

GIRL SCOUT ANNUAL COOKIE SALE — March 8-22. Various Girl Scout organizations are planning a real drive, since funds from the Community Chest are almost nil—making it necessary to divert the profits this year directly into the Girl Scout Council Budget, and by-passing plans for further camp development. From the left, Judy Fitzgerald, Inter-Scout; Natalia Reichenberger, Brownie; and Karen Porter, Senior Scout. Mrs. Fred Karlson is chairman.

Hawaii Bill Bumped Aside

WASHINGTON (AP)—The Senate voted Monday to take up the controversial submerged oil lands bill ahead of the Hawaii statehood bill. Backers of the Hawaii statehood sought vainly to set the submerged land legislation aside temporarily. But a motion by Sen. McFarland (D-Ariz.) to make the oil bill the next business of the Senate was rejected 47 to 32. A surprise move by Sen. Knowland (R-Calif.) to table a motion to take up the oil bill first caught the Senate napping. It was approved 50 to 47. But Sen. McKellar (D-Tenn.) who did not reach the Senate chamber in time to vote on Knowland's motion, demanded reconsideration. His motion was approved 42 to 38. On a second vote, Knowland's proposal to table the oil bill was rejected, 43 to 37. Earlier, the Senate was asked to reconsider its action in returning the Alaska statehood bill to committee. There was no immediate vote on the motion.

Pelton Dam Blasted By Sportsmen

PORTLAND (AP)—Possible advantages and disadvantages of Pelton Dam were aired here Monday when the proposed hydro-electric project was debated at a Chamber of Commerce forum. Rollin E. Bowles of the Sportsmen's Inland League said the dam would be a mistake. He said it would diminish fish runs in the Deschutes River where the dam would be built. "When anyone tells you you can have both fish and high dams they don't know what they're talking about," he said. But Thomas W. Delzell of the Portland General Electric Company which has been licensed by the Federal Power Commission to build the dam, said just the opposite—that it is possible to have both fish and power. "There is no appreciable salmon

run on the Deschutes River at this time but Portland General Electric is prepared to spend four million dollars to try to create a run," he said. Sports groups and state agencies have threatened they will take court action if actual construction begins. They appealed to the Federal Power Commission for a rehearing of the PGE license but were turned down. The Power Commission, in granting the license, said the proposed dam would not harm existing salmon runs. Preliminary work on the dam already has started.

Champ Bull Falls Flat

ELLENBURG, Wash. (AP)—The grand champion of the Columbia Empire Hereford Association show brought \$1,750—less than four animals rated below him—at the annual sale here Monday. Henry Miller & Sons, Centerville, Wash., paid the \$1,750 to Amos Bruiette, Ellensburg, for Brumode 14th, champion of Sunday's show. F. W. Richardson's Hattie R. 5th from Grofino, Idaho, the champion here, and the third place winner in the summer yearling class, a bull consigned by Roy Robinson, Mt. Vernon, Ore., brought the top price—\$2,250 each. Two other animals also outdid the champion. The overall average price for the \$1,124.5. The 47 head brought a total of \$52,285.

Girl Scouts To Open Cookie Sale

The annual Girl Scout Cookie Sale starts Saturday and every Girl Scout troop in the community will be offering the tasty little wafers for sale in the residential areas. Stickers will be given each purchaser to prevent duplication of solicitation. The varieties will be sold, plain and filled at the same price as 1951. These are well-wrapped and will keep well.

Post Card Law Revised

WASHINGTON (AP)—A short-lived law which made the 50th cent card purchased cost 12 instead of 2 cents was consigned to the wastebasket by Congress Monday. Without a dissenting vote, the House passed a bill previously approved by the Senate, repealing a law which had increased the price of government postal cards purchased in lots of 50 or more. The surcharge had been in effect only since the first of the year, when the rate went up from one cent to two, and had been in effect only since the first of the year, when the rate went up from one cent to two, and had been widely evaded by commercial interests which bought the cards in lots of 49. The extra charge will go off 10 days after the President signs the repealer.

Top Trumpet Artist Slated

Rafael Mendez, the "Heifetz of the trumpet," is to be presented in concert here Apr. 4, by the Klamath Union High School Music Dept. and the Klamath Merchants Association. Proceeds are to go for purchase of new uniforms for the high school band. Mendez has been acclaimed by critics for his phenomenal trumpet interpretations in television, radio and motion picture appearances. When the Mexican artist was only 19 years old and appearing as a soloist in his homeland, he attracted the interest of Pancho Villa, Mexico's rebel terror, and Villa promptly drafted the entire Mendez family. After appearing with Mendez here will be the KUHS concert band and a cappella choir. Ticket reservations have been received from many neighboring cities and a capacity house is expected. Reserved seats may be obtained at the Chamber of Commerce and general admission tickets are available at the Derby Music Co., Merchants Association members and students.

Two Killed In Headon Collision

MEADOW, Utah (AP)—A Vancouver, Wash., man and his three-year old daughter were killed and two other persons injured in a head on collision here Sunday. Police identified the dead as Charles A. Frailey, about 40, and his daughter, Joan, Mrs. Frailey suffered a fractured arm, cuts and shock. The other injured person was Thomas B. Ingram, 37, Salt Lake City, identified as driver of the second car.

Actress Found In Coma By Nurse

SANTA MONICA, Calif. (AP)—Actress "Mimi" Merkel is in St. John's Hospital suffering from what her doctor says was "probably an overdose of sleeping pills." "She is pretty sick," Dr. Roy T. McReynolds said Monday night, "but I think she will pull through." Miss Merkel, 48 year old veteran of stage and screen, was found in a coma Monday by a nurse who had been attending her during a siege of influenza.

KILLED

FOREST GROVE (AP)—Donald Kane, about 39, was killed Monday in a logging accident at the Larkin lumber mill south of here. He was working with a hoisting crew when a large piece of log broke off and struck him in the head. His widow and two children survive.

IN TRAINING — Pfc. Milton V. Schmidt, son of Mr. and Mrs. Walter G. Schmidt, 3238 Cortez St., has entered training at the Airplane and Engine Mechanic's School at Sheppard Air Force Base, Texas. He graduated from Gilchrist High School in 1951 and enlisted Oct. 31.

US Fighters Strafe Lines In Korea

SEOUL, Korea, (AP)—United Nations fighter pilots bombed and machine-gunned frontline positions Tuesday while the opposing ground armies sent out only light patrols. Marine Corsairs killed 20 Communist north of Kumhwa on the Central Front. Other U.N. fighter bombers killed about 25 Reds in the Yonchon area on the Western Front. Both ruined towns are in sectors where ground fighting picked up briefly last week-end. Twenty-eight U. S. Sabre jets damaged one MIG-15 in a five-minute brush with 50 of the Russian-built jets near the Yalu River boundary between Korea and Manchuria. Fifth Air Force planes cut Red rail lines in 86 places Tuesday in their daily attack on Communist supply lines. There was no report of any major action along the ground front. The Reds wheeled up big guns and loudspeakers and bombarded U.N. lines with leaflets and broadcasts. Roaring winds cut down Naval air activity on the battered East Coast of North Korea, but carrier-based planes kept off the decks of British flattops on the other side of the peninsula in attacks on a variety of Communist targets.

Air Merger Gets Okay

WASHINGTON (AP)—The Civil Aeronautics Board told Western Air Lines Monday to go ahead with the final steps of absorbing Inland Air Lines and dissolving it as a separate corporation. The acquisition was approved more than five years ago and the new order simply gave board sanction to the detailed plan for consolidation of assets and routes. Actually the two companies have been operating as one for some time. Board Member Josh Lee reiterated a previous dissent to the transaction, declaring the merger would result in an illogical route pattern. Both companies now have headquarters in Los Angeles. Western operates up and down the Pacific Coast, into Salt Lake City and northward into Canada. Inland's operations extend from Great Falls, Mont., to Denver and Minneapolis-St. Paul.

Old Feud May Be Settled At Last

SOUTH THOMASTON, Me. (AP)—A town meeting Monday took steps to wipe out the last traces of a feud that raged a century ago between two crusty old sea captains. The two mariners, named Foxg and Elwell, were practically next door neighbors but refused to live in the same town. They set a town line splitting the land between them. That erudite boundary now cuts the middle of a South Thomaston street, leaving 11 homes in the adjacent town of St. George. South Thomaston voters have petitioned to end the division by taking over 320 additional acres. The proposal requires the approval of St. George, the Knox County commissioners and the state Legislature. Cause of the original dispute has long since been forgotten.

Bureau Lowering Roosevelt Lake

WASHINGTON (AP)—The Reclamation Bureau is lowering the level of Franklin D. Roosevelt Lake behind Grand Coulee Dam on the Snake, in anticipation of an unusually heavy spring runoff. Reclamation Commissioner Michael Strauss said Monday. Strauss' report was coupled with a statement by Secretary of Interior Chapman crediting severe winter snow storms with an immediate increase in power output from Reclamation Bureau hydro-electric plants. Chapman said the winter snows also had assured a plentiful supply of irrigation water this summer.

Brave Policeman Wins Promotion

HONG KONG (AP)—Police Commissioner D. W. MacIntosh said Tuesday he had promoted Constable Wong Kwong Hong, who fired the only shot in Saturday's Communist-led rioting. Wang now is a corporal. Wang fired his scatter gun into a mob of 10,000 advancing Chinese and injured three slightly just as someone threw a grenade into the Hong Kong police station. The crowd scattered. MacIntosh said the shot saved the station. The grenade was a dud. Seven rioters were sentenced to short prison terms Tuesday. Seventeen others are on trial.

State Stockpiles Medical Supplies

PORTLAND (AP)—Except for blood and plasma, Oregon has enough medical supplies stockpiled to take care of 40,000 casualties. That was the report Sunday of Dr. Harold M. Erickson, state health officer, to a doctor's civil defense meeting here. Another speaker was Col. William L. Wilson, an assistant administrator of the federal civil defense agency.

Hennessy Stays As Fair Manager

PORTLAND (AP)—Duane Hennessy of Portland has signed a contract to continue as manager of the Multnomah County Fair until May 15, 1953. Mrs. Ella Wilson, who applied for the post, has turned down the job of supervisor of the fair's agriculture exhibits, county commissioners reported. Mrs. Wilson was manager until Hennessy's appointment last year.

Wrestling and swimming awards were presented to the deserving athletes in a student body meeting this morning. The pep band furnished music for the assembly. Congratulations are in order for the students who received these athletic letters. The program was arranged and handled by the assembly committee.

K club members have planned several activities for the very near future. Friday afternoon at 2:55, the K club members have challenged and will play faculty members in a basketball game. There will be a ten cent admission fee, and the period schedule will be "B".

Also the club is sponsoring an after-game dance Friday night after the Pelican vs. Grater high school basketball game. The affair is usually their annual whiskey content dance, but no plans have been made as far as that is concerned as the whickers are a minus quantity this year.

A new German language class has very recently been formed by students. The class will be instructed by Mr. Smith, KU counselor, and it will be held at night. All interested students have been asked and invited to sign up. The first class will be held Thursday evening, March 28. German textbooks can be ordered now from Shaws' stationary store.

Oregon Independent colleges and four schools of nursing will hold their annual college conferences at KUHS on March 6 at 1:30 o'clock.

Sharp-Eyed Boys Nail Pickpocket

PORTLAND (AP)—Three alert teen-age youths saw a man pick a pedestrian's pocket. They tracked the thief and notified police who arrested the man. He is Thomas G. Montgomery, 35, released from jail only last Saturday after serving a sentence on a larceny charge. Monday he was back in jail after being convicted of larceny again. He was sentenced to jail for 18 months. The three youths, Paul Abbott, Duane Case and Richard Sullivan, were witnesses against Montgomery in court.
