Grains Move Up On Market Today

CHICAGO to Grains moved bigher on the board of trade Thursday after an early dip falled to bring out selling in volume.

The rally started in corn and pats, largely because of a falling off in arrivals of cash grain at major terminals. Toward the close soy beats were getting most of the buying orders while the feed grains scored by other cereals. Austria bought about one million bushels of wheat.

Red Cross Campaign

As members of the Board of Directors, we wholeheartedly en-dorse the administration and activities of the local Red Cross pro-gram and urge your generous contribution to the fund campaign now in progress.

We are convinced of the value of the Red Cross blood program. In addition to supplying blood to the men at the fighting front and for disaster cases, more than forty-five pints of blood are returned to Klamath Palls monthly, to be used for patients of our local hospitals and doctors. There is no charge to the patient for this blood. The hospital makes a transfusion charge of \$5.00 to \$10.00 per pint; the blood, if received from a paid donor, would cost \$25.00 per pint in addition to this transfusion fee. Thus, through the Red Cross blood program, over \$1,000.00 per month in monetary value is returned to our community. However, we believe the greatest value of this program is the immediate availlieve the greatest value of this program is the immediate avail-ability of a blood supply safeguarding our community. It is the responsibility of our local medical profession and hospital authori-ties to requisition from the Portland Regional Blood Center a sufficient amount to meet local needs.

We have examined the budget requirements of the local Chapter for the coming year: the cost of the Blood Program, coupled with general increase in operating costs due to inflation, and also the increased demand for local Red Cross service resulting from the war in Korea, makes it imperative that the goal of \$25,000.00 be reached or exceeded if possible in our present fund

If any reader has doubts in his mind as to the need of con tributing more generously this year, or the merits of the Red Cross activities in our community, any one of the following will be happy to answer or obtain satisfactory answers to his questions,
