

**ROBERT MICHAEL FISHER** — Radioman aboard USS Prairie, left for Korea St. Patrick's Day, which was also his parents' 22nd wedding anniversary. They are Mr. and Mrs. Ronald G. Fisher, 3816 Bristol. Seaman Fisher was graduated from KUHS in 1949.

**Reds Use New Plane Type**

SEOUL, Korea (AP) — American Sabres shot down five Communist MIG-15s and damaged five others Thursday, bringing their two day score to six Red jets downed and 12 damaged.

The jets damaged Wednesday include a new "Type 15" Communist plane, "a funny looking bird" rarely seen over Korea.

It was a high wing version of the familiar Russian-type MIG-15. A Fifth Air Force spokesman said the high-wing jets rarely have been seen. This was the first reported hit.

The spokesman said it appeared to be more efficient at lower altitudes than the low, swept-wing MIG-15. But it seemed to be about 50 miles an hour slower. It is about two feet longer and had a two foot wider wing span than the MIG-15.

Lt. James Carey of Las Vegas, Nev., said he hit the "Type 15" jet in the wing and fuselage after "I found myself on the tail of this funny looking bird."

The two-day toll of 18 Red jets destroyed or damaged was taken in five air battles, the Fifth Air Force reported. Two of them were Thursday. Both were fought three to seven miles above Suwon, 70 miles from the Manchurian border.

Red jets shot down Thursday were credited to Maj. Felix Asia, 651 East 12th St., Eugene, Ore., and Lt. Charles D. Carl Jr., Tacoma, Wash., among others.

On the ground, briefing officers reported light Red probing thrusts on the western and eastern fronts late Wednesday night and early Thursday.

The Navy reported the Cruiser Manchester and Destroyer Fox steamed through a snow storm and heavy seas to shell Red infantrymen near Kosong Thursday. The Battleship Wisconsin and Destroyer Higbee shelled Communists in both day and night attacks.

Bad weather kept Naval sirmen on their carriers Wednesday.
