1871, at Vestorp, Sweden, and died at Lakeview on Jan. 6, 1952, at the age of 80 years, 4 months and 22 days.

Funeral services were held Thursday from the First Methodist Church with the Rev. Luis V. Bove officiating. The service was directed by the Ouseley-Osterman Mortuary and interment was in Sunset Park Cemetery. Vocal numbers were offered by Mrs. Forrest Jones and Mrs. Don Peters, and Mrs. Mollie Sullivan was at the console of the church organ. Pallbearers were Charles Jamieson, C. W. Ogle, Erwin Abramson, Elmer Williams, R. H. Radford and Glen Woodford.

Mr. Peterson came to the United States in 1891 at the age of 20 and became a naturalized citizen in 1902. On February 20, 1903, at Goshen, Idaho, he was married to Altha Belle Eggleston, who survives. Mr. Peterson moved to Lakeview from Idaho in August 1917, and has been a resident of this area since that time. He was a member of the Methodist Church and the Thomas Creek Grange.

In addition to his widow, Mr. Peterson is survived by eight children: Eric Peterson, of Los Angeles, N. Mex.; Mrs. Mable Lagier, Oakland, Calif.; Mrs. Edna Angelle, Lakeview; Elmer Peterson, San Jose; Norma Wilcox, Aradonia, Mrs. Doris Herbert, Washington, D. C.; Eugene Peterson, Santa Barbara; Mrs. Lillie May Rhorer, San Lorenzo; and 20 grandchildren. One daughter, Myrtle Peterson, preceded him in death.

Atomic Artillery Not Out Of Picture; Congress Has Look At Mock-Up Friday

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (U. S. — The artillery gun for shooting atomic shells may be fired with a conventional propelling charge like any big caliber gun. No nuclear explosive needed to throw the missile at the target.

And a major problem in the design of the weapon, a model of which was shown to the joint Congressional committee on atomic energy Friday, probably has been to hold the weight of the gun down to a point where it is practical for battlefield use.

If the words used by Chairman McMahon (D.-Conn.) of the committee were used advisedly, the new weapon appears to be a gun instead of a rocket launching device. He described it, in talking to reporters, as an "artillery gun" designed to handle atomic shells.

A weapon used tactically on a war front would not need unusual range, only enough to hit enemy troop positions, field fortifications or concentration points close behind the lines. The huge power of an atomic explosion thus would not be required to propel the atomic charged shell from the gun.

Gen. J. Lawton Collins, Army chief of staff, said in a radio interview last month that artillery capable of firing atomic missiles has been tested. He said that did not mean "it has been tested as an atomic weapon; it doesn't have to be."

That seemed to point pretty definitely toward the idea that the model which Congressmen saw Friday probably was no too radical in design, except perhaps for the bore and length of its tube.

While the packaged size of atomic explosives has been reduced considerably since the days of the Hiroshima atomic bomb, it is doubtful that the diameter of the package still could be fitted to standard existing weapons.

The biggest mobile gun used by the Army is the 240 millimeter howitzer. That is a bore of slightly under 10 inches. A caliber of even double that size would create a hefty weapon for easy mobility on a battlefield, although not an impossible weight.

A 240 millimeter howitzer weighs 25,000 pounds, the carriage for moving it about 39,000 pounds. To double that bore might bring the complete weapon assembly up to a weight of approximately 60 tons. But 60 ton tanks are considered by some military men as practical for battlefield use.

The maximum effective range of a 240 mm howitzer is 25,255 yards (about 14 miles), ample to get the dangerous explosion area of an atomic burst well away from friendly troop positions.

Lake Savings Figure Up

LAKEVIEW—Assets of the Lakeview Federal Savings and Loan Association reached \$543,387.74 as of December 31, 1951, as compared to \$420,498.72 one year earlier, an increase of \$122,889.02 or about 30 per cent.

The organization has again declared a dividend of 3 per cent maintaining the same rate that has been paid by the association since its organization in 1933, said E. G. Favell, secretary. The association when it formed in 1933, had assets of \$2,602.

The annual meeting of the stockholders will be held January 16, 3 p. m., at association headquarters in the Favell-Uley Realty office.

R. E. Harlan is president this year, with A. M. Denio, first vice president, M. M. Barry, second vice-president; Favell, secretary and Marguerite K. Nelson, assistant secretary. These serve on the board of directors together with D. E. O'Connor, J. H. Ouseley, B. C. Robinson and L. E. Ogle.

Cornett Mum On Preference

Mrs. Marshall Cornett, heading today for San Francisco and a meeting of the Republican National Committee declined to say who she favored as the GOP presidential nominee.

Mrs. Cornett is National Committeewoman from Oregon. The Committeeman is Ralph H. Calk of Portland.

At the San Francisco meeting next week California's Gov. Earl Warren and Harold Stassen, avowed candidates for the GOP nomination, are scheduled for talks, and invitations have been extended Sen. Robert Taft and a representative of Gen. Dwight Eisenhower.

Mrs. Cornett said she could not voice her choice of the four or of anyone else who might get the nomination, since the GOP committee would have to work to elect whomever is nominated.

But she said, the Republicans can't next November if a strong candidate is put up and the party organization gets down to work.

As for the nominating convention in Chicago next summer, Mrs. Cornett said that neither Eisenhower, Taft, Stassen or Warren would have enough strength in her opinion to get a first-ballot nomination. It will take three or more ballots, she believes, to get a nominee.

Schoolmarm Quits Post

FORKS OF SALMON, Calif. (U. S. — The feud between parents and Schoolmarm Martha Freeman over her "robust western language" is over, but a month's vacation enjoyed by the kids may be continued.

Some 20 pupils are banking on heavy snows in this Northern California area to prevent the replacement teacher—Roy Heasley of Oakland, Calif. — from arriving by Monday.

The schoolmarm was accused by the parents of beating pupils and using cusswords. She denied this.

For the first 14 days of the feud, Miss Freeman raised the flag each morning and sat alone in her empty school because the parents kept the children away.

But Friday she agreed to let the school board say up the rest of her contract for \$800.

Church Women Planning Aid

The Klamath Falls Council of Church Women has adopted as its first 1952 project collecting of funds for sending goats to Korea.

It is reported that in South Korea now there are some 100,000 children in orphanages in need of food, especially milk. Tuberculosis is striking an average of one out of two of the children and it is important to treatment of the disease.

Suitable milk goats are now being located and funds are needed for their purchase. Cost of a good goat is about \$50.

Checks payable to "Goats for Korea" may be mailed to Mrs. Irvin Tweet, council treasurer, 1120 Eldorado.

General Plans Retirement

WASHINGTON (U. S. — Lt. Gen. George E. Stratemeyer, 61, will retire Jan. 31 after 36 years service, the Air Force announced Friday.

He was stricken with a heart attack last May in Tokyo, where he commanded the Far East Air Force. He now is attached to the Grifando, Fla., Air Base Hospital for treatment. Stratemeyer plans to live in Florida.

He was U. S. air commander in the India-Burma theater in World War II and was the first chief of the U. S. Continental Air Command.

Basin Men Enter UO Fraternities

UNIVERSITY OF OREGON, Eugene—Two students from Klamath Falls, and one from Chiloquin, were among 39 men to pledge fraternities during opening rush in fall term.

They are: Gerald Lee Garrett, son of Mrs. Vera Seckman, 1832 Last St., Klamath Falls, a sophomore in business, who pledged Sigma Chi; James L. Myers, son of Mr. and Mrs. George A. Myers, 711 Pacific Terrace, Klamath Falls, a junior in pre-med, who pledged Phi Kappa Sigma; and William V. Norval, son of Mr. and Mrs. Vernon G. Norval, Chiloquin, junior in business administration, who pledged Delta Upsilon.

John Quincy Adams, sixth president of the United States, was born July 11, 1767, at Braintree, Mass.

Ice Causes Two Accidents

Snow and ice claimed two accident victims yesterday.

Richard Clark, 15-year-old KUHS student, son of Mr. and Mrs. George Clark, 2921 Lavey, suffered a badly broken right leg while skiing in the Hillside district.

Mrs. Addie May Nixon, 45-year-old city librarian, received a rash above the right eye and a fall in front of her home about 10:20 p. m. last night.

She is held in Klamath Valley Hospital for observation.

Both victims were taken to the hospital by Kaler's ambulance.

Eden Warns Of Fresh War

NEW YORK (U. S. — British Foreign Secretary Anthony Eden said Chinese Red intervention in Southeast Asia might send the United Nations forces into that area.

Speaking Friday at a special Columbia University convocation—at which he was awarded an honorary doctorate of laws—Eden said: "It should be understood that the intervention by Chinese Communists in Southeast Asia, even if they were called volunteers, would create a situation no less menacing than that which the United Nations met and faced in Korea."

"In such an event the United Nations, I trust, would be equally firm to resist it."

But if Britain and the United States stand together, he said, "There is no problem we cannot solve. United we lead the world. Divided we falter, maybe to disaster."

Highlander's Tow Crowded

LAKEVIEW — Upwards of 100 skiers used the Fremont Highlander's tow and ski area last Sunday as continuing dry snows put the hill in top shape. It was reported by officials of the Forest Service.

They stated also that additional dry, powder snow has fallen so they look forward to seeing even larger crowds from here and other areas next Sunday. Numerous skiers from Klamath Falls and other communities are making almost weekly trips to the Warner Ski Area.

Hours for use of the ski hill are 9:30 a. m. to 4:30 p. m. on Tuesdays and Thursdays. It has been requested by ski club officials that only the adults who are experienced skiers use the hill during the Saturday night skiing, as children might not be easily become lost.

Lakeview Branch Bank Report Made

LAKEVIEW — Year-end statement of condition figures reported by the Lakeview branch of the First National Bank of Portland show that on December 31, 1951, deposits at the branch were \$8,183,714 and loans were \$3,693,985.

In releasing the figures, W. H. Buell, manager of the branch also reported comparable figures at the branch a year ago. On December 30, 1950, deposits were \$8,422,267 and loans were \$3,432,870.

POTATO PICES

You as a consumer have a real stake in the potato growers' case for ceiling price adjustment. Potato growers in Oregon are not particularly opposed to ceilings, but feel that announced prices are too low. Here is why:

To supply you year in and year out with wholesome, nourishing potatoes, we are bound to have years of surplus...with resulting low prices. We have just gone through four surplus years.

During those four years—even with government support—growers did not prosper. Many went broke.

HERE'S WHAT THE GROWER RECEIVES PER 100 POUNDS*

Under Announced 1952 Ceiling Price	Under Typical Surplus-Low Price Year
Present ceiling price...\$3.65	Market price ???...\$1.50
Less packaging and handling...\$.75	Less packaging and handling...\$.75
Less production costs 1.90 2.65	Less production costs 1.90 2.65
Grower salary for year...\$1.00	LOSS...\$1.25
Grower gets to a pound to live on.	Grower's salary...1.00
	NET LOSS...\$2.25
	Grower loses 2 1/2¢ a pound this year.

*Average production, packaging and handling costs from official Oregon Potato Commission figures.

These costs are based on U. S. No. 1 potatoes. However, substantial portions of every potato crop are graded by law as No. 2 and size B. The ceiling on these potatoes is 2.65 cents per pound. Actually, the grower must sell this portion of his crop below cost of production this year under OPS ceiling prices.

"Fair Play" would allow potato growers a reasonable profit. This is not possible under present announced ceiling prices. "Fair Play" would not force potato growers to sell part of their crop below cost of production. That's why potato growers believe that present ceiling prices should be adjusted.
