CHICAGO (P) CHICAGO (B — Chicago observed its 115th year as a city Tuesday—without famfare.

On March 4, 1837, the date it was incorporated, Chicago had a population of 4,170, and 10.1 square miles of territory.

Now the city covers 212 square miles and is the nation's second largest city with a population of about 3,700,000.

Man Released

from habit-forming laxatives

"I feel happier, younger now, not constipated," writes Detroit man. "Eating your ALL-BRAN does so much for me. What wonderful relief, after so many pills and medicines." If you can't keep regular because of lack of diet-bulk, try Kellogg's ALL-BRAN and see if it doesn't help you regain youthful regularity as thousands have. It's the only type ready-to-eat cereal that supplies all the bulk you may need... it's not habitforming. Rich in iron, high in cereal protein, provides essential B and D vitamins. Eat ½ cupful daily: drink plenty of liquids. If not completely satisfied after 10 days, send empty carton to Kellogg's, Battle Creek, Mich., and get double your money back!

FARM HOUSE STYLE for a suburban home, this design combines the advantages of the old colonial center hall with modern ranch house layout. This is Plan 9081 by Architect Herman York, 115 New Hyde Park Road, Garden City, N.Y. The house covers 1,420 square feet. Front and rear vestibules, built-in vanity in bathroom and twin bay windows in living room are among features of this plan. There are nine closets. Folding doors make it possible to convert the small bedroom into an open study or sewing room, or the rooms can be easily enclosed with a permanent partition. The house is planned for a full basement, but the space occupied by the stairs can be used for a heater room in basementless construction.
