

CORAL CANNED SHRIMP mates with shell macaroni for a hearty but easy main dish you prepare without having to boil the macaroni in advance.

Shrimp Pleases Family Adds Color, Zest to Meals

With shrimp curls a-comin' in a delectable dish, even the sandlot crew want to hurry home. For the shrimp tune up a meal, make meatless fare so tasty. And canned shrimp are so easy to use, so reasonably priced. Also they look handsome in a dish.

A blending to papa's wallet, mama's money plans, canned shrimp actually cost less than before the Korean War. What's more, they provide body-building protein food and minerals, including iodine which is scarce in many foods. Makes us glad the shrimp boats rather in a wealth of the coral shell fish from the Gulf waters for the Southern Shell Fish Company to can for us.

KEEP SUPPLY
It is a good idea to keep several cans of shrimp on the shelf because they are usable for so many different good dishes and are quick and easy to fix. A shrimp and cheese rabbit makes a hearty main dish, and it is simple to prepare. You add shrimp just in time enough to heat before serving.

As an appetizer you will repeatedly get calls for, try blending a little horseradish and a dash of Tabasco with whipped cream, then serve with chilled canned shrimp.

Down Louisiana way, they call shrimp "fruit of the Gulf" because this is a big "crop." In the Bayou country, people use shrimp generously and enticingly — in creamy sauces for trout or for broccoli, scalloped eggplant, hearty soups, shrimp and rice stew, casserole dishes, minestrone shrimp with oysters and other sea food as well as beautiful salads and crispy fried treats.

PRETTY DISH
Shrimp make a jellied salad even prettier and more delicious. The pink circles dress up the salad and gently spread good flavor throughout the zesty mix. A tomato aspic salad becomes a special delight by adding the contents of a can of shrimp and some chopped celery and green pepper.

A different gelatin salad is a lemon one with canned shrimp.

Homemade Easter Eggs Fun To Make And Decorate

Wholesome homemade candies for your child's Easter basket are easy to make with coconut quick fudge mix. And what fun you'll have decorating the Easter eggs.

Food coloring added to coconut fudge tints it delicate shades, perfect for shaping into tiny eggs. Larger coconut eggs can be dipped in melted chocolate. Uncoated coconut eggs may be decorated with colored butter frosting in traditional Easter egg decorations. The cooled fudge can be cut into Easter shapes with cookie cutters and decorated with colored sugar too.

Treat your children to wholesome Easter Candies. Here's the easy recipe and suggestions for decorating them.

Coconut Easter Eggs — Keep water boiling in bottom of double boiler. Into top part put 3½ tablespoons cold water—use paper measure in package; fill to fudge mark. Add entire contents of package of coconut quick fudge mix. Allow to stand without stirring about 1 minute. Then stir 3 to 4 minutes until glossy. Do not beat. Pour at once onto buttered pan or plate. When cool, make Easter candies as directed.

Colored Easter Eggs — Divide coconut fudge into equal portions. Add few drops food coloring to each portion, work until completely blended and mold into Easter egg shapes. Decorate with tinted butter frosting, as desired.

Chocolate Coated Easter Eggs — Divide cooled coconut fudge into equal portions and shape into Easter eggs. Dip in melted semi-sweet chocolate and allow to cool on wax paper. If desired, decorate with leaves or flowers made with tinted butter frosting.

Sharp Quake Felt In Mexico City

MEXICO CITY, 28 — A sharp earthquake shook Mexico City at 10:35 a.m. PST, Wednesday.

The epicenter was placed 200 miles southwest of the capital, which would mean that its greatest intensity should have been felt near the famed Pacific coast resort of Acapulco.

There were no immediate reports of damage, but office workers in some of Mexico City's taller buildings, where the effect was most pronounced, were alarmed.

Easter Candies — Pour coconut fudge into pan to cool. Fudge should be approximately ¼ inch thick. When cool, cut in appropriate Easter shapes, such as eggs, bunnies, chicks using cookie cutters. Decorate with colored sugar or tinted butter frosting.
