Fish Dates Tentative

PORTLAND (AP) — Tentative dates for the opening of trout season in Oregon were reported here Saturday by the State Game Commission.

In zone 1 (coastal waters) and zone 2 (Willamette and Hood river watersheds) the season will open April 19. The opening will be May 3 in all other zones except Lake County which will have a May 20 opening. These end Oct. 12 in all zones.

Sportmen will have two weeks to file objections to this and other regulations. Then on Jan. 25 the Commission will hold a final session and adopt the regulations.

The proposed regulations also call for changes in the salmon limit to permit the taking of two fish over 24 inches long and four between 12 and 24 inches from July 1 to Oct. 12. The weekly or possession limit would be four of the larger salmon or eight of the smaller.

Other regulations would set aside a 33-mile portion of the North Umpqua River in Southern Oregon for fly fishing only, and open Cascade mountain lakes, with a few exceptions, for fishing May 30 to Sept. 30.

Chains were required through the Columbia River Gorge, all mountain passes, and in Central Oregon the State Highway Commission reported.

The Pacific Highway was blocked between Yreka, Calif., and the Oregon State line. Over the Sixty-six in Southern Oregon, the same route was reported almost impassable.

Between La Grande and Union, snow piled badly over the Old Oregon Trail. The commission also reported high winds and poor visibility.

The road report:

Government Camp and Timberline — Snowing lightly, packed snow, plowing, carry chains, 4 to 8 inches new snow.

Wilson River and Sunset Summits — Snowing lightly, packed snow, plowing, carry chains, 4 inches new snow.

Crew Rescued Off French Ship

DEAL, France (AP) — A lifeboat landed 37 crewmen from the wrecked French steamer Agen Monday and then returned and persuaded the skipper to leave the ship.

The captain, Maurice Landreau, 42, refused to go ashore when the lifeboat took off the rest of the crew, but entered the lifeboat when it returned.

The 4,196-ton Agen ran aground late Sunday night on the treacherous Goodwin Sands and broke in two.
