

WEST-HITCHCOCK CORPORATION

... is forging ahead!

A lot of things happen in a few years, to a business as well as a city. It was fourteen years ago that West-Hitchcock Corporation "set up shop" in Klamath Falls. From then until now, the confidence of our satisfied customers has helped us grow. And with superior equipment and servicing that is geared to the needs of the Klamath Basin . . . we feel that confidence has been well founded.
