Grains Try Gains But Fall Back

CHICAGO (AP)—Grains made one little attempt to advance on the board of trade Friday, but then came tumbling back to a level around Thursday's closing prices. It was a "watching waiting" market, lacking any fresh incentive and made cautious by developments surrounding the Korean truce negotiations.

There was some export business in corn and a little was expected in soybean oil, but nothing developed in wheat.

Wheat closed 1/4 higher, March 2.57 1/4, corn 1/2 lower to 1/4 higher, March 81 3/4, oats 1/4 lower, March 84 3/4, rye 1/4 lower to 1/2 higher, March 81.98 1/4, soybeans 1/2 to 1 cent lower, March 22.98-2.97 3/4, and 1/2 to 10 cents a hundred pounds higher, March 13.90.

Stocks Fall Despite Buying Cushion

NEW YORK (AP)—The stock market gave a quiet demonstration of strength Friday with a comfortable advance.

Automobiles led the rise with a lot of help from oils, rails, steels, chemicals, rubbers and a few miscellaneous stocks.

The best part of the advance carried into the 1 to 2 point range with a few soaring beyond. Losses were scattered and small.

Volume came to an estimated 400,000 shares.

Churchill Praises King, Pledges Queen Loyalty

LONDON (AP)—Prime Minister Churchill broadcast a pledge of loyalty to Britain's new Queen Thursday night and praised as a model monarch the late George VI.

Most of his broadcast heard over much of the world was an emotional eulogy to the dead ruler, his close friend, who he said had

Reporter Hit, Mayor Fined

BEAUMONT, Calif. (AP)—Mayor G. P. Hamilton, 53, of Beaumont, Friday paid \$50 fine for pleading guilty to slugging James Jaeger, 32, a Beaumont Gazette reporter.

"I'll try to hold my temper down," Mayor Hamilton told Peace Officer E. E. Theriault of Palm Springs, Jaeger was not in court.

Mayor Hamilton was charged with assault and battery after he slugged the reporter Jan. 10.

The Mayor objected to a story by Jaeger which accused the Mayor or other City Council members of demanding that news be withheld about Robert Bruce's resignation as City Recreation Commission chairman. Bruce also is a politician.

UMT May Be In Use Soon

WASHINGTON (AP)—Sen. Russell, D-Ga., said Friday the vast program of universal training of 18 year olds could get under way this year, possibly within a few months.

This would require favorable Congressional action on a bill spelling out details of the compulsory military training.

Russell, who is chairman of the Senate Armed Services Committee, said he believes the program could start now with 18 year olds, because few draft boards are taking men below 20 now.

Chairman James W. Wadsworth of the National Security Training Commission agreed.

The Commission was set up by Congress last year when it approved the principle of UMT and asked the Commission to outline details in a separate bill now before Congress.

"We could start in the near future without inflicting any undue hardship on the Armed Forces," Wadsworth added.

Late he said the UMT program, intended to provide a vast manpower of partially-trained civilians, could be expanded to handle about 800,000 young men each year.

Some Senate committee men said they favor a UMT bill that would provide for training and active service by 18 year olds.

Morse Seeks Budget Slash

NEW YORK (AP)—Congress should cut 15 billion dollars off President Truman's proposed budget because we will not be industrially mobilized to do it, he said.

"I am convinced that a lot of wild spending is going on which is not in fact strengthening our defense," he said.

He said Congress should not approve a budget beyond 70 billion.

Cock Fighting Brings Fines

ALBANY, Ore. (AP)—Four men were fined \$50 in Circuit Court Thursday for providing a vast manpower of partially-trained civilians, could be expanded to handle about 800,000 young men each year.

Some Senate committee men said they favor a UMT bill that would provide for training and active service by 18 year olds.

West Pine Orders Show Increase

PORTLAND (AP)—Orders for Western Pine lumber, running 25 per cent behind a year ago, were a little better last week than in the same 1951 period, but were off from the week before. Shipments and production were both under the comparable 1951 periods.

Figures in board feet for the final three ciphers omitted, for last week, previous week and a year ago, in that order:

Orders: 65,306; 73,016; 60,430.
Shipments: 58,903; 52,728; 70,993.
Production: 49,012; 45,762; 53,536.

Parking Tickets Cleared Up

ASTORIA (AP)—Police impounded the car of William D. Brewster, Portland salesman, Wednesday after recognizing it as an "old offender."

Brewster told police he knew he was paying parking tickets, but that he didn't know how to clear them up.

Police explained: Pay \$31.50. He did.

British Proclaim Elizabeth Queen

London (AP)—The proclamation of the Accession Council from the balcony of St. James's Palace.

The appearance of Sir George, in a richly embroidered short-sleeved jacket of 15th Century style, was signalled by heralds with the royal coat of arms fluttering from their trumpets.

Most of the members of the government watched the three-minute ceremony from balconies around the old courtyard or from a small wooden stand erected in one corner.

Sir George's voice was almost drowned out by the city traffic.

As the solemn reading ended, the Goldstream Guards band struck up "God Save the Queen."

Then the saluting guns began to boom—62 guns from Buckingham Palace, 41 in Hyde Park, 21 from the garrison at Woolwich, other batteries throughout the Commonwealth.

Then a procession of carriages, carrying brilliantly clad heralds and royal officials, wheeled out of the courtyard to repeat the ceremony of proclamation at Trafalgar Square before other thousands.

The king walked with death as if he were a companion, an acquaintance whom he recognized and did not fear. In the end death came as a friend and after a happy day of sunshine and sport.

"In this period of mourning and meditation, amid our cares and toils, every home in all the realms joined together under the crown may draw comfort for tonight, and strength for the future, from his bearing and fortitude."

French to Aid Yugoslavia

PARIS (AP)—With only the Communists dissenting, the French National Assembly Friday voted a 5 1/2 billion franc—about \$1,700,000—in aid to Yugoslavia.

The vote was 517 to 101, with the non-Communist deputies about as near to unanimity as they ever get.

The money represents the 12 per cent share of France in the contribution to help Marshal Tito's government pay for imports. Britain and the U.S. are furnishing the balance.

Storm Tossed Mayor Quits

HAMMOND, Ore. (AP)—Mayor Merton Olney, storm center of a civic dispute that arose over the annexation of Fort Stevens, has called to be, and by the council of their elected Parliament.

"I pray that God will help me to discharge worthily this heavy task that has been laid upon me so early in my life."

SCENE

The 30-minute accession proceedings took place in the scarlet curtained Entree Room of St. James's Palace.

There were 192 Councillors present. They remained standing all through the ceremony.

Prime Minister Churchill was there, and standing by was the new Queen's 30-year-old husband, the Duke of Edinburgh.

King George had made him a member of the Privy Council last Dec. 4, so he was automatically a member of the Accession Council.

His sister, the Duke of Gloucester's daughter, King George's younger daughter, Elizabeth entered the palace by the garden entrance and first went to the white and gold throne room. She wore mourning.

Senate Curbs Copy Signing

WASHINGTON (AP)—The Senate has stopped the Commerce Department from requiring businessmen to furnish 75 copies of applications for authority to make overseas shipments.

Chairman Hoyt, D-N. C., said "75 copies were from two to three times as many copies as were actually required for the processing of these applications."

Hoyt said in a statement Thursday that under the regulations of the Office of Internal Trade in the Commerce Department, business firms should have to supply only two copies of such applications.

But at least in some instances, he said, companies had been asked to furnish the other copies for distribution to the National Production Authority and other interested agencies.

Actually, Hoyt said, it is the Commerce Department's job to make the necessary copies.

Some of the applications cover 30 typewritten pages, the senator said.

Kirkpatrick Rites Planned

Kirkpatrick, for many years was in business here. He and Webb Kennen founded the store at 4th and Main where Dick Heeder's is now located.

Kirkpatrick was 68 at the time of his death, and a native of California although he had spent most of his life in Oregon. His mother was a member of the pioneer James family, Belle Barnes, who died in 1937.

Kirkpatrick had been a member of the Elks for 35 years, and also was a member of the Woodmen of the World.

Funeral services for Lester F. Kirkpatrick, who died unexpectedly at his home, 337 N. 10th, Thursday morning, probably are to be held Monday Tuesday.

Arrangements are being held up in the event a nephew, Captain Floyd C. Kirkpatrick, Marine flyer in Korea may be able to return here for the services. Ward's Funeral Home is to be in charge, and the body is to be taken to the Los Angeles area for burial.

Commie Jet Fleet Feared

TOKYO (AP)—Lt. Gen. Otto P. Weyland says if Allied air strikes are halted the Reds could mount a tremendous jet armada from North Korea airfields within 30 days.

The Far East Air Force commander said in an interview Thursday the Communists have 15 good airfields which could be put into shape without much engineering effort.

All are located near supply points such as railroads or seaports, he added.

The Reds have insisted on the right to rebuild airfields during an armistice.

Weyland and his Air Force generals opposed this—until Allied negotiators offered to compromise and let the Reds rebuild some airfields for civilian use only.

Then Weyland and the others said:

But the general pointed out that commercial airfields could be converted to military air bases simply by supplying them with gas, oil and bombs.

Then—if the Reds broke the truce—United Nations ground forces in Korea would be faced with a real threat from the air for the first time.

Repeated Allied bombings have destroyed the usefulness of such fields as Namsi, Saemcheon, Taechon and Uju—all in Northwest Korea and all with 6,000 feet runways suited to Communist jet operations.

But during a truce the Allied bombers would stay at home and the fields could be repaired.

Weyland said the Reds worked frantically for a time to get jet fields into operation.

However, repair work virtually has stopped, Weyland said, "presumably because they weren't getting anywhere because of our B-29s."
