## **New Chief** Sets Egypt 'Cleanup'

By EDWARD POLLAK CAIRO, Egypt in - Egypt's new rime minister, Ahmed Naguib Hiprime minister, Ahmed Naguib Hi-laly Pasha announced suspension of Parliament for 30 days and headed into a reform regime Mon-day dedicated to purging corruption from the government. He also began preparing for new talks with Britian on control of the Suez Canal Zone and the Sudan, Announcement of the Parliamen-iary suspension, which his prede-cesor Aly Maler Paha had re-lued to approve, was a first ma-lor action of the 60 year old jurist and independent Sunday night pit-er swearing in of his cabinet. DOUBTFUL His chances are regarded as highly doubtful. Paul Reynaud, a former premier tried it and failed. Former Premier Rene Pleven refused even to try. Pinay is a slightly right of center member of the Independent Repub-lican Party, a right wing group. Some said Pinay had little in-terest in succeding. There have been 19 Cab-inets suice the liberation. It was thought that Pinay would "take just one turn around the track"—that is, therview the vari-ous partly leaders to assure him-celf that the job is impossible. GOALS Pinay said his objective would be to bulwark the franc, fight in-flation and reduce prices. Confronted with the governmen-tal crists, some American and French officials are giving serious consideration for the first time to giving up in Indochina and letting the Communists take over. This would be a grave decision the Communists take over. This would be a grave decision and no doubt would call for con-ferences on the highest levels. Giving up Indecisina might nut the Communists in control in Thai-lord, Malaya, Burma and possibly India. The official French government possition is to hang on, but the coun-try is weary of waging a war that is yet inconclusive with no end in sight.

PARIS (*ii*)—Antoine Pinay, 60-year-old conservative, said Mon-day he would see if he could form a new cabinet to get France out of its political and financial jam. Pinay announced his decision to newsmen after a half-hour's talk with President Vincent Auriol. "My first impulse was to re-fuse, he said, "but when the President insisted I consented to consult my friends and make an effort."
