## It Happened This Way In New Pine Creek

By IRVIN FARIS

Last Monday when Old Man North Wind flung his dreaded rebuttal in the face of Spring, his chilled breath came down your collar, up your sleeves and across your ankles—tending to confuse even the most resolute that Spring is actually here!

Sure enough—by popular acclamation—last week was Spring Inspection Week when everyone who could, just had to get outside—to scrutinize the first buds—the peeping Toms about the garden and thus thoroughly enjoyed the thimble. It was alluringly warm and nice you could just feel that all living things were in unison.

But in the wake of this first burst of Spring, ironically comes the North Wind and a harvest of colds, to vary in a teasy way that Spring is really here.

On Saturday was a gambol quite well attended. It was both lucrative for the vets and a funfest for all! The exact amount of the returns was not reported but the dance ticket sales alone were expected to exceed \$263 as that much had been netted with still some outstanding ticket sales to be collected. Then there was the supper yet to be included in the net total. All in all it was a pronounced success. The boys deserved it and the public didn't let 'em down.

The East Side Grange is holding its monthly benefit dance this Saturday night, April 12. The chairman of the dance committee in charge is Harvey Sanders, assisted by Lee Hansen and Grange Master John Richardson. Opal Fitzgerald's four piece orchestra has been engaged to furnish the music.

Several people regretted not having been able to attend the Grange meeting last Saturday evening due to her engagements. It is lamented that there were scarcely enough present to fill the chairs. The Vet's dance having been advertised for over a month in advance, it was hoped by their committeemen that nothing special would have been planned in conflict for that night. As it turned out many members missed the special program put on by a group of 4H boys and girls brought down from Lakeview by their leader, Lee Hansen which was quite worthwhile.

Included in the program was some moving pictures shown by M. Hansen in connection with what is being done on the farms with reference to foreign exchange employment. This program is designed

to acquaint nationals of different countries with the various ways and problems that exist in each country.

If more Grangers could have been present at the meeting perhaps more than \$12 could have been raised to help send another person abroad as an exchange worker.

The Home Economics Club held its regular meeting Thursday, April 3, with 17 members and six children present. Mrs. Lillian Reid, Mrs. Hazel Van Cleave and Mrs. Erbe Mulkey received their hostesses gifts. Plans for a cooked food sale to be held at the Grange Hall on the afternoon of Saturday, April 19, were discussed. The Club also plans to present a program at the regular grange meeting on that night.

Mrs. Frankie Williams won the penny auction with the help of her granddaughter, Kathy Butler. President Vera Mulkey was again able to take her place as chairman of the meeting after a siege of pneumonia. Mrs. Jackie O'Neil and Mrs. Allie Hammersley have recuperated sufficiently to be out after being quite sick. All three have, for the recent past, been hospital patients. The next meeting will be April 16. Mrs. Thelma Butler will be the hostess.

Mrs. Clara Cloud left last Friday morning with Mr. and Mrs. Claude Newcombe, of Lakeview, for an extended trip to Eugene and on up to Vancouver, Wash., and down the coast. Then they will come back up to Redding where they plan to visit a while. In Eugene they picked up Mr. and Mrs. M. M. Morton and son, Jimmy. On April 6 they were in Vancouver.

A first aid class will be conducted in the community in the near future when sufficient interest has been shown and at least 25 persons have signed up for the class.

Everyone, men and all, should take this course, according to Alfred Getty, of Lakeview, who spoke in the Grange meeting last Saturday evening, keeping the formation of a class in this community uppermost in mind. It is definitely a community project and a worthy one.

"Those taking the course can benefit from it," Mr. Getty said, "no matter what your occupation may be—on the farm, at the mill, about the home—and it will especially help for civil defense."

# Chinese Denounce Reds Then Take Suicide Leap

By FRED HAMPSON

HONG KONG (AP)—After denouncing Communism to a stunned crowd, two Chinese business men jumped to their deaths from a Canton rooftop.

Independent Chinese newspapers here told of the incident Monday in recounting a wave of suicides in Canton over blooded April 14.

At least 17 shopkeepers, merchants and managers died by their own hands that day.

All were caught in the "five anti" campaign—the drive to eliminate merchants, industrialists and businessmen by getting their employees to denounce them for various real or fancied crimes.

The accusations, usually trumped up, may be made in public by anonymous letter or in secret sessions.

Those accused are so closely watched that they have no hope of escaping the city.

The managers of the Chong Yung Construction Company of Yi Tak Road West, and of the Yangtze Trading Company of Yi Tak Road Central bowed out with defiance.

Warned that security police were enroute to arrest them for failure to confess their alleged crimes, they climbed to the roof of the Yangtze Trading Company and locked an iron gate behind them.

Through megaphones they began denouncing the Communists. They shouted that their workers had

## Bullet Parts Pilot's Hair

TOKYO (AP)—A Communist bullet parted the hair of a downed U. S. jet pilot Monday as he scrambled into a rescue helicopter.

Far East Air Forces Headquarters said the pilot spent Sunday night in enemy territory after his F-80 Shooting Star jet was damaged by ground fire and he was forced to bail out.

Monday a helicopter piloted by Capt. Gail W. Poulton, Twin Falls, Idaho, reached him as Communist troops opened fire. Several bullets hit the aircraft. One bullet grazed the head of the F-80 pilot, leaving a long red welt.

The Air Force withheld his name.

Poulton piloted the damaged helicopter to friendly lines with considerable difficulty.

## FORT KLAMATH

By MYRTLE WIMER

Friends will be glad to learn of great recent improvement in the condition of Lyle Wise, son of Mr. and Mrs. Walter Wise of the Hawkins Cattle Co., now at Hollister, Calif. His son has spent the past eight months in the hospital as a result of an accident at Santa Monica while surf diving last summer which left him completely paralyzed. According to advice received here, the paralysis is gradually leaving his body, and doctors are holding out hope for his ultimate complete recovery. He is at the Veterans' Hospital at Long Beach, Calif.

Accompanied by their instructor, Donald Simpson, the Chemistry class of Chiloquin high school enjoyed a trip over the weekend which took them to Corvallis and Eugene, where they visited Oregon State College and the University of Oregon, leaving here Friday morning and returning Saturday evening. Fort Klamath students make the trip included JoAnn Sisemore, Billy Vaden and Billy Nicholson.
