Second Trial For Costello

NEW YORK (AP) — Gambler Frank Costello, his first criminal conviction in 37 years reportedly blocked by a lone juror—will face a new trial for contempt of the U.S. Senate Crime Committee.

And the committee's former chairman, Sen. Estes Kefauver (D-Tenn.), may see a prosecution witness at the retrial.

Unable to agree on even one of the 11 contempt charges against Costello, a federal court jury Tuesday gave up its efforts to reach a verdict after being out 23 hours and 20 minutes.

Federal Judge Sylvester J. Ryan continued the defendant in \$5,000 bail and set Friday for a preliminary hearing on a new trial.

Unofficial sources said that on some, but not all the counts, the jury vote was 11-1 for conviction.

U.S. Atty. Myles J. Lane told a newsman he had invited Sen. Kefauver to appear as a witness at the trial but that "he did not come." Lane said he would renew the invitation to Kefauver when Costello is tried again.

Jews Claim Reparations

JERUSALEM (AP)—Israel is ready to start its first direct negotiations with Germany. The first meeting—to discuss Jewish claims for a billion dollars in reparations—is expected to be held in Brussels, Belgium.

A date for the talks has not been announced, but they were authorized Tuesday by the Foreign Affairs Committee of the Knesset (Parliament).

Bitter debate over the propriety of Jews talking directly with Germans led to riot last week by the Herut Party, headed by Menachem Beigin, which hotly opposed the talks.

Previous Israeli claims for reparations have been presented to the four occupying powers in Germany.

Sailors Drown As Boat Sinks

TOKYO (AP) — Two U.S. seamen from Seattle and one from Portland were drowned Tuesday night when a launch from the freighter Washington Mail sank in Yokohama harbor.

Three other seamen, including Willis Cloud, wiper, of Seattle and Edmund Fog, wiper, of Portland were rescued.

The victims were identified as Azie Adams and Robert M. Horton of Seattle and Horace R. Edwards of Portland.

Cloud said the launch was taking men ashore when it struck a buoy. It quickly filled with water and sank. Japanese in a barge pulled the three survivors from the water within 10 minutes.

Impromptu Wrestling Bout Draws an All-Star Audience

By ERSKINE JOHNSON
 HOLLYWOOD (NEA) — Hollywood and Grapevine: Mary Rogers, daughter of the late Will, and her estranged hubby Walter Brooks had onlookers pop-eyed by their wrestling tactics at a local spot.

Mink-coated Mary grabbed Brooks at the back of his pompadour, yanked out a handful of hair and knocked him off his barstool onto the floor. Amazed spectators included Corinne Calvet, John Bromfield, Mel Ferrer, Gloria de Haven and Harry Rita.

Gloria, by the way, isn't denying the possibility of a sprint to the altar with Manhattan Millionaire David Hart as hotly as in past months. She told me: "I'll admit that he's the top man."

Son Born To King Farouk

CAIRO, Egypt (AP) — Queen Narmim, teenage second wife of Egypt's King Farouk, gave birth Wednesday to a son—heir to the Nile Kingdom's throne.

The boy—born at 2:20 a.m. was named Prince Ahmed Fouad after his grandfather, King Fouad. Palace sources who announced the birth said the Queen and her baby both were "doing well."

The King was married last May 6 to Narmim Sadek, commoner daughter of an Egyptian civil servant. The Queen celebrated her 18th birthday last Oct. 31. Farouk will be 32 on Feb. 11.

Swelling crowds massed in the huge square before Abdin Royal Palace and cheered as a 101-gun salute boomed to herald the birth.

A steady procession of cars carried Cabinet ministers, government officials and other dignitaries to the palace to record their official congratulations. The Education Ministry ordered all schools closed Wednesday and Thursday.

Common Fly Still Major House Pest

WASHINGTON (AP) — Man is still waging a losing battle in his efforts to rid himself of the common house fly, the Agriculture Department reported Wednesday.

During World War II, government scientists came up with DDT, an insecticide they hoped eventually would doom the fly and the mosquito.

But after some time, it was discovered the fly as well as the mosquito was developing a resistance to DDT.

In a research report issued Wednesday the department said laboratory strains of house flies have been bred that spend their entire adult lives and lay eggs while confined in cages thoroughly coated with DDT.

The department said its scientists now are studying possibilities of using baits along with rigid sanitation as a method of controlling flies.

Daylight Saving Plan Suggested

WASHINGTON (AP) — A Congressional committee suggests that "a national plan of daylight-saving time" be considered to conserve electric power for the mobilization effort.

The Joint Committee on Defense Production said Tuesday daylight-saving time would reduce peak loads on power systems by 750,000 to 2 million kilowatts.

B.C. Pulp Mill Plans Under Way
 VANCOUVER B. C. (AP) — Plans to construct a \$19 million pulp mill in the Quenesel area 400 miles north of here were disclosed by the Western Plywood Company Tuesday.

The mill will be part of a \$35 million development in the Quenesel district. It will get its power from a \$16 million Quenesel River hydroelectric project planned by the British Columbia Power Commission.

The new mill will employ more than 200 workers and under present plans will provide 200 tons of bleached sulphite a day.
