Bedtime Snack solves laxative problem

"I have had great success with ALL-BRAN," writes Paterson, N. J., man. "After years of constipation, I am now regular. Thanks to my 1/2 cup of ALL-BRAN every day! If you suffer from irregularity due to lack of dietary bulk, try a bowlful of this tasty cereal every night before bed... it may bring back the youthful regularity you thought long lost. ALL-BRAN is the only type ready-to-eat cereal that supplies all the bulk you may need. It's high in cereal protein, rich in iron, provides essential B and D vitamins. Not habit-forming. If you're not satisfied after 10 days, send empty carton to Kalloups, Battle Creek, Mich., and get DOUBLE MONEY BACK!

"Let's skip school today!" It happens once a year to all of the Senior classes. Today, Senior Skip Day was the only day in the school year that it was perfectly legal for them to take the day off from their classes and homework. It is looked forward to by all the students from the time they are freshmen.

Phonics and even swimming highlighted the day. Many of the seniors went to Ashland and the Jackson hot springs.

This was truly the Seniors' day for the girls' are attending the Business and Professional Women's dinner this evening for which they all received invitations in the mail earlier this month. This is also an annual affair for graduating senior girls from the basin high schools.

This weekend has certainly been a busy one for many of our students. Youth Model Legislature DeMoley convales here, Jobs' Daughters State Session in Roseburg, Hayward relays in Eugene, Club "52" Saturday night and a teenage dance Friday night sponsored by the new MCA. A series of activities which kept many "on the go."

Chess Club members are reminded of an important regular meeting tonight in the school cafeteria. The club is making plans for their spring activity and project. Election of officers is held in the spring for the ensuing year.

College Choir Coming Here

The College of Puget Sound Adelphean Concert choir will offer operettas, secular and sacred music when it appears in concert at 8 p.m. Wednesday in the First Methodist church here.

Director Clyde Keutzer will present 40 mixed voices in a well-rounded program.

Seven solists will be featured. A coed and collection duet, a grand quartet and trio are part of the road bill. The Adelpheans have included in the 18-day tour down the coast:

The operetta, "The Telephone," by Menotti and the comic opera, "The Salem Witch," by Gordon Epperson and Leroy Ostransky are two "specials" on the touring program.

Folk numbers the choir will sing include "Enter Your Garden," "The Piddler," "Hos Sad Flow," "The Streams," "At Night," "By Bend-emeer's Stream," "Ring Days," "Poor Wayfarin' Stranger," "Oh Dear! What Can The Matter Be?" "Kise Su' Kravy Moje."

To round out the program, Director Keutzer added these sacred numbers: "All Hail the Power of Jesus Name," "Jesu, Priest of Treasure," "Alleluia! We Sing With Joy."

Two spirituals, "Deep River," "Rock-a My Soul," will be sung by the a cappella choir, considered one of the best in the nation.

"Nocturne" and "The Sledge Bell" will complete the Adelphean program.

Tickets may be purchased at the concert-hall entrance on the night of the program.

Ellsworth Asks HST Impeachment

WASHINGTON — Rep. Harris Ellsworth (R-Ore.), declaring that President Truman is "drunk with power," has demanded his impeachment.

In a radio broadcast Ellsworth said the President's "unauthorized seizure of the steel industry was apparently not the flexing of his muscles. He seems to have visions of bigger and better control. He has just told a gathering of newspaper editors that he is prepared also to seize newspapers and radio stations if he thinks it is necessary."

Ellsworth was referring to a recent press conference in which the President said he could seize newspapers under the same constitutional authority which permitted him to seize the strike-threatened steel industry.

Lava Beds Made Ready For New Tourist Season

Spring work is moving ahead at the Lava Beds National Monument in preparation for the coming tourist season.

Ranger Ray Knox is remodeling the museum at headquarters and expects to have one of the finest exhibits to be found in an institution of the size of the historic national monument.

A recent heavy wind ripped the metal roof of the Schonchin Butte lookout, and a new roof is being installed.

The road from the main road to the Merrill ice vac has been widened and graveled, and the north

portion of the monument may be sprayed to kill grasshoppers.

This week all of the trails and the camp grounds area were sprayed to kill off early grass and weeds, an experiment in fire prevention to remove grass from the dangerous areas. Trails can be used as fire breaks.

The Indian Well camp ground has been put in shape for picnics and has already been used for a Fremont school picnic.

Preparations are being made for repair of the main road leading from the northwest entrance to headquarters at Indian Well. Portions of the oiled road were badly damaged during the winter. Much of it is to be re-oiled.

With the melting of snow, the approximately 4,000 deer that wintered in the area, are moving back onto summer range. Rangers report that so far only one dead deer has been found.

Wreck Victim's Body Found

GRANTS PASS — William Bernard Barton Jr., 22, Grants Pass, was found dead near north wrecked automobile 12 miles north of here Sunday.

Coroner Virgil Hull said he had been dead 24 hours. State police reported that Barton's car crashed through a guard rail on the four-lane Pacific Highway near the summit of Mt. Sexton and rolled 300 feet down an embankment.

FERRY SINKS

HAMBURG, Germany — A Hamburg ferry rammed dock pilings as it came into its slip Monday and sank, but all 141 persons aboard escaped death and serious injury.

Historic Atomic Smoke Jump Scheduled Tuesday

By BILL BECKER

ATOMIC BOMB SITE, Nev. — History's first atomic smoke jumpers, with one eye on the weather, made final preparations Monday for their spectacular part in Exercise Desert Rock IV.

Scientists' and military men promised to provide a nuclear test guaranteed to furnish thrills for more than 300 invited observers Tuesday — if murky clouds and tricky winds will dissipate.

The maneuver against "enemy" positions behind imaginary hills on Yucca Flat will involve an atom bomb drop of more than ordinary proportions between 9 and 10 a.m.

Police Check Petty Thefts

Several petty thefts were reported to City Police over the weekend.

Three teen-aged boys questioned about Saturday midnight in regard to a car prowl in the Elks Club parking lot admitted stealing a pair of trousers, a flashlight, sun glasses and half a pint of whiskey.

Five boys were questioned, and three ordered to report to the Juvenile Office today.

Norman Bertram of Frazer, Ore., reported his suitcase stolen at the Southern Pacific depot Sunday morning. He valued the valise and contents at about \$60.

V. C. Fahlgreen, 1819 Oregon, reported a cigaret lighter taken from the glove compartment of his car parked on Klamath Saturday night.

2 Youths Die In Collision

GRESHAM — A motorcycle collided with three cars on the Columbia River Highway cutoff Sunday, killing two Gresham youths.

Dead were Grover Ronald Currier, 18, and George David Lund, 17.

Currier was driver of the motorcycle which ran into the rear end of a truck and then bounced into two oncoming cars, sheriff's deputies said.

The driver of the truck left the scene before police arrived.

examined afterward to determine the effects of the thrust, heat and radiation of the bomb.

Press and civilian defense observers will have a grandstand seat eleven miles from ground zero on Nevada, the natural promontory just in front of the control building.

Before ground troops advance paratrooper jump, radiological safety monitors will move into ground zero with ion chambers and Geiger counters to make sure that it is safe to occupy. This may be an hour after the detonation.

Brig. Gen. Harry P. Storke, who plans to be in a front-line foxhole, says the maneuver — besides its tactical aspect — also seeks to brace the morale of the atomic GI's and show what equipment can take in a nuclear blast.

SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler **POWER STEERING** plus Chrysler **POWER BRAKES**

At the wheel of a new Chrysler, you have quicker, surer, control of motion than you've ever had in a car. You can't imagine what it's like till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel! You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile... with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!
