Can't Give You the Stars -- IF YOU'RE HEADED

Can't pluck you the moon nor sweep the milky way into your waiting arms but we CAN tell you where to get the biggest thrill in all your life... you'll be catching your breath until old age creeps up and catches you, after you have seen what WE saw at RICKYS... Coming tenderly out of wrappings this week were MORE "nuggets" from SASCHA BRAS-TOFF, that incomparable "dreamer of design" who is sweeping America from Hollywood to the Empire building, from Texas to Canada with his ceramic ART.

We ALMOST "curtsied" before the dignified, mustachioed "gent" who flirts a wicked eye as a MARTINI JUG surrounded by six INDIVIDUAL "cups"... YOU'LL adore the "cache" boxes, several sized "vases" to tuck away your shekels in... the precious grooved FISH ashtray, huge enough (almost) for a serving platter... the darling double SNACK DISH... the gigantic PLATTER... covered cigarette boxes... the slender SQUARE vases... Pegasus, golden steed of mythology... SASCHA has caught the gorgeous colors of the autumn, the gleam of sun, the gray of shadows, the plum and brown of fruits and greens of virgin forests, the grace of a ballet dancer, the challenge of the archer, the heady froth of purple wine as it flows from an oaken cask into a tumbler... the DARING that is in all men... caught it all and brushed it on ceramic... look as you may... you'll find no TWO bits of his art are quite identical... his brush is flung with the sweet abandon of the artist who dares to do the unusual and he signs his name to all and sundry pieces... No need to look into a crystal ball to know that RICKYS is ALWAYS on the beam for the UNUSUAL you'll know it after seeing the SASCHA BARSTOFF bits of beauty at 700 Main.
