Chemult

By VIRGINIA TAYLOR
The Chemult diout, lasting over two months, has been lifted. At about 10 p.m. on Wednesday, REA Madlata Co-op plant is in operation. Little by little the townspeople are getting their eyes adjusted to that wonderful invention of Edison's again. The housewives are stocking their refrigerators with milk, and the ironing is being smoothed away, washing machines are again purring and in general everyone is much more congenial. This odd business of kerosene lamps, melting snow for dishwasher and going to bed by flashlight was getting mighty stale. Cecil Palmer will be the maintenance engineer with all line trouble being taken care of from LaPine. Standard station is open for business after a week of being closed. Their light plant suffered a breakdown and they were unable to operate.

The Gilchrist Garden Club had a record crowd Wednesday evening in spite of the blustery weather. Mrs. R. J. Terrell led the discussion on "Birds" the co-hostesses were Mrs. V. L. Osborne and Mrs. K. W. Rollson. Several Chemult members attended the meeting.

Several Chemultites were seen in Klamath Falls the past week: Mr. and Mrs. George Bourne and daughter Marilyn, Mrs. Verne Brader and son, David N. Brader. Mrs. Cora Breitfeld and Mr. and Mrs. Tom Kidenour.

The Don Bertrams brought little Jeff home Saturday evening. He had to remain in the St. Charles Hospital longer than usual because he was premature and also had a high bilirubin level. Several transfusions before he could be dismissed.

The March of Dimes campaign is under way and all local cafes, taverns and service stations are in possession of the miniature iron lungs.

Mr. and Mrs. Jo Bellavance have been visiting at the home of Mr. and Mrs. Homer Bellavance of Shevlin.

Mrs. Hope N. Brader. Post mistress in Chemult and Mrs. Evelyn Waldron of Orelch attended the Lane County Postmasters luncheon in Eugene, Saturday, Jan. 12. They were houseguests of the Royal Carters on Friday.

The highway crew has been working long hours getting the highway graded and as smooth as possible. They really have had their share of old man winter and have done a fine piece of work.

Glen Wood is the foreman of the Chemult crew.

Oregon Men Still Pushing MacArthur
PORTLAND (AP) — General Douglas MacArthur's Oregon supporters plan to enter his name in the state's Republican presidential primary ballot despite his refusal to run in Illinois.

One of the backers, Fred E. Epston, said Tuesday he had the required number of signatures to put the general's name on the May 16 ballot. The petitions will be filed Feb. 15, he said.

Oregon law does not require the candidate's consent. His name is placed on the ballot if it cannot be removed.

Jim O'Keeffe and son Mickey, from Merrill, spent a few days last week at the Jack Lynch home.

The school show Thursday night was quite well attended. The film shown was "Mother Didn't Tell Me." The next film will be "The Man Who Cheated Himself."

Clarence Nelson, Garry Nelson and Bob Penington attended the basketball game in Paisley Wednesday night. Bob is a member of the Paisley grade school squad. Paisley high school won the game from Lakeview high school.

Elgin Cornell and sons from Lakeview were overnight guests of Mr. and Mrs. L. E. Elder on Jan. 12. They attended the Grange meeting. Congratulations are extended to the Cornells on the birth of a girl, Jan. 8. Cornell is county agent.

It is with much regret that we learn of the serious illnesses of our friends, Mrs. Mary Wentzell, Harry Reed and Ed Lundy, all of Paisley who are patients in the Lakeview hospital. Their many friends join with us in wishing each one a speedy recovery.

As we mail our news this Monday morning, Jan. 21, we have a foot of new snow and it is still snowing.

Ranchers are finding it very difficult to feed stock with huge snowdrifts at every gate and roads blanketed and with floods in California and heavy snow storms in other states, we really have little to complain of but just the same we are hoping for better and brighter weather soon.

A square dance was scheduled for Saturday night, Jan. 19, but the affair was called off by the grange because of the bad weather.

Mr. and Mrs. Keith Harris and baby were visitors of his parents Mr. and Mrs. Dean Harris, a couple of days last week from their home in Bend.

Wound Notice Action Eyed

WASHINGTON (AP) — A proposal to expand the terms "wounded in action" notification given next-of-kin of casualties in the Korean War is being studied by the Defense Department, Rep. Steed (D.-Okla.) said Wednesday.

Steed said Secretary of Defense Lovett has asked the Army, Navy and Air Force for recommendations on two alternate proposals which he advanced:

1. A "follow-up" telegram to be dispatched as soon as the extent of injuries is determined.

2. Abolition of telegraphic notification and institution of an air mail service giving full details of the man's injuries and condition.

"It is a terrific shock for a mother or father to get a telegram merely saying their son has been wounded," Steed said. "It is in mind that the great majority of wounded men completely recover with no ill effects."

He said he thought in most cases it would be better to delay a few days until details could be assembled and transmitted by air mail.

The Cavalrymen were flown into Japan from the Philippines to cement the surrender in 1945.

Five years later the division was rushed to Korea to help stem the Red invasion.

Now, after 17 months of bitter combat, it is back in Japan—to defend a former enemy.

1st Cavalry Defend Jap Perimeter

By STAN CARTER
CAMP CRAWFORD, Hokkaido, Japan (AP) — The battle-hardened U.S. First Cavalry Division has been pulled out of Korea to defend Japan's northernmost island.

Russian troops on Habomai Island are only 1 1/2 miles away. The Russian-occupied Kuriles are 10 miles to the east. Russia's Sakhalin is less than 30 miles to the north.

Maj. Gen. Thomas L. Harrold, division commander, said Wednesday: "I can assure you of this: If they land here we'll be ready for them with everything we have."

"We feel we are as much on the front line here as we ever were in Korea."

Changes In Business Told

By DARLENE WOLFF
CHILQUIN (AP) — January has brought several important changes in local businesses, partly as a result of the disastrous December fire which wiped out the Pioneer Drug Store and Deffenbacher's Barber Shop.

Lorenz' Grocery and the Indian Art and Gift Shop have each opened a magazine concession and the gift shop has also added a line of small books for both adults and children and is handling films and film developing. In addition to the two above named places, Giengera's Grocery is also carrying the evening paper.

Mr. and Mrs. James Chipman look over the Prialux building late in the fall and Mr. and Mrs. Roy Deffenbacher are having living quarters and a barber shop built in the western half of the first floor, unused since the West Coast Telephone Co. used to have its offices there.

The Peden building, located at the other end of the block from the Prialux building, has been purchased by Mr. and Mrs. J. B. Rice.

Alan Prescott has purchased an entire line of fountain equipment from Mr. and Mrs. Jesse Mangum and will open a fountain and light lunch counter in the part of the Prescott building between the youth center and the Mecca Pool hall. They plan to open in about ten days.

Out on the highway the Pines cafe has changed hands and is now being operated by Mrs. Don Potter and Mrs. Albert Ericco. The Brice family has moved into the living quarters behind the restaurant and the business is open 16 hours a day with an excellent menu.

Moving from Sprague River this past week with a new business for Chilquian are the Dibbon Cooks, who have opened a shoe repair shop in the Norval building across the alley from the Copco headquarters. Many local people have sent shoes to Sprague River for years for repair, rather than to Klamath Falls and are very pleased that the business is now a local one.

Morse Says HST Budget Inflationary

CHICAGO (AP) — The President's proposed \$5 billion dollar budget is inflationary, unnecessary and impractical, according to Sen. Morse (R.-Ore.).

He said in a speech before the Chicago Council on Foreign Relations that Congress "should not approve a budget beyond 70 billions."

The proposed budget is impractical for a number of reasons he said:

"First, it cannot be spent economically during the next year. It will in and of itself produce waste and inefficiency in the administration."

"Second, it is not needed as of now. Sure, I know that if the goods were available we could use 85 billion dollars worth, but they are not available. The attempt to spend that much money will only result in contracting for a lot of goods and services that will not serve any vitally needed purpose. Let us but produce the most vitally needed goods such as planes and new atomic weapons."

"Third, an 85-billion dollar budget will increase inflation pressure."

On foreign spending, Morse urged a "point four program based upon a line of credit loaning policy."

"For many years to come it will be necessary to have an economic aid program to foreign countries to some extent," he said. "However, it should be granted on a project-to-project basis."

More Federal Gravy Asked
WASHINGTON (AP) — Federal unemployment compensation payments were sought Wednesday for persons thrown out of work by the defense program.

Sen. Moody (D.-Mich.) and 14 other senators prepared a bill to provide for the federal government to supplement state payments in such cases.

Moody put a 200 million dollar a year maximum price tag on the legislation. Rep. Dingell (D.-Mich.) planned to submit a similar bill in the House.

Moody said unemployment caused by transfer of scarce materials from civilian industry to military production "is increasing at an alarming rate."

Under his bill, the federal government would:

1. Pay jobless workers an additional 50 per cent of what they get from the state in basic compensation.

2. Match a state dollar-for-dollar in payments for dependents.

Among the co-sponsors of the bill are Sen. Magnuson (D.-Wash.) and Murray (D.-Mont.).

Winnie Takes 'Queen' Home

NEW YORK (AP) — Prime Minister Winston Churchill left for home aboard the liner Queen Mary early Wednesday morning after 8 days in the United States and Canada.

The 77-year old British statesman puffed a cigar and waved breezily to several hundred persons who came to see him off. Among those bidding him farewell were financier Bernard Baruch; Churchill's actress-daughter, Sarah, and city representatives.

Churchill spent his last day in the U.S. pursuing a cold. He remained at his friend Baruch's residence, where he stayed while here, and received visits from Mayor Vincent R. Impellitteri and Francis Cardinal Spellman.

The Prime Minister was on his third official voyage to the United States. He spent seven days in Washington and had six policy discussions with President Truman.

"Free" School May Work OK

JONESBORO, Ark. (AP) — Things are looking up for the young Arab who appeared here for the "free" education he thought had been promised.

The Jonesboro Rotary Club voted Tuesday to underwrite his tuition of \$300 at Arkansas State College for a year.

An unidentified couple offered to let him live in their home until March.

A Jonesboro business man, whose name also was withheld, offered financial assistance to the tune of \$50.

The 20-year-old Arab, Shukri Mohammed El-Khatib, arrived at Arkansas State Tuesday after a journey from his native Israel.

Shukri started the trip as a result of a mistake. He read a prospectus from Arkansas State in which life on the campus was described as "full, free and friendly."

"Free" meant only one thing to Shukri.

He sold a small farm for \$400 and used the money to come to Arkansas State for a "free" education.
