Grain Prices Fall

CHICAGO (U) — The grain market failed to carry through Monday with the strong upsurge noted in the closing half hour Saturday. That negative development was the market's main feature. For most of the session the market puttered along with the wheat little more active than most of last week and prices a little lower than Saturday's finish.

Fairly liberal cash grain receipts, a prediction for moisture in part of the dry winter wheat area, lack of support from mills and the absence of any export business combined to set the tone for the slightly easier market. Wheat closed 1/4 lower to 1/2 higher, March \$2.53 1/2, corn 1/4 lower, March \$1.81 1/2, oats 1/4 lower, March \$1.96 3/4, soybeans and lard 3 to 37 cents a hundred pounds lower, March \$13.05.

Stock Price Front Raggedly Lower

NEW YORK (U) — The stock market presented a raggedly lower price front Monday with trading quiet. Losses went a bit past the 2-point mark while gains ran to nearly 2 points with the downside crowded.

SUN OF CANADA CUTS COST OF INSURANCE

Canada's leading life company again increases policyholders' dividends. With 47% of its assets invested in the United States and announcing a further increase in policy dividends, reducing insurance costs, the Sun Life Assurance Company of Canada has just released its 51st Annual Report revealing the largest volume of new life insurance issued by any Canadian company in 1951 — over \$461 million; an all-time high in benefits paid, and an increase in the income per share earned on the assets last year.

George W. Bourke, President, in announcing 1951 figures for Canada's leading life company, stated that total Sun Life insurance in force now stands at \$4,801,000,000, an increase during the year of \$340 million. Advances in force provide immediate or future payments to the amount of \$104 million per annum. Group insurance in force now totals \$1,254 million, an increase of \$168 million (15.5%) during 1951. The rate of interest earned on the assets last year was 3.70% as compared with 3.61% in 1950; 3.48% in 1949 and 3.30% in 1948.

The Sun Life, a leading international life company with policyholder service branches from coast to coast, last year paid out to policyholders and beneficiaries the all-time record sum of \$125 million. \$35 million was paid to beneficiaries of deceased policyholders, \$18 million under annuity contracts, \$36 million for maturing endowments, and the balance in dividends to policyholders, disability benefits, etc. Since the first Sun Life policy was issued in 1871, total benefits paid to policyholders and beneficiaries have amounted to \$2,486 million. While the company operates in 20 countries, 90% of the business originates in the United States, Canada and Great Britain.
