# Disloyalty Charge Hits HST Aide

WASHINGTON (AP) — Sen. McCarthy (R-Wis.) has fired new charges of "Communist activities" against White House Aid David Lloyd.

In a Senate speech Tuesday, McCarthy said files of a loyalty study of Lloyd "all disappeared very conveniently" before President Truman promoted Lloyd to the \$17,500 a year post of executive assistant from a lesser speech-writing job. McCarthy charged that "under pressure" from the White House and from Seth Richardson, then chairman of the Federal Loyalty Review Board, a board panel in 1950 "rendered a decision to the effect that... in view of the fact that they were not allowed to call a hearing and put Lloyd under oath, they did not have sufficient evidence before them to find him disloyal."

Informed of McCarthy's remarks Lloyd told a reporter: "All I know is that I answered in full, in a sworn statement, all questions put to me from the board... If Sen. McCarthy wants to know anything from me, all he has to do is pick up the telephone and ask."

McCarthy also fired new blasts at Ambassador-at-Large Philip C. Jessup and John S. Service, ousted delegate to the United Nations General Assembly in Paris. Service was fired from the State Department recently after the review board said it found grounds for reasonable doubt of his loyalty.

clude a bilateral treaty with the Communist regime of China.

Russia lately has sought to win Japan's favor with trade overtures. Report circulated in Tokyo that Yoshida would send a special mission to Formosa to work out details for a treaty.

There was no immediate Nationalist comment but sources with a good grasp of official thinking attached importance to what they termed Japan's alignment with the free world forces opposing Communism.

## Japan Not To Dicker With Russ

TOKYO (AP) — Premier Shigeru Yoshida said Wednesday Japan has no intention of signing a peace and trade treaty with Red China.

But, he added Japan is ready to sign a treaty with Chiang Kai-Shek's Nationalist government in Formosa as soon as legally possible.

Yoshida declared his government's China policy in a letter to U.S. State Department Advisor John Foster Dulles.

"There are many reasons to believe," Yoshida wrote, "that the Communist regime in China is backing the Japan Communist party in its program of seeking violently to overthrow the constitutional system and the present government of Japan."

Furthermore, he said, the Sino-Soviet Mutual Assistance Treaty concluded in Moscow in 1950 is aimed against Japan.

"In view of these considerations, I can assure you that the Japanese government has no intention to con-
