Paisley

By MRS. CLYDE BRAMLETTE

Word was received here last Saturday morning of the death of Mrs. Susie Parnell who passed away at a hospital in Southern California Friday following a major operation.

The death of Mrs. Parnell is particularly sad as it leaves six to ten years orphans as the father, Floyd Parnell met death three years ago near the coast while falling a tree with a brother.

Mr. and Mrs. Parnell were residents of Paisley a few years ago where he worked in his father's saw mill until it was destroyed by fire in 1948. After the tragic death of her husband Mrs. Parnell moved to Southern California to be near her parents and has resided there since.

A sister-in-law Mrs. Edward Murphy, resides here.

Mrs. D. E. O'Connor and Mary Morgan, local teachers, attended the state convention of the Delta Kappa Gamma at Klamath Falls over the weekend.

Sixteen of the 19 members of the MW chapter were present. A luncheon and banquet were held at the Willard hotel.

Vandals upped nine barrels of road oil and riddled three barrels with bullets the first of the week. The oil was on property of the Oregon State Highway near here and was used for the maintenance of the highway.

The road limit between La Pine Junction and Lakeview was lifted Sunday morning but a limit is still in the Warner road.

A wedding of interest here took place Saturday afternoon at the Baptist church in Lakeview when Orintha Mae Mouser became the bride of Orville Conner, youngest son of Mr. and Mrs. Harvey Conner of Paisley. The ceremony was performed by Rev. Gordon Griffin.

The bride is the daughter of Mrs. George Jenkins of Lakeview and attended the Lakeview high school. The groom is a graduate of Paisley high school and is employed by the State Highway Engineers.

The couple left immediately after the ceremony for Klamath Falls and Gerber, Calif., for a short honeymoon. They will reside in Lakeview.

A March of Dimes dance will be held at the Community Grange Hall in Valley Falls Saturday night April 12. Mrs. Bessie Carroll will be in charge.

Word has been received from Mr. and Mrs. Tom McCoy that they have arrived at Anchorage, Alaska, and are living in a log cabin until they get to their camp.

The Stockmen Grazing Association met in an all day meeting at the Ranger station Friday with sixteen members present. At this meeting it was voted to continue the grading.

Looking through statistics I find many Paisley people were born in the month of April. Among them are Penny Schmidt, Mrs. George Elder and daughter Pamela, Norma Jean Banister, Julius Pauck, Harvey Conner, V. O. Morgan, Donald Insland, Grover Morgan, Bill Plumb and son Bobbie, Mrs. Elza Morgan, and Edward Murphy.

Penny Schmidt entertained nine little girls at the home of her parents, Mr. and Mrs. Bill Schmidt, Sunday on her fourth anniversary.

Mrs. Donald Insland entertained the Edward Murphys at her home Monday evening in honor of her husband and Edward's anniversary.

Cpl. Herman Tipton was in Lakeview for a few hours Tuesday visiting his sisters, Mrs. Lynton Plato and Mrs. Elza Morgan.

Cpl. Tipton has been transferred from Camp Gordon, Ga., to Camp San Luis Obispo, Calif. Tipton resided with his father at Klamath Falls before induction in the army.

Mr. and Mrs. Kale Jeffries have returned to Paisley, having been transferred here from Lakeview with the title of timber management assistant. Jeffries will be in charge of all timber sales here.

Mrs. Harold Kaschko has received three letters from her husband Major Harold Kaschko who is a war prisoner in Korea.

Two of the letters were written in January and one written in March.

SOROPTIMIST

Regular luncheon meeting of the Soroptimist club was held Thursday, April 17, at the Pelican Party Room.

Ruth Adams, program chairman for the day, presented Catherine Gaylord Brumbaugh, club member who spoke on "Photography."

Mrs. Brumbaugh formerly of the Kennebec-Ellis studio and now owner of the Miller-Brumbaugh studio of Eugene, who first took up her hobby and business.

"The elements for photography have always existed, but it took man's ingenuity to bring about the full use of photographs," Mrs. Brumbaugh said.

De Guerra of Paris was the inventor of the earliest photo, in 1839, called the daguerotype, which spread all over the country. The tin-type (really pressed iron) followed, because of its cheapness.

A contemporary of De Guerra, was Talbot of England who first used the negatives and may be called the "father of modern photography."

Electricity brought about a new era in photography, which was stimulated by the invention of films, by George Eastman, and later colored ones.

In closing Mrs. Brumbaugh said, "Photography is an art and has its place in the art world." Her talk was made very interesting with models, who posed as different types of photographs. The models were Ruth Hattan, Josephine Robinson, Mary Bothwell, Kathleen Thompson, Ellen Clark and Claire Ellis.

Blanche Lundy, who has been traveling in Arizona and California and Rose Pool from Harbor were welcomed back to the club.
