Long Plunge, No Injuries

SAN FRANCISCO (AP)—Officer Dick Wader was checking in on a police call box when he saw a man fall from a fourth floor hotel window.

"Send the ambulance, we got a leaper," he cried.

But Kenneth Udell, 58, was no leaper. He had just leaned out too far.

He dropped through an awning hit the sidewalk, and was back in the hotel when Wader caught up.

"I feel all right. . . . Just the same as before," he told the cop.

ROADS OPEN

SALEM (AP)—All Oregon highway routes except the Wilsonville Ferry were open and in good condition Friday.

TAGS for election day have been proposed by Harding College, an Arkansas school. The idea would be to give everyone who votes a little red tag reading "I have voted! Have You?" Here a girl models an oversize version of the tag.

Paid Private Not 'Payless'

KALAMAZOO, Mich. (AP)—Jesse Doan now is known as "Paid Private" Doan, instead of "Payless Private" Doan.

But he thinks the Army owes him more for the 15 months he didn't get paid—while he was fighting in Korea and while he was spending five months at home on rotation leave.

But Paid Jesse isn't going to send back the \$625.85 he finally got. It took him too long to get it.

Doan said the last pay he got, before the final check, was in November of 1950, before his unit left Sasebo, Japan.

Apparently the Army lost his records and kept telling Doan, "you weren't officially there."

To which Doan replied: "Yeah! For a fellow who wasn't there I spent an awfully rugged winter in Korea."

Incidentally, pay action came within hours after a story about "the Army's poorest paid private" appeared in Washington newspapers.

Commies Nip Corrupt Chief

HONG KONG (AP)—The pro-Communist newspaper, *The Kuang Pao*, reported Friday Communist China's anti-corruption campaign caught up last week with Tso Hong-Tao director of the Kwangtung People's Government General Office.

A Canton dispatch said Tso was fired after his staff denounced him as "a capitalistic bureaucrat."

They accused him of:
Building a ball room and swimming pool with government funds;
Accepting bribes from "certain enemies of the people";
Throwing parties at government expense.

Running a \$500 "staff welfare fund" into a \$55,000 deficit of funds;
Further, his accusers said, Tso "often shamelessly insulted the fair sex."

Churches Plan Betting Fight

SALEM (AP)—A campaign to end state-operated pari-mutuel betting on horse and dog races in Oregon was assured Thursday night by the Oregon Council of Churches.

Endorsement of a proposal to sponsor an initiative measure to ban the pari-mutuels was given here at the third of a series of four regional meetings of the organization.

The Assembly voted to take up the issue. But the narrow margin meant the test on the bill itself, probably this weekend, would be critical.

Faure, heading a coalition government of moderate and right wing parties, wants to give the government one month's time to boost the minimum wage five per cent after prices make such a rise.

The powerful Socialists backed the scheme, but Conservative deputies oppose the "escalator clause" of the bill as inflationary.

"I know of no reason for being present minimum wage is 20,000 francs (about \$7) a month."

Allies See Red Switch In POW Exchange Plan

By ROBERT B. TUCKMAN
MUNSAN, Korea (AP)—Allied spokesmen said Friday the Communists apparently plan to gear delivery of war prisoners to the Allied delivery rate.

The U.N. communique said there were indications that the Reds "will no longer adhere to their previous offer of completing the return of U.N.C. prisoners within 30 days after the armistice."

Instead, the Communists said the two-month time limit included in their prisoner exchange proposal of last Sunday applies equally to both sides.

Last Monday Rear Adm. R. E. Libby said the Allies would need 30 days because the U.N. has 116,000 prisoners. U.N. spokesmen indicated the Allies subsequently cut 20 days off their figure and asked the Reds who have only 11,559 prisoners, to do the same.

Chinese Col. Tsai Chang-Wen replied, "we cannot agree to different-time limits for each side."

Col. George W. Hickman told newsmen, "they don't want to give all of their's back until we give them all of ours."

Armistice negotiators will hold a full dress session Saturday to hear the Allies' answer to a Communist proposal for a high level conference to settle all Asian questions related to peace in Korea.

Some observers said they expect the U.N. reply to include a counter-proposal.

The Reds' three-point plan was offered Wednesday as an outline of proposed recommendations to governments involved in the Korean war.

It calls for a conference within three months after an armistice is signed to consider withdrawal of foreign troops from Korea, peaceful settlement of the Korean question and other questions related to the Korean peninsula.

ing to the Korean problem. Washington sources said the United States is prepared to accept the first two points, but will balk at the third, which could include such subjects as the future of Formosa.

SESSION SET

The plenary session on armistice agenda item Five is set for 10 a.m. Saturday, 5 p.m. PST Friday, in Pannunjom.

Staff officers still are trying to reach an agreement on the two other remaining agenda items—truce supervision and prisoner exchange.

Neither group made noticeable progress Friday.

Officers working on the supervision question devoted most of their one hour and 53 minutes session to discussing troop rotation and ports of entry.

Both sides refused to budge. The Reds held out for inspection at these ports of entry on either side of the battle line and a monthly troop rotation ceiling of 25,000 men.

The U.N. argued for 10 ports of entry and a rotation ceiling of 40,000.

League Fights Plane Flights

CHICAGO (AP)—The Frank Walton League of America wants the U.S. attorney general to stop airplanes from flying over Minnesota's million-acre Superior National Forest.

President Truman issued an executive order in 1949 which prohibited private or commercial flying over the roadless, wilderness tract. The order became effective Jan. 1, 1952.

The League, in a letter to Attorney General J. Howard McGrath, Thursday asked him to halt "flagrant violations" of the order. It said certain groups have consistently opposed all efforts to maintain the integrity of the wilderness for "dollar profit motives."

The League said the flying ban resulted from public demand that the area be maintained "an untamed wilderness serving its highest use for recreation and scientific study." The President acted under authority granted him in the Air Commerce Act of 1926 to establish air space reservations over government land "for military and other governmental purposes."

The region is accessible only by canoe or airplane.

This area must be maintained as at least one place where a man and his family, or a troop of Boy Scouts, can know what it is to travel the wilderness waterways by canoe, reach into remote lakes and woodlands, and enjoy pristine recreation. . . . the League wrote.

Man's Body Found in Car

Ben Simmons, 47, resident of the Hot Springs Hotel, was found dead in his car outside the hotel this morning apparently of a heart attack.

The discovery was made by Leonard L. Bloom, manager of the hotel.

Simmons was last seen about 6:30 p.m. Thursday when he left the hotel to go downtown. He had been hospitalized about three weeks ago for a heart condition.

Woman Placed On Probation

A 24-year-old housewife, Virginia Lee Hill, 2348 Home, was placed on five months' probation and assessed \$5 court costs Thursday afternoon in District Court for shoplifting.

She pleaded guilty to the petty larceny count.

The young woman was accused of taking a bed sheet, can opener and four pairs of child's panties, size 4, from Parks Variety Store. The value of the merchandise was reported to be \$8.01.
