Ike's Backers Jubilant, Say Nomination Assured

WASHINGTON (AP) — Delighted supporters of Gen. Dwight D. Eisenhower for President claimed Saturday his return to the United States by June 1 will assure him the Republican nomination.

But backers of Sen. Taft of Ohio said Eisenhower's resignation as European defense commander is more likely to help Taft win top place on the GOP ticket.

MORSE

Sen. Morse of Oregon, an Eisenhower man, said the general's plans to come home mean "he will be nominated by an overwhelming vote, and then go on to election in November by the greatest majority in many years."

On the other hand, Sen. Young of North Dakota, a Taft supporter, predicted Eisenhower will lose ground in the race for the nomination "as soon as he gets back here and has to take a position on the many controversial issues."

Young added that Eisenhower "will continue to be a very strong contender," but said Taft stands to reap any political benefits resulting from the general's resignation.

The White House announced Friday that Eisenhower, at his request, had been authorized to give up his European command June 1. The general said he would be home by June 3.

That is five weeks before the July 7 Republican nominating convention, giving the general time for a round of campaign speeches in advance.

FIRST SPEECH

Eisenhower backers look for him to make the first of such speeches June 4 in his home town of Abilene, Kan. Cornerstone-laying ceremonies at an Eisenhower museum are scheduled there that day.

At his Paris headquarters, however, Eisenhower told a news conference he has no plans for a political campaign for the nomination. If nominated, he said, he would resign his commission to be free to discuss any subject "like any other citizen."

Kefauver Not Fearing GOP

POCATELLO, Idaho (AP) — Sen. Kefauver says he can whip any Republican presidential nominee, but "if by chance" he doesn't get the Democratic nomination he will fully support whoever does.

Speaking here and in Boise, Idaho, the Tennessee Democratic presidential hopeful made it clear, also, that he favors government development of power resources in the Pacific Northwest, a subject of considerable interest in this region.

On the power situation, Kefauver said he long has supported government development of power on the Columbia and Snake Rivers, and also was an advocate of the Tennessee Valley Authority.

The proposed Hells Canyon Dam, however—a controversial subject in the Northwest—found the senator non-commital. A congressional subcommittee is studying a bill to authorize construction of the 357-million dollar project on the Snake river at the Idaho-Oregon border.

At a Saturday morning press conference, Kefauver was asked what he thought of his reception in what his questioner called "Republican territory" in Idaho. The Tennessean replied:

"I don't consider this to be Republican territory. Idaho is a Democratic state—or at least I thought it to be."

Kefauver was scheduled to leave for Great Falls, Mont., Saturday afternoon.

Mac Memorial Fund in Red

TOKYO (AP) — The Newspaper Yomiuri reported Monday that a campaign to build a memorial to Gen. MacArthur has collected only $222—although $1,530 has been spent for publicity and advertising, and it owes $1,432 for other expenses.

The project was begun last July by the Association for Construction of a Pavilion in Commemoration of Gen. MacArthur, former Allied and occupation commander.

In February it turned over fund raising to a professional soliciting firm.

Economist Sees Lower Prices

SPOKANE (AP) — A Minnesota economist predicted the cost of living will go down in the next few months and suggested a "perennial vacation" for the national price administrator in an address here Friday.

The speaker, Dr. Arthur Upgren, economics professor at the University of Minnesota, told the Inland convention we should get rid of price controls and excess profits taxes as soon as possible.

He expressed the belief that indirect controls could hold down inflation. Among these, he listed, taxation, credit controls, high personal savings and the use of huge inventories by business.
