## How can such prices be today?

Only once in the last 5 years (during Wamsutta's record-breaking, pre-Korea, January 1950 White Sale) have Wamsutta Supercales sold at prices as low as these. Fur-thermore, when June '50 brought generally rising prices, Supercales did not go up by one penny above the 1949 level. And it is these already amazingly moderate prices that Wamsutta is sharply lowering for January. How is this possible?

> First, these extra-low prices are brought about by the marrelous cooperation of leading stores throughout the

> Second, every cent you spend is for the quality of the merchandise-not for ribbons, cellophane, and boxes.

Not a jot of Wamsutta quality is sacrificed. These are the same magnificent Supercale sheets which have set an allout standard for beauty and service.
