NO-NO

SARASOTA, Fla. (AP) — Cuban Rookie Raul Sanchez made Manager Bucky Harris sit up and take notice during his three-inning pitching stint in Washington's 4-1 victory over the Boston Red Sox Thursday.

The skinny six footer, who weighs only 150 pounds, finished off the game with a no-hit, no-run stint. The only Red Sox who reached base against him got there on a wild throw by Floyd Baker.

WORK ORDERED
PHOENIX, Ariz. (AP) — More work is in store for the Big Four of the New York Giant pitching staff of Larry Jansen, Sal Maglie, Dave Koslo and Jim Hearn.

"From now on I'm going to rotate the big fellows and let them go four, five, and six innings and so on until they make the full nine innings," Manager Leo Durocher said.

"But I don't want them to go nine innings too many times before the season starts. We may have made a mistake in that respect last year."

HOME RUNS
BRADENTON, Fla. (AP) — Manager Tommy Holmes hoped his Boston Braves pitchers had most of the home-run balls out of their systems as the Tribe opposed the Philadelphia Phillies in Clearwater Friday.

Veteran Left-hander Warren Spahn had a tough day against Detroit Thursday, yielding homers to Steve Souchock and Gerry Priddy as Boston lost 8-5. Detroit's slug circuit smash off Rookie Murray Wall.

KENNEDY TO SOX
PASADENA, Calif. (AP) — With rain spoiling Thursday's scheduled Chicago White Sox - St. Louis Browns exhibition game, big news in the Sox camp here was the acquisition of a pitcher.

The Sox got Lefty Bill Kennedy, from the Browns for what General Manager Frank Lane called "considerably more than the \$10,000 waiver price."

Kennedy, 31, won one and lost five for the Browns last season.

RAIN, RAIN
SAN FRANCISCO (AP) — The Cleveland Indians, who are getting bored with wet weather, move into freer-quent rainy San Francisco Friday, hoping to play the Pacific Coast League Seals.

Manager Al Lopez is getting restless over two washed out games in a row — Thursday and the day before at San Diego — and complains, "We don't get a chance to look at the younger pitchers."

The Indians expect to greet Second Baseman George Stinewiss. He finally ended his four holdout Thursday and agreed to terms.

TRADE TALK
TAMPA, Fla. (AP) — There was more off the scenes gabbing at St. Petersburg Thursday and immediately the possibility of a trade involving the Cincinnati Reds popped up.

A chat between Manager Luke Sewell of the Reds and Eddie Stanky of the St. Louis Cardinals produced rumors the Cards were interested in either Ted Kluszewski or Dick Sisler as first base material.

The Sewell-Stanky confab occurred before a Reds-Cards exhibition till in which Joe Adcock's pinch hit ninth inning home run gave Cincinnati a 2 to 1 victory over St. Louis.

COUGARS, IDAHO IN BOXING TIE
PULLMAN, Wash. (AP) — Idaho and Washington State College ended their dual meet boxing seasons Thursday night with a 4-4 draw.

Dan Garza, who won 17 games for the Indians last season, allowed the most hits, 244, and the most runs, 119, in the American League.

SHOP TALK WITH POP

Hiya!

This is POP again... back from my vacation... tanned good and proper... and glad that I missed a little of the bad weather at least. It goes without saying that I had a good time and if it wasn't for the lack of space I'd just be tickled to death to go into detail but as all good things do, it's over now, and I'll have to get back on the beat, looking for items and answers that you'll be interested in. Now about my first visit downtown...

POP

I was in Fyock's to check with my friend Harvey and wouldn't you know it he didn't even ask me if I had a good vacation. He immediately started raving about the best refrigerator buy in the basin. I tried my best to sway the conversation back to my vacation (so I could impress him of my new found worldliness), but he wouldn't go for it, no sir, not for a minute. Well, I'll tell ya fellas, when the "pitch" was thru, I was no longer interested in telling Harvey about my vacation... all I wanted to do was to hurry to my typewriter and pass his "dope" on to you.

It's very seldom in these days when we can go down and really buy something we feel later that it was a steal. Oh sure, there's always someone screaming to the high heavens about what a swell deal he's got for ya... but when it's all over, you still don't feel that it was all it was cracked up to be in the beginning. I will tell you here and now, that if ol' pop didn't think for sure that this 8.2 cu. ft. refrigerator at Fyock's wasn't really a steal, I wouldn't bother to go into any lengthy detail and try to convince you that it really and truly is a good buy. The brand is General Electric, in itself a criterion in workmanship and design. The size is a full 8.2 cu. ft. which takes it out of the small class right now. The original selling price was \$249.95 (a fair price to begin with). Right now you can go to Fyock's, have them deliver this refrigerator to your home for only \$189.95... trade-ins accepted... financing possible. It's a whale of a big buy fellas, and if you are thinking of getting a new refrigerator this summer you'll save a mighty amount by not waiting. Buy it now! And just so you can't say I misled you I'll add that the refrigerator is a 1951 model, brand new, just uncrated. Take the missus' into FYOCK'S as soon as you can... look this refrigerator over... see it for yourself.

New, ultra-modern overhead-valve engines give you more horsepower per cubic inch displacement. Designed for modern Speed Hauling! Engineered to save up to 14% on gas!

Ford Truck engineering has always been step-ahead engineering!

Example: Ford pioneered V-8 power for trucks!

Example: Ford built longer life into Ford Trucks, and proved it with registrations... "Ford Trucks Last Longer!"

Example: Ford demonstrated Power Pilot economy in the famous 50-million-mile Ford Truck Economy Run... and made the results available in an exclusive Book for every operator's benefit!

NOW Ford offers new LOW-FRICTION truck engines that save up to 1 gallon of gas in every 7!

Completely proved under toughest road and load conditions, these two new Cargo King

V-8's and a new Cost Clipper Six deliver more power per cubic inch... time-saving power tuned to today's Speed-Hauling needs!

New LOW-FRICTION design liberates "captive" power:

All three new Ford Truck engines give you ultra-modern High-compression punch with regular gas. They give you overhead valves for deeper, direct "breathing"... and an improved Power Pilot to deliver most power from the least gas. Above all, they give you new, efficient Ford Low-FRICTION design.

Ordinarily, engine friction alone can steal as much as 30% of the power your engine develops. Key factor of Ford LOW-FRICTION design is short piston stroke, which cuts piston travel up to one-fifth, reduces friction drag and heat and wear.

Other friction-fighting features: New Super-fitted Autothermic Pistons; New Precision-molded Cast Alloy Crankshafts; New Full-Flow Oil Filteral New Cooling!

NOW—5 great Ford Truck engines!

For '52 there's big news, too, about Ford's economy-proved, world-famed 239 cu. in. V-8 engine. Its power rating is increased to 106 h.p. And another proved favorite, the 254 cu. in. Big Six is upped to 112 h.p.

With five great truck engines... over 275 series power combinations... in the new 1952 line, there's a new Ford Truck that's right for your hauling job!
