CHICAGO (AP) — Commission houses had plenty of grain for sale throughout the session on the board of trade Monday and prices dropped in all pits.

It was a liquidating market, pure and simple—selling on the part of investment and speculative holders who had grown tired of maintaining their positions. They didn't need any one specific news item for their action.

Brokers thought the selling may have been touched off by news stories some Washington officials were hopeful of a truce in Korea by May 1.

New crop wheat contracts went to new lows since trading in them started. Deliveries of other grains remained above the lows set on Feb. 27.

Wheat closed 3 7/8-5 1/2 lower. May $2.47 3/8-2.47. Corn 1 7/8-2 3/8 lower. May $1.3 3/8-1/8, oats 1 3/8-1 7/8 lower, May 82 7/8, rye 3 1/4-4 1/4 lower, May $1.98 3/4, soybeans 3 1/4 to 5 cents lower. May $2.96 1/2, and lard 25 to 32 cents a hundred pounds lower. May $11.15.

NEW YORK (AP) — The stock market finished lower Monday despite shows of steadiness at the start and again at the close.

Losses generally ranged from a few cents to around $2 a share, but there were several even wider dips.

Around 1,800,000 shares changed hands.

An early flurry of demand sent television and railroad issues higher at the opening. But then these gains were chipped away and they turned into losing ground along with oil and mining shares.

Sheep 60; salable supply consisted of shorn and wooled slaughter ewes; no early sales.

CHICAGO (AP) — A shrunken hog supply Monday turned the market 25 to 40 cents a hundred pounds in a fairly active trade. Cattle moved steady to 50 cents higher and vealers steady to $1.00 up but higher asking prices on lambs retarded that trade.

An estimated 7,000 hogs went on sale at the opening, smallest Monday number since Nov. 12, the semi-official armistice day.

A week ago sales amounted to 12,698 and a year ago 2,902. Clearance was completed early.

At a top of $17.40 a hundred pounds, hogs were valued at the highest in three weeks. Most butchers went at $16.25 to $17.35 and sows at $14.25 to $16.00.

Cattle numbered the fewest for a Monday since the day before Christmas.

Good to prime steers and yearling made $30.50 to $39.00 and comparable grades of heifers $30.50 to $37.00.

Commercial cows topped at $25.-50, like grade bulls at $29.00, beef bulls at $27.00, and prime vealers at $38.00.

Bidding on slaughter lambs was 50 cents or more lower. Ewes were weak although scarce, with good grades bringing $14.50 and below.

Estimated arrivals included 9,500 cattle, 300 calves, and 4,000 sheep.

Boat Plunges, Man Missing

OREGON CITY, Ore. (AP) — A crane-equipped Army Engineers barge attempted Monday to recover a boat from the middle of Willamette River falls to determine the fate of its lone occupant.

The 36-foot Sea Scout boat plunged into the 55-foot high falls here Saturday night after John W. Bailey, 41, West Linn, automobile shop foreman, took it into the river to test the engine.

It had not been determined whether Bailey was aboard the boat, lodged upright on a rocky ledge part way down the falls, or had been swept to his death in the swift waters of the falls.

An attempt by two men to reach the boat by climbing up the rocky walls to the falls failed Sunday. They got within 20 feet of the craft but were stopped by the rushing water. They said they could see no one aboard.

A helicopter flew low over the boat, too, but the crew said there was no sign of life evident. The vessel had been battered and the mast broken off.

Free Friday, Jailed Again

Dale Eugene Rhodes, 42, just got out of the County Jail last Friday, and now is in again.

Rhodes was given two years probation Friday afternoon in Circuit Court after pleading guilty to charge of larceny by bailee. He was arrested Jan. 18.

This morning the sheriff's office received a warrant from Walla Walla, Wash., requesting Rhodes be held for authorities there on charge of forgery in the first degree.

Late this morning Rhodes waived extradition and he is held in jail under $1,500 bail for arrival of Walla Walla officers.

GUARD TRAINING

SALEM (AP) — The 41st National Guard division, which consists of Oregon and Washington men, will hold its two weeks' summer training camp at Fort Lewis starting June 14, Maj. Gen. H. G. Maison, division commander, said Monday.

Gen. Maison is superintendent of the Oregon State Police.

Bloody Revolt Under Control

LA PAZ, Bolivia (AP) — Revolt-bloodied Bolivia, burying more than 300 dead and tending some 1,500 wounded, appeared Monday under firm control of its new revolutionary government.

Awaited was Victor Paz Estenssoro, long-exiled leader who is due to return from Argentina Tuesday to head the new regime.

After installing a 13-man cabinet of the National Revolutionary Party (MNR), the victorious rebels Sunday night sent a delegation by plane to Buenos Aires to invite Paz Estenssoro, the party's chief, to return.

Paz Estenssoro won the greatest number of votes—almost half—in presidential elections 11 months ago but failed to win an overall majority.

Before the legislature could choose between three leading candidates, a military junta headed by Gen. Hugo Ballivian moved in by force.

It was this clique which Paz Estenssoro's supporters swept from power in a three-day battle starting last Wednesday.

The party leader fled the country in 1946 when rebels overthrew the MNR government and hanged President Vualberto Villarroel from a lamp post here in the capital.

Henley School Sets Concert

HENLEY—The high school band and chorus concert will be presented Wednesday, 8 p.m., in the high school gymnasium under direction of Richard D. Hannen.

The 75-voice chorus of boys and girls will sing a repertoire of five numbers including two Negro spirituals, "Set Down Servant" and "Oh, Yes!"

The 35-piece band will present nine numbers highlighted by the "First Rumanian Rhapsody" "Bells of St. Mary's", "Ave Maria" and two novelty numbers.

Mert Mack will play a sousaphone solo.

This is the annual Spring Concert. A small charge will be made at the door.

Trinity Power Increase Seen

WASHINGTON (AP) — Reclamation Bureau engineers estimate the proposed Trinity River diversion project in Northern California will increase power supplies in the area by 1,617,000,000 kilowatt hours annually.

Legislation to authorize the 190-million dollar water and power project has been introduced by Rep. Engle (D-Calif.).

Support by public agencies and business groups in Trinity and Shasta Counties, the project is opposed by interests in Humboldt County.

A study of the proposal by the Sacramento Regional Office of the Reclamation Bureau indicated that it would add more than a million acre feet of water to the irrigation supplies of the Sacramento and San Joaquin Valleys, although it is proposed to divert only 660,000 from the Trinity River.

A report by the bureau's Sacramento regional director said the diversion would consist of surplus water and could be made "without detrimental effect on the fishery resources or to the present and future water requirements of the Trinity River Basin."

Fear of a reduction in water supplies downstream from the proposed diversion in Trinity County has provoked the Humboldt County opposition.

The project would consist of a storage dam, two diversion dams, two tunnels, and four power plants and switch yard.

Combined, the power plants would add a total of 218,000 kilowatts in tailed capacity to the Central Valley power system.

In addition the water would run through the Keswick hydroelectric power plant in the Sacramento River, increasing the production at that installation by 48,450,000 kilowatt hours a year without adding generator capacity, the report asserts.

Bureau engineers say the present power supply and load in Northern California are about equal. Additional capacity is urged to meet growth needs.

Bus Peace Talk To Resume

SAN FRANCISCO (AP) — Greyhound Bus negotiators agreed to meet Monday afternoon for the third round of the new series of talks aimed at settling a seven-state tieup.

Officials of the company and the AFL Motor Coach Employes Union met for nearly seven hours Sunday in the longest bargaining session to date. Spokesmen for both groups, however said "nothing was definitely settled."

The union's key demand is a five day week with no loss in pay.

Draft Boards to Review Educational Deferments

By W. JOYNES McFARLAND

WASHINGTON (AP) — Local draft boards throughout the nation soon must begin re-opening the cases of all youths with educational deferments.

Officials at National Selective Service headquarters told a reporter Monday this probably will involve upwards of 230,000 young men, probably all 19-years-old or older.

A deferment cannot be granted until the youth receives notice of induction.

Under the draft law local boards can grant deferments for only one year, except for certain high school students.

In cases other than educational deferments, officials said, many have been limited to six-month periods.

Regulations specifically require the re-opening of cases at the end of the academic year for all youths granted educational deferments to attend college. As of Feb. 29 there were 209,810 in that category.

Under law a youth not previously granted an educational deferment is entitled to one, upon his request, to finish an academic year he already has started in college, provided he maintains satisfactory class standing.

There were 17,287 such "statutory deferments" on Feb. 29.

In the case of high school students, the law provides for a statutory deferment upon request from the time a youth reaches the age of 18 for as long as he is in good standing until he is graduated or reaches the age of 20, whichever occurs first.

There were 59,174 youths in high school with "statutory deferments" on Feb. 29, but National Selective Service officials said they had no breakdown on how many will be graduated or reach the age of 20 this year.

After a high school youth has been graduated, if he desires to enter college it is the practice to grant him a statutory deferment for his freshman year. His high school record must indicate he could make good in college, officials said.

One used these words to sum up the situation for high school students planning to go to college this year.

"Practically any kid planning on going to college this fall as an entering freshman . . . who made good enough grades in high school to merit consideration will just about be assured he can spend his first year in college if he maintains class standing and provided he is not ordered for induction before he gets started in college."

U.S. Not Set For Red Licks

TOKYO (AP) — America's top air commander in the Far East said Saturday his forces could attack Communist bases in Manchuria at least once but probably could not sustain such attacks.

Lt. Gen. Otto P. Weyland said his Far East Air Force (FEAF) would need reinforcements if the Korean War were carried across the border to Red bases as has often been advocated.

"We are tailored just about to the Korean War," Weyland told a news conference. "We are not tailored for a world war out here."

And, he said, an attack on Manchuria "won't be liable to set off" World War Three.

The Reds have enough power to make a "strong bid" for mastery of the Korean skies Weyland said. But they do not have that mastery now. And he doubted they could get it since they "could not establish airfields far enough forward."

He said between Dec. 21 and April 2, 116 Red jets were shot down or probably destroyed. FEAF lost 121 planes during the period but only 13 were shot down in air battles.

Weyland said his force has prevented the Reds from establishing air bases in North Korea or building for a new ground offensive.

SPEECH WINNER

PORTLAND (AP) — Ray Cook, 18 Salem high school senior, Saturday won the American Legion High School Oratorical Contest here.
