Stocks

NEW YORK — Outstanding strength in a few railroad issues featured an otherwise sagging stock market Tuesday. The market dropped around mid-day and then recovered a good portion of its loss.

At the bottom of the slide the market was off from fractions to between 1 and 2 points, in active areas with a few drooping below that outside range.

The later recovery, however, found the downside range, with some exceptions, cut off at around a point.

Volume expanded somewhat to an estimated 1,300,000 shares.

CHICAGO — Feed grains and soybeans were weak Tuesday at the board of trade, and wheat failed to make much progress after some opening buying traced to export interests.

Good seeding and germination weather was general over the farm area, and there was no confirmed export business. The light flour dried up today.

Many traders took to the sidelines today to await the announcement of mid-April parity prices to be announced after today's close.

At the finish wheat was 1/2 to 1 cent lower than Monday's close. May \$2.43-42 1/2. Corn was 1/2 to 1/4 lower. May \$1.79 1/2-1. Oats were 1/2 to 1/4 lower. May 77 1/2 to 1. Rye was 1 cent to 3/4 lower. May \$1.86 1/2 to 1. Soybeans were 1/2 to 2 cents lower. May \$2.88 3/4 to .89, and lard was 10 to 30 cents a hundredweight lower. May \$10.67.

General Clark Faces Trouble

WASHINGTON — Gen. Matthew Ridgway's appointment to succeed Gen. Dwight Eisenhower, drew mostly applause Tuesday, but Gen. Mark Clark, who gets Ridgway's old command, faced criticism in Congress.

In the Pentagon, the top-level reassignments, Ridgway from Far East commander to head of Allied forces in Europe, and Clark from chief of Army field forces to Far East commander — were viewed by some officials as:

1. Results of a decision by President Truman to side with Gen. Omar Bradley instead of Eisenhower in choosing the new commander of the North Atlantic Treaty Organization (NATO) forces.
2. Rewards to both Ridgway and Clark for past jobs well done.

The criticism of Clark came from Sen. Long (D-La.), a member of the Armed Services Committee. He told a reporter he wants to review previous congressional investigations of Clark's World War II record and may ask for a new inquiry.

Clark's crossing of the Rapido River during the Italian campaign has been under previous congressional fire. Bitter criticism of the

Mother, Baby Survive Plunge

PORTLAND — A mother kissed her month-old baby then threw her from the Burnside Bridge into the Willamette River Monday evening. The mother jumped a moment later in a suicide attempt. Both were rescued, though, and the mother was charged with assault with attempt to kill.

A passing tugboat crew took them from the river, and Tuesday morning St. Vincent's hospital reported both in good condition.

There was a police guard at the bedside of the mother, Mrs. Beatrice French, 34.

Police said the mother refused to talk. She said she didn't want her husband to know. Finally, she said the baby, a girl, was suffering from a blood disease.

A witness told police of seeing Mrs. French kiss the infant before throwing her over the bridge railing into the water, 50 feet below.

Parolee Jailed By Judge

Sylvester Smith, 46, of Bonanza, is getting to be a steady customer at the County Jail.

Smith was returned to the County's lockup Monday afternoon after release from City Jail on serving time on a drunk conviction.

Smith's stay in the city jail resulted in revocation of parole given him March 11 by District Court after serving 81 days on conviction of a non-sufficient funds check count, Judge M. A. Carter ordered Smith to serve the remaining time of his parole, 100 days.

under irrigation and lands to be irrigated in the near future.

As for the water users eventually taking over the works and functions of the Klamath Reclamation Project, something that is possible but not probable in the near future, Boke said it is the policy of the Bureau to encourage that whenever possible and that he'd offer the Klamath Project to the local water users right now if they want to run it.

PAY-OUTS
Irrigation districts on the project now are in various stages of paying out their determined share of construction costs, but one, the Klamath Irrigation District, has never undertaken its own operation, preferring rather to let the Bureau do it.

The future of irrigation in the Klamath Basin largely depends on what the people want and can pay for, the discussion developed. But the basic aim of the Bureau of Reclamation's endeavors will be in Boke's words—to take care of the home folks first.

PLAYOFF FATE TO BE VOTED
The place of championship playoffs in all Oregon high school athletic activities will receive a vote of the public in the near future.

Board members of Klamath School District No. 2 (high school) Monday night received ballots to voice their vote on the situation.

Klamath Schools Superintendent Arnold Grapp said Oregon school officials want to find out through this vote if the championship events are becoming too big and costing the tax payers too much money.

The poll is being taken on a statewide basis to find what the future status of championship events will be and how the Oregon Schools Activities Association will be financed if playoffs are curtailed. The association is now financed through funds received from the events.

Other school board business set dates for high school and junior high commencements.

Baccalaureate services for high school will be held May 25 with commencement exercises on May 28. Junior high commencement is to be May 27.

There were no staff changes announced for the high school.

In the elementary system Mrs. Harriet Muller, in charge of vocal music for the junior high schools and supervisor of music in elementary schools has been named to the post of music consultant in the Tucson, Ariz., school system. Mrs. Lois Lind, seventh grade teacher at Pelican School is transferring to the public school system at Palo Alto, Calif.

Mrs. May Nicholson has requested release from teaching first and second grade at Joseph Conger School and her place will be taken by Mrs. Louise Starosciak.

The Oregon High Schools Activities insurance plan, to cover athletes and students in school was submitted to the board for consideration.

The board announced bids would be left for liability insurance, fire and theft, covering automotive insurance.

Board Clerk Harold Ashley was given permission to attend a school bus conference at Salem, May 17, at request of the secretary of state, to discuss regulations covering school bus construction.
