

**DEMOLISHED** — Paul Johnson of Santa Monica, Calif., sadly surveys his demolished garage and damaged auto after a "baby tornado" struck the area. The twister did considerable damage, collapsing walls, chimneys and plate glass windows in its path.

# US Planes Score Win Over Reds

SEOUL, Korea. (AP) — American Sabre pilots destroyed or damaged 13 to 18 Red jets in a series of fights Thursday climaxed by history's longest jet battle.

Darkening skies prevented exact assessment of results of a 40-minute dogfight over North Korea. But pilots of F-86 Sabre jets said they damaged at least three MIG-15s and possibly eight.

In two earlier engagements Thursday the Sabres reported they shot down five MIGs and damaged five.

In the 40-minute battle 28 Sabres tangled with 40 MIGs in a fight running over 70 miles from Sinanju to the Yalu River border with Manchuria. The longest previous jet battle lasted 25 minutes.

The fight brought the Sabres' three-day record to at least 31 and possibly 36 Red jets hit, including 11 shot down.

The Air Force said the bag of Red warplanes now stands at 222 destroyed, 38 probably destroyed and 426 damaged—a total of 687. Fifth Air Force mounted 909 sorties Thursday, seven more than its previous record set April 30, 1951.

Far East Air Force planes cut trails in 100 places, destroyed 103 trucks, 12 gun positions, four supply dumps, two rail bridges, 25

# 23 Federal Judges To Go On Bench

WASHINGTON. (AP) — The House Judiciary Committee Thursday approved a bill providing for the creation of 23 new federal judgeships.

The House bill would create an additional district judgeship in Western Washington and Alaska.

Two additional circuit judges were approved for the Ninth District composed of California, Oregon, Nevada, Washington, Idaho, Arizona, Alaska, Hawaii and Guam.

bunkers and destroyed or damaged 75 supply buildings.

Marine pilots also set a record with 726 sorties. The Leatherneck fliers dropped tons of bombs and napalm on a sprawling Red supply area near Karima.

Carrier-based planes scored 138 rail cuts along the North Korea's east coast. The Carrier Philippine Sea returned to action during the day, joining the U.S.S. Valley Forge.

Ground action was light with small, sporadic fights flaring across the peninsula.

# Reds May Be Near Deal On Prisoner Exchange; Some Issues Still Left

MUNSAN, Korea. (AP) — Communist truce negotiators indicated Friday they may be ready to compromise on the deadlocked issue of exchanging prisoners of war.

The Reds submitted a formal two-sentence version of their March 5 plan for trading prisoners. It made no mention of voluntary repatriation, the only important issue blocking agreement.

There is "absolutely nothing new" in the Communist proposal, said Brig Gen. William P. Nuckols, U.N. spokesman.

On the surface, he said, it does nothing to break the deadlock over whether prisoners should have the right to choose whether they are to be repatriated.

However, other observers interpreted what the Communist proposal did not say as significant. They said the Reds may want to compromise, but are not ready to say how.

The Reds suggested that negotiations proceed on the basis of prisoner rosters exchanged Dec. 18.

Under the Communist plan the U.N. Command would return 132, 472, and the Communists 11,559. Neither side suggested secret talks to speed agreement.

The U.N. Command indicated Thursday it would agree to off-

the-record negotiations if the Reds wanted to abandon daily progress reports.

A second group of staff officers working on truce supervision exchanged maps of 10 ports of entry through which troops and supplies will move into Korea during an armistice.

The Communist maps failed to show exact areas in which neutral inspection teams would be allowed to operate. But the Reds promised to ink in the necessary details overnight.

An Allied staff officer said he expects "no trouble" in reaching agreement on areas to be inspected. He indicated final details may be worked out Saturday.

A compromise on prisoner exchange could pave the way to speedy agreement on an armistice. Aside from the issue of voluntary repatriation, only two major problems remain unsolved. They are Communist nomination of Soviet Russia to a neutral inspection commission and an Allied demand for a ban on military air-

field construction in North Korea. The Communist prisoner exchange proposal would mean abandonment, at least for the time being, of demands for an accounting of missing war prisoners.

# Rescue Rough On Trolleyman

PHILADELPHIA. (AP) — Trolley Motorman Albert J. Cooney saw flames shooting out of a house, stopped his car and turned in a box alarm.

Cooney climbed back in his trolley and continued his run Thursday night. Minutes later he heard the fire sirens of truck 24. He halted his trolley.

The truck collided head-on into the trolley at a West Philadelphia intersection.

Five firemen and three trolley passengers were injured, none seriously.

field construction in North Korea. The Communist prisoner exchange proposal would mean abandonment, at least for the time being, of demands for an accounting of missing war prisoners.

**TOWN SHOP**  
Here's how to clean those hard-to-get-at corners in mirrors and window panes without damaging the frames. Wet a chamois in rich detergent suds, wring nearly dry, then insert into a fold in the cloth a pencil, screw driver or matchstick. Use this well-draped point for routing the dirt from close corners.

There's Flattery in Every Line of this  
**STITCHED TAFFETA**

Your waist simply disappears in the flowing lines of this richly styled dress of heavy navy rayon taffeta stitched in white. Voluminous "swishy" skirt is highlighted by giant shiny buttons and wide, wide belt. A "go everywhere" costume you'll prize for Spring.
